**SUPPLEMENTARY INFORMATION:****A. Background**

The Defense Contract Management Agency (DCMA) submitted a request for revisions to FAR part 49 and the associated FAR clauses in 52.549 regarding termination of contracts. As a result, the Councils are proposing to amend FAR 49.502(a) to clarify when the FAR clause at 52.249–1, Termination for Convenience of the Government (Fixed Price) (Short Form), is used.

The Councils believe that clarification is needed in the prescription for the clause, to apprise contracting officers that there are alternative clauses that can be used for terminations up to the simplified acquisition threshold. The language in FAR 49.002 is revised to include a reference to FAR 12.403 and the language at FAR 49.502(a) is revised to include references to the FAR clauses at 52.212–4, Contract Terms and Conditions—Commercial Items, and at 52.213–4, Terms and Conditions—Simplified Acquisitions (Other than Commercial Items). These clauses should be used for the majority of simplified acquisition terminations. However, the FAR clause at 52.249–1 may be appropriate in certain situations where these two clauses are not applicable.

The FAR clauses at FAR 52.212–4 (basic clause) and 52.213–4 allow for the contractor to be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination for convenience, plus reasonable charges the contractor can demonstrate to the satisfaction of the Government using its standard record keeping system have resulted from the termination. There is no need for partial payments under these circumstances.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and

Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

**B. Regulatory Flexibility Act**

The Councils do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because this proposed rule merely clarifies existing FAR policy. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. The Councils invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

The Councils will also consider comments from small entities concerning the existing regulations in parts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR Case 2009–031) in all correspondence.

**C. Paperwork Reduction Act**

The Paperwork Reduction Act does not apply because the proposed changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. Chapter 35, *et seq.*
