

the authority to confirm, approve, and place such rates into effect on an interim basis to the Assistant Secretary for Electricity. By Redelegation Order No.00–002.10–05, effective July 8, 2020, the Assistant Secretary for Electricity further redelegated the authority to confirm, approve, and place such rates into effect on an interim basis to WAPA's Administrator. This redelegation order, despite predating the December 2021 and March 2022 delegations, remains valid.

Availability of Information

All brochures, studies, comments, letters, memorandums, or other documents that UGP initiates or uses to develop the proposed formula rates will be available for inspection and copying at the Upper Great Plains Regional Office, located at 2900 4th Avenue North, 6th Floor, Billings, Montana. Many of these documents and supporting information are also available on UGP's website at: www.wapa.gov/regions/UGP/rates/Pages/2023-firm-rate-adjustment.aspx.

Ratemaking Procedure Requirements Environmental Compliance

WAPA is in the process of determining whether an environmental assessment or an environmental impact statement should be prepared or if this action can be categorically excluded from those requirements.⁴

Determination Under Executive Order 12866

WAPA has an exemption from centralized regulatory review under Executive Order 12866; accordingly, no clearance of this notice by the Office of Management and Budget is required.

Signing Authority

This document of the Department of Energy was signed on May 4, 2022, by Tracey A. LeBeau, Administrator, Western Area Power Administration, pursuant to delegated authority from the Secretary of Energy. That document, with the original signature and date, is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This

administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on May 18, 2022.

Treena V. Garrett,

*Federal Register Liaison Officer, U.S.
Department of Energy.*

BILLING CODE 6450–01–P

ENVIRONMENTAL PROTECTION AGENCY

[FRL–9795–01–OECA]

NPDES Electronic Reporting Rule Implementation: Notice of Initial Recipient Designation for Oregon Department of Environmental Quality

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of approval.

SUMMARY: This **Federal Register** document provides notice of the U.S. Environmental Protection Agency's (EPA) approval of the Oregon Department of Environmental Quality as the initial recipient for electronic data reporting under the NPDES Electronic Reporting Rule ("NPDES eRule"), effective December 6, 2021, for all National Pollutant Discharge Elimination System (NPDES) data groups except for "No. 4—Sewage Sludge/Biosolids Annual Program Reports." Oregon Department of Environmental Quality cannot be the initial recipient for this data group as EPA is the authorized NPDES program for the Federal biosolids program.

DATES: This approval was effective December 6, 2021.

FOR FURTHER INFORMATION CONTACT: For additional information, please contact Mr. Carey A. Johnston, Office of Compliance (mail code 2222A), Environmental Protection Agency, 1200 Pennsylvania Avenue, NW, Washington, DC, 20460; email address: johnston.carey@epa.gov.

SUPPLEMENTARY INFORMATION: The U.S. Environmental Protection Agency (EPA) promulgated the NPDES Electronic Reporting Rule ("NPDES eRule") in 2015 to modernize Clean Water Act reporting for municipalities, industries, and other facilities by converting to an electronic data reporting system (see 22 October 2015; 80 FR 64064). The NPDES eRule requires regulated entities and state and Federal regulators to use existing, available information technology to electronically report data required by the National Pollutant

Discharge Elimination System (NPDES) permit program instead of filing written paper reports. EPA amended this rule in 2020 to provide itself and states with more time to develop and deploy electronic reporting tools (see 2 November 2020; 85 FR 69189).

This switch from paper to electronic reporting saves time and resources for permittees, states, tribes, territories, and the U.S. Government while increasing data accuracy, improving compliance, and supporting EPA's goal of providing better protection of the Nation's waters. The NPDES eRule helps provide greater clarity on who is and who is not in compliance and enhances transparency by providing a timelier, complete, more accurate, and nationally-consistent set of data about the NPDES program.

The NPDES eRule requires each authorized NPDES program to decide whether to use EPA's electronic reporting tools or to use their own electronic reporting tools.¹ Authorized states can make this decision or defer this decision to EPA. The governmental entity, either the state or EPA, that makes this decision is the "initial recipient." The NPDES eRule requires EPA to publish on its website and in the **Federal Register** a listing of the initial recipients for electronic NPDES information from NPDES-regulated facilities by state, tribe, and territory and by NPDES data group. EPA published this initial listing on September 9, 2016 (see 81 FR 62395). The NPDES eRule also requires EPA to publish on its website and in the **Federal Register** a revised listing of initial recipients upon specified changes to the list of initial recipients (see 40 CFR 127.27(c)–(f)).

