SUPPLEMENTARY INFORMATION:

Title: 7 CFR part 210, National School Lunch Program.

Forms: FNS-640, FNS-66, FNS-66A, and FNS-828.

OMB Control Number: 0584-0006.

Expiration Date: February 29, 2016.

Type of Request: Revision of a currently approved collection.

Abstract: The Richard B. Russell National School Lunch Act (NSLA), as amended, authorizes the National School Lunch Program (NSLP) to safeguard the health and well-being of the nation's children and provide free or reduced price school lunches to qualified students through subsidies to schools. The United States Department of Agriculture (USDA) provides States with general and special cash assistance and donations of foods to assist schools in serving nutritious lunches to children each school day. Participating schools must serve lunches that are nutritionally adequate and maintain menu and food production records and the latest nutritional analysis to demonstrate compliance with the meal requirements.

Section 10 of the Child Nutrition Act of 1966 (42 U.S.C. 1779) requires the Secretary of Agriculture to prescribe such regulations as deemed necessary to carry out this Act and the NSLA (42 U.S.C. 1751 *et seq.*). Pursuant to that provision, the Secretary has issued 7

CFR part 210, which sets forth policies and procedures for the administration and operation of the NSLP. The Program is administered at the State and school food authority (SFA) levels and operations include the submission of applications and agreements, submission of the number of meals served and payment of claims, submission of data from required monitoring reviews conducted by the State agency, and maintenance of records. State and local operators of the NSLP are required to meet Federal reporting and accountability requirements and are also required to maintain records that include school food service accounts of revenues and expenditures.

In addition, FNS collects program data from the State agencies on Forms FNS-10, Report of School Operations; FNS-13, Annual Report of State Revenue Matching; and FNS-777, Financial Status Report. These forms are approved under OMB Control # 0584-0594, Food Program Reporting System (FPRS), which expires June 30, 2017. The reporting burden associated with these reports is covered under #0584-0594 and is not associated with this information collection. However, the recordkeeping burden is still maintained in this collection.

The reporting and recordkeeping burden associated with this revision is decreased from 11,337,788 to 9,871,395 hours. This change is mainly due to adjustments, the majority of which is the removal of duplicate burden, removal of burden that occurs only once, burden changes for an increase in schools participating in the Program and a decrease in number of School Food Authorities operating the Program, and other program changes.

This information collection is required to administer and operate this program in accordance with the NSLA. All of the reporting and recordkeeping requirements associated with the NSLP are currently approved by the Office of Management and Budget and are in force. This is a revision of the currently approved information collection.
