Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Amy Sloan or Kate Swails, (301)713-2289.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The proposed five-year permit comprises a continuation of psychological and physiological studies at Long Marine Laboratory with captive pinnipeds, including California sea lions (*Zalophus californianus*); harbor seals (*Phoca vitulina*); and northern elephant seals (*Mirounga angustirostris*), designed to evaluate their perceptual and cognitive capabilities. Measurements obtained using behavioral and physiological methods will be used to improve knowledge of pinniped sensory adaptations, examine cognitive mechanisms for acquiring and processing sensory information, and develop procedures for rapidly and humanely studying marine mammal hearing and the effects of anthropogenic noise. The captive animals are trained to voluntarily participate in behavioral stimulus detection and discrimination paradigms that may be conducted in air or under water. The applicant currently holds one California sea lion, one harbor seal, and one northern elephant seal, and requests permission to obtain additional animals for the research program over the duration of the permit, not to exceed a total of two of each species listed above. Additional animals would be obtained from captive and rehabilitation facilities, including permanently captive and non-releasable rehabilitated animals. If those sources are not available, releasable rehabilitated animals from West Coast rehabilitation facilities are requested.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to

prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: September 9, 2009.

Certain Oil Country Tubular Goods From the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination, Preliminary Negative Critical Circumstances Determination

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce preliminarily determines that countervailable subsidies are being provided to producers and exporters of certain oil country tubular goods from the People's Republic of China. For information on the estimated subsidy rates, see the "Suspension of Liquidation" section of this notice.

DATES: *Effective Date:* September 15, 2009.

FOR FURTHER INFORMATION CONTACT: David Neubacher, Shane Subler, Magd Zalok, Maryanne Burke, and Henry Almond, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-5823, (202) 482-0189, (202) 482-4162, (202) 482-5604, and (202) 482-0049, respectively.

SUPPLEMENTARY INFORMATION:

Case History

The following events have occurred since the publication of the Department

of Commerce's ("Department") notice of initiation in the **Federal Register**. See *Certain Oil Country Tubular Goods from the People's Republic of China: Initiation of Countervailing Duty Investigation*, 74 FR 20678 (May 5, 2009) ("Initiation Notice"), and the accompanying Initiation Checklist.

On May 13, 2009, Maverick Tube Corporation, United States Steel Corporation, TMK IPSCO, V&M Star LP, Wheatland Tube Corporation, Evraz Rocky Mountain Steel, and United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC ("United Steelworkers") (collectively, the "petitioners") submitted new subsidy allegations requesting the Department to expand its countervailing duty ("CVD") investigation to include additional subsidy programs.¹ On June 4, 2009, the Department declined to investigate these allegations as the petitioners did not allege the elements necessary for the imposition of CVDs or failed to support these allegations with reasonably available evidence. See Memorandum to Susan Kubbach, Director, AD/CVD Operations, Office 1, "Analysis of Petitioners' New Subsidy Allegations" (June 4, 2009).

On June 3, 2009, the Department selected four Chinese producers/exporters of certain oil country tubular goods ("OCTG") as mandatory respondents, Jiangsu Changbao Steel Tube Co., Ltd. ("Changbao"), Tianjin Pipe (Group) Co. ("TPCO"), Wuxi Seamless Oil Pipe Co., Ltd. ("Wuxi"), and Zhejiang Jianli Enterprise Co., Ltd. ("Jianli"). See Memorandum to John M. Andersen, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, "Respondent Selection Memo" (June 3, 2009). This memorandum is on file in the Department's Central Records Unit in Room 1117 of the main Department building ("CRU"). On the same date, we issued the CVD questionnaires to the Government of the People's Republic of China ("GOC"), Changbao, TPCO, Wuxi, and Jianli.

On June 10, 2009, the U.S. International Trade Commission ("ITC") issued its affirmative preliminary determination that there is a reasonable indication that an industry in the United States is materially injured by reason of allegedly subsidized imports of certain oil country tubular goods from the People's Republic of China ("PRC"). See *Certain Oil Country Tubular Goods from China; Determinations*,

Investigation Nos. 701-TA-463 and 731-TA-1159, 74 FR 27559 (June 10, 2009).

On June 15, 2009, the Department postponed the deadline for the preliminary determination in this investigation until September 8, 2009. See *Certain Oil Country Tubular Goods from the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation*, 74 FR 28220 (June 15, 2009).

We received responses to our questionnaire from the GOC, Changbao, TPCO, Wuxi, and Jianli on July 20, 2009. See the GOC's Original Questionnaire Response (July 20, 2009) ("GQR"), Changbao's Original Questionnaire Response (July 20, 2009) ("CQR"), TPCO's Original Questionnaire Response (July 20, 2009) ("TQR"), Wuxi's Original Questionnaire Response (July 20, 2009) ("WQR"), and Jianli's Original Questionnaire Response (July 20, 2009) ("JQR"). On August 26, 2009, TPCO provided a response on behalf of TPCO Charging Development Co., Ltd. ("TCQR"). On September 1, 2009, TPCO provided a response on behalf of Tianjin Pipe Investment Holding Co., Ltd. ("TPCO Holding QR").

We sent supplemental questionnaires to Changbao, TPCO, Wuxi, and Jianli on August 7, 2009 and to the GOC on July 27, 2009, August 11, 2009 and August 28, 2009. We received responses to these supplemental questionnaires as follows: Changbao's First Supplemental Response on August 21, 2009; Jianli's First Supplemental Response on August 21, 2009; TPCO's First Supplemental Response, part 1 on August 21, 2009, and part 2 on August 26, 2009; Wuxi's First Supplemental response ("W1SR") on August 24, 2009; the GOC's Cross-Owned Affiliates Supplemental on August 3, 2009; GOC's First Supplemental Response ("G1SR") on August 26, 2009; and GOC's Second Supplemental Response ("G2SR") on September 1, 2009.

On July 23, 2009, Maverick Tube Corporation requested that the Department extend the deadline for the submission of new subsidy allegations beyond the July 30, 2009 deadline established by the Department's regulations. On July 24, 2009, we declined to extend the deadline. On July 30, 2009, the petitioners submitted additional new subsidy allegations to the Department.² Jianli and the GOC

² The petitioners, collectively, alleged that the GOC confers a subsidy on OCTG through its export restrictions on steel rounds. Maverick Tube Corporation made allegations regarding subsidies to respondent Jianli. United States Steel Corporation made allegations regarding subsidies to respondents

¹ See the petitioners' Submission of New Subsidy Allegations (May 13, 2009).