The NPDES eRule allows an authorized NPDES program to seek EPA approval to change the initial recipient status for one or all of the NPDES data groups from EPA to the authorized NPDES program. 40 CFR 127.27(e). To make this switch, the authorized NPDES program must send a request to EPA. This request must identify the specific NPDES data groups for which the authorized NPDES program would like to be the initial recipient of electronic NPDES information, a description of how its data system will be compliant with the NPDES eRule and the Cross-Media Electronic Reporting Rule (CROMERR) (40 CFR part 3), and the date or dates when the authorized NPDES program will be ready to start receiving this information. The Oregon

⁴ In compliance with the National Environmental Policy Act (NEPA) of 1969, as amended, 42 U.S.C. 4321–4347; the Council on Environmental Quality Regulations for implementing NEPA (40 CFR parts 1500–1508); and DOE NEPA Implementing Procedures and Guidelines (10 CFR part 1021).

¹ EPA authorized Oregon to administer the NPDES program on September 26, 1973. See EPA website, "NPDES State Program Authority," at <https://www.epa.gov/npdes/npdes-state-program-authority>.

Department of Environmental Quality (hereinafter Oregon DEQ) sent EPA such a request on September 23, 2020.²

Oregon DEQ noted in its letter to EPA that it will be using an Environmental Data Management System, which is produced by enfoTech, Inc., for all of its NPDES program data. Oregon DEQ plans to start using this new system in 2022 and will only put this system into full operation after it receives EPA's CROMERR approval.³ Oregon DEQ stated that this new system will be implemented in stages and that each

stage will include rigorous testing. Finally, Oregon DEQ confirmed that its new system will collect and share the minimum set of NPDES program data in accordance with the NPDES eRule data sharing standards (see subpart B, 40 CFR part 127).

EPA has completed its review of Oregon DEQ's request and, on December 6, 2021, approved Oregon DEQ as the "Initial Recipient" for all NPDES data groups except for "No. 4—Sewage Sludge/Biosolids Annual Program Reports" (see Table 1, appendix A to 40

CFR part 127). Oregon DEQ cannot be the initial recipient for this data group as EPA is the authorized NPDES program for the Federal biosolids program (40 CFR part 503). The effective date for this new status is December 6, 2021.⁴ In accordance with the NPDES eRule, EPA is publishing the notice of this switch on its website and in the **Federal Register**. The following is the updated list of states that have elected for EPA to be the initial recipient for one or more NPDES data groups.

State	State elected for EPA to be initial recipient for general permit reports (NPDES data group No. 2)	State elected for EPA to be initial recipient for discharge monitoring reports (DMRs) (NPDES data group No. 3)	State elected for EPA to be initial recipient for program reports (NPDES data group Nos. 4 through 10)
Georgia	Yes (All)	Yes	Yes (All).
Nebraska	Yes (All)	Yes	Yes (All).
New Jersey	No	No	Yes (only for Concentrated Animal Feeding Operation (CAFO) Annual Program Report).
North Carolina	Yes (only for Low Erosivity Waivers and No Exposure Certifications).	No	No.
Rhode Island	Yes (All)	Yes	Yes (All).

Dated: May 19, 2022.

John Dombrowski,

Director, Office of Compliance, Office of Enforcement and Compliance Assurance.

Certain New Chemicals; Receipt and Status Information for April 2022

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is required under the Toxic Substances Control Act (TSCA), as amended by the Frank R. Lautenberg Chemical Safety for the 21st Century Act, to make information publicly available and to publish information in the **Federal Register** pertaining to submissions under TSCA Section 5, including notice of receipt of a Premanufacture notice (PMN), Significant New Use Notice (SNUN) or Microbial Commercial Activity Notice

(MCAN), including an amended notice or test information; an exemption application (Biotech exemption); an application for a test marketing exemption (TME), both pending and/or concluded; a notice of commencement (NOC) of manufacture (including import) for new chemical substances; and a periodic status report on new chemical substances that are currently under EPA review or have recently concluded review. This document covers the period from 04/01/2022 to 04/30/2022.

DATES: Comments identified by the specific case number provided in this document must be received on or before June 24, 2022.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2022-0132, and the specific case number for the chemical substance related to your comment, by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI)

or other information whose disclosure is restricted by statute.

- **Mail:** Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.

- **Hand Delivery:** To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

Due to the public health concerns related to COVID-19, the EPA Docket Center (EPA/DC) and Reading Room is closed to visitors with limited exceptions. The staff continues to provide remote customer service via email, phone, and webform. For the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For technical information contact: Jim Rahai, Project Management and Operations Division (7407M), Office of
