

Exclusions from Increment Consumption; Rule 5.6, *Applicability*; and Rule 5.7, *Public Participation*, all of which are State effective on February 22, 2024. EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 4 office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

VI. Proposed Action

EPA is proposing to approve changes to 11 MAC Part 2, Chapter 2, Rule 2.5B(1) and B(2), *Application Review*; 11 MAC, Part 2, Chapter 5, Rule 5.1, *Purpose of this regulation*; Rule 5.2, *Adoption of Federal Rules by Reference*; Rule 5.3, *Definition of term “Administrator”*; Rule 5.4, *Adoption of Federal Rules for Exclusions from Increment Consumption*; Rule 5.6 *Applicability*; and Rule 5.7, *Public Participation*. In addition, EPA is proposing to convert the conditional approval of the portions of the 2015 8-hour ozone NAAQS iSIP that address the PSD related requirements of CAA sections 110(a)(2)(C), 110(a)(2)(D)(i)(II) (prong 3), and 110(a)(2)(J), and the modeling requirements of 110(a)(2)(K) to a full approval.

VII. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. See 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve State choices, provided that they meet the criteria of the CAA. Accordingly, this proposed action merely proposes to approve State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this proposed action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 14094 (88 FR 21879, April 11, 2023);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely

affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because it approves a State program;
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001); and
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA.

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian Tribe has demonstrated that a Tribe has jurisdiction. In those areas of Indian country, the proposed rule does not have Tribal implications and will not impose substantial direct costs on Tribal governments or preempt Tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Executive Order 12898 (Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, 59 FR 7629, Feb. 16, 1994) directs Federal agencies to identify and address “disproportionately high and adverse human health or environmental effects” of their actions on minority populations and low-income populations to the greatest extent practicable and permitted by law. EPA defines environmental justice (EJ) as “the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies.” EPA further defines the term fair treatment to mean that “no group of people should bear a disproportionate burden of environmental harms and risks, including those resulting from the negative environmental consequences of industrial, governmental, and commercial operations or programs and policies.”

MDEQ did not evaluate EJ considerations as part of its SIP submittal; the CAA and applicable implementing regulations neither prohibit nor require such an evaluation. EPA did not perform an EJ analysis and did not consider EJ in this proposed action. Due to the nature of the action being proposed here, this proposed action is expected to have a neutral to positive impact on the air quality of the

affected area. Consideration of EJ is not required as part of this proposed action, and there is no information in the record inconsistent with the stated goal of E.O. 12898 of achieving EJ for communities with EJ concerns.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: September 11, 2024.

Jeananne Gettle,

Acting Regional Administrator, Region 4.

40 CFR Part 52

[EPA–R03–OAR–2023–0301; FRL–10191–03–R3]

Approval and Promulgation of Air Quality Implementation Plans; Delaware; Regional Haze State Implementation Plan for the Second Implementation Period; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; extension of comment period.

SUMMARY: The Environmental Protection Agency (EPA) is extending the comment period for a proposed rule that published August 19, 2024. The current comment period for the proposed rule was scheduled to close on September 18, 2024. The EPA is extending the comment period for the proposed action to September 23, 2024.

DATES: The comment period for the proposed rule published on August 19, 2024, at 89 FR 67018 is extended. Comments must be received on or before September 23, 2024.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R03–OAR–2023–0301 at www.regulations.gov. Additional instructions to comment can be found in the notice of proposed rulemaking published August 19, 2024, at 89 FR 67018.

FOR FURTHER INFORMATION CONTACT: Adam Yarina, U.S. Environmental Protection Agency, Air & Radiation Division, U.S. Environmental Protection Agency, Region III, Four Penn Center,

1600 John F Kennedy Boulevard,
Philadelphia, Pennsylvania 19103. The
telephone number is (215) 814–2108.
Mr. Yarina can also be reached via
electronic mail at yarina.adam@epa.gov.

SUPPLEMENTARY INFORMATION: On August
19, 2024, the EPA published the
proposed rule “Approval and

Promulgation of Air Quality
Implementation Plans; Delaware;
Regional Haze State Implementation
Plan for the Second Implementation
Period” in the **Federal Register** (89 FR
67018). This action extends the
comment period to give stakeholders
additional time to review materials and

prepare comments; therefore, EPA is
extending the comment period to be
received by September 23, 2024.

Adam Ortiz,

Regional Administrator, Region III.
