Request for Comments

In accordance with the requirements
in 33 CFR 127.009, the U.S. Coast Guard
Captain of the Port (COTP) Providence
is preparing a Letter of
Recommendation as to the suitability of
the Narragansett Bay waterways for
liquefied natural gas (LNG) marine
traffic. The Letter of Recommendation
will be issued in response to a Letter of
Intent to operate a LNG facility at
Weaver's Cove, Fall River,
Massachusetts. On September 1, 2004,
the COTP Providence published a
Federal Register notice seeking
comments on the suitability of
Narragansett Bay and the Taunton River
to accommodate LNG marine traffic.
(See the **Federal Register**, Vol. 69, No.
169, Wednesday, September 1, 2004,
pages 53455-53457.) A total of 43
public comments were received by the
November 1, 2004, deadline, and nearly
all of them requested that the Coast
Guard hold a public meeting.
Consequently, the Coast Guard will
sponsor a public hearing at the time and
place described in the *Public Meeting*
paragraph below. Additionally, the
Coast Guard is reopening the public
comment period an additional 60 days.

We encourage you to submit
comments and related material
pertaining specifically to the maritime
operation and waterways management
aspects of the proposed LNG facility. If
you do so, please include your name
and address, identify the docket number
for this rulemaking (CGD01-04-093),
and give the reason for each comment.
You may submit your comments and
material by mail, hand delivery, fax, or
electronic means to the project officer at
the addresses or phone numbers listed
under **FOR FURTHER INFORMATION**
CONTACT, but please submit your
comments and material by only one
means. If you submit them by mail or
hand delivery, submit them in an
unbound format, no larger than 8½ by
11 inches, suitable for copying and
electronic filing. If you submit them by
mail and would like to know that they
reached U.S. Coast Guard Marine Safety
Office Providence, please enclose a
stamped, self-addressed postcard or
envelope. We will consider all
comments and material received during
the comment period. The
recommendation made by this office
may be affected by comments received.
Comments received after the original
closing date of November 1, 2004, but
before the new comment period, will be
considered timely.
