Abstract: This information collection request (ICR) covers revisions to the 2008 Renovation, Repair, and Painting (RRP) rule, which established reporting and recordkeeping requirements for individuals and firms conducting renovations in target housing (most housing constructed before 1978) and child-occupied facilities (pre-1978 residential, public, or commercial buildings where children under age six are regularly present). EPA revised the RRP rule under the authority of sections 402, 404 and 407 of the Toxic Substances Control Act (TSCA). This ICR describes and analyzes the incremental changes to the reporting and recordkeeping requirements under another existing approved ICR (EPA ICR No. 1715.12, OMB Control No. 2070-0155).

Responses to the collection of information are mandatory (see 40 CFR 745, Subpart L). Respondents may claim all or part of a response confidential. EPA will disclose information that is covered by a claim of confidentiality only to the extent permitted by, and in accordance with, the procedures in TSCA section 14 and 40 CFR part 2.

Form Numbers: 8500-25; 8500-27.

Respondents/affected entities:

Persons who provide training in lead-based paint activities and/or renovation, persons who are engaged in lead-based paint activities and/or renovation, and state agencies that administer lead-based paint activities and/or renovation programs.

Respondent's obligation to respond: Mandatory.

Estimated number of respondents: 170 (total).

Frequency of response: On occasion.

Total estimated burden: 151 hours per year. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$27 per year, includes \$0 annualized capital or operation and maintenance costs.

Changes in the Estimates: There is no change in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB.

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended, ("CAA" or the "Act"), notice is hereby given of a proposed consent decree to address a lawsuit filed by American Fuel & Petrochemical Manufacturers and American Petroleum Institute (collectively "Plaintiffs"); *American Fuel & Petrochemical Manufacturers, et al. v. SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

The proposed consent decree would resolve the lawsuit filed by Plaintiffs by establishing that EPA must take proposed action by June 1, 2015 and final action by November 30, 2015 to address renewable fuel obligations under CAA 211(o) for calendar year 2015. In addition, the proposed decree would establish that EPA must take final action by November 30, 2015 to address renewable fuel obligations for calendar year 2014 and to approve or disapprove Plaintiffs' petition seeking a partial waiver of renewable fuel applicable volumes set forth in CAA 211(o)(2) for calendar year 2014. See the proposed consent decree for the specific details.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or interveners to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the decree will be affirmed.

II. Additional Information About Commenting on the Proposed Consent Decree

A. How can I get a copy of the consent decree?

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2015-0261) contains a

copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through www.regulations.gov. You may use www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search".

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, information that is claimed as confidential business information (CBI), or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do i submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any

disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the www.regulations.gov Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
