

further advice by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the countervailable subsidy rate for the subject merchandise.

On or after the date of publication of this notice in the **Federal Register**, U.S. Customs officers must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the countervailable subsidy rate noted below. In accordance with section 777A(e)(2)(B) of the Act, we have calculated an aggregate or industry-wide rate for all of the producers/exporters of honey under investigation. We have determined that the total estimated countervailable subsidy rate is 4.53 percent *ad valorem*. However, due to a program-wide change, we have established a cash deposit rate of 5.85 percent *ad valorem* in accordance with section 351.526(a) of the Department's regulations.

This notice constitutes the countervailing duty order with respect to honey from Argentina pursuant to section 706(a) of the Act. Interested parties may contact the Central Records Unit, for an updated list of countervailing duty orders currently in effect.

This countervailing duty order is published in accordance with section 706(a) of the Act and 19 CFR 351.211.

Dated: November 28, 2001.

Richard W. Moreland,

Acting Assistant Secretary, for Import Administration.

[C-437-805]

Sulfanilic Acid From Hungary: Postponement of Preliminary Determination of Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of postponement of preliminary determination.

SUMMARY: The Department of Commerce is postponing the preliminary determination of the countervailing duty investigation of sulfanilic acid from Hungary. This postponement is made pursuant to section 703(c) of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act.

EFFECTIVE DATE: December 10, 2001.

FOR FURTHER INFORMATION CONTACT:

Melani Miller at (202) 482-0116, Office of AD/CVD Enforcement I, Group I, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW., Washington, DC 20230.

Postponement of Preliminary Determination

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act. All citations to the Department of Commerce's ("the Department") regulations are to 19 CFR Part 351 (2001).

Statutory Time Limits

Section 703(b)(1) of the Act, requires the Department to make a preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiates an investigation. However, if the Department concludes that the parties concerned are cooperating and determines pursuant to section 703(c) of the Act that the case is extraordinarily complicated and additional time is necessary to make the preliminary determination, according to section 703(c) of the Act, the Department may postpone making the preliminary determination until no later than 130 days after the date of initiation of the investigation.

Background

On October 18, 2001, the Department initiated the countervailing duty investigation of sulfanilic acid from Hungary. See Notice of Initiation of Countervailing Duty Investigation: Sulfanilic Acid from Hungary, 66 FR 54229 (October 26, 2001). Currently, the preliminary determination must be issued by December 24, 2001.

Postponement of Preliminary Determination

Because of the complexity of certain issues in this investigation (e.g., change in ownership and privatization and new subsidy allegations), it is not practicable to complete the preliminary determination within the original time limit. See December 4, 2001 memorandum to Richard W. Moreland, "Extension of Time Limit for the Preliminary Determination: Countervailing Duty Investigation of

Sulfanilic Acid from Hungary."

Therefore, pursuant to 703(c) of the Act and 19 CFR 351.205(b)(2), the Department is postponing the preliminary determination until no later than February 25, 2002.

We are issuing and publishing this notice in accordance with sections 703(c)(2) and 777(i)(1) of the Act.

Dated: December 4, 2001.

Bernard T. Carreau.

Acting Assistant Secretary, for Import Administration.

DEPARTMENT OF COMMERCE

Minority Business Development Agency

[Docket No. 000724217-1278-04]

Amendment to Selection Procedures To Include Site Visits

AGENCY: Minority Business Development Agency, Commerce.

ACTION: Notice.

SUMMARY: This notice announces the Minority Business Development Agency's (MBDA) amendment of prior **Federal Register** notices published by MBDA that identified selection procedures for MBDA's Minority Business Development Center Program and its Native American Business Development Center Program. MBDA amends the selection procedures to provide that the National Director or his designee reserves the right to conduct a site visit to the location of qualified applicants receiving an average of at least 70% of the total points available for all four evaluation criterion.

DATES: December 10, 2001.

FOR FURTHER INFORMATION CONTACT: Ms. Juanita E. Berry at (202) 482-3262.

SUPPLEMENTARY INFORMATION: Under Executive Order 11625, MBDA provides business development services to persons who are members of groups determined by the U. S. Department of Commerce to be socially or economically disadvantaged, and to business concerns owned and controlled by such individuals.

MBDA has determined that site visits to qualified applicants would support MBDA's selection and would confirm the applicant's stated ability to best fulfill MBDA's Funding Priorities, particularly identifying and working to meet the needs of minority businesses seeking to obtain large-scale contracts with institutional customers, as set out
