Under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.), NOAA is responsible for management of the Nation's marine fisheries. In addition, NOAA must comply with the United States' obligations under the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971 et seq.). A Certificate of Eligibility for Billfishes is required under 50 CFR part 635 to accompany all billfish offered for sale except for a billfish landed in a Pacific state and remaining in the state of landing. This documentation certifies that the accompanying billfish was not harvested from the Atlantic Ocean management unit (described on the form). FOR FURTHER INFORMATION CONTACT: Lori Mennitt, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUMMARY: On May 23, 2001 the Chairman of CITA received a petition from ICF Industries, Inc. alleging that rayon filament yarn, classified in subheading 5403.31 and 5403.32 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting that the President proclaim that apparel articles of U.S. formed-fabric of such yarn be eligible for preferential treatment under the AGOA and CBTPA. CITA hereby solicits public comments on this request, in particular with regard to whether rayon filament yarn can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by June 15, 2001 to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, Washington, D.C. 20230.

SUPPLEMENTARY INFORMATION:

Authority: Section 112(b)(5)(B) of the AGOA; Section 213(b)(2)(A)(v)(II) of the CBTPA, as added by Section 211(a) of the CBTPA; Sections 1 and 6 of Executive Order No. 13191 of January 17, 2001.

Background

The AGOA and the CBTPA provide for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns or fabrics formed in the United States or a beneficiary country. The AGOA and the CBTPA also provide for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and

sewn or otherwise assembled in one or more AGOA or CBTPA beneficiary countries from fabric or yarn that is not formed in the United States or a beneficiary country, if it has been determined that such fabric or yarns cannot be supplied by the domestic industry in commercial quantities in a timely manner and the President has proclaimed such treatment. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the AGOA and the CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests. 66 FR 13502.

On May 23, 2001 the Chairman of CITA received a petition from ICF Industries, Inc. alleging that rayon filament yarn, classified in HTSUS subheading 5403.31 and 5403.32 cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting that the President proclaim quota- and duty-free treatment under the AGOA and CBTPA for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more AGOA or CBTPA beneficiary countries from U.S. formed fabric of such yarn.

CITA is soliciting public comments regarding this request, particularly with respect to whether these yarns can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other products that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for the yarn for purposes of the intended use. Comments must be received no later than June 15, 2001. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that rayon filament yarn can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the yarn stating that it produces the yarn that is in the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as

well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure for the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Denial of Short Supply Request under the United States—Caribbean Basin Trade Partnership Act (CBTPA)

May 24, 2001.

AGENCY: Committee for the Implementation of Textile Agreements (CITA)

ACTION: Denial of the petition alleging 100 percent polyester yarn of 150 denier/140 filament textured polyester containing one end of 75/70 cationic dyeable polyester intermingled with one end of 75/70 disperse dyeable polyester, for use in knit fabric, cannot be supplied by the domestic industry in commercial quantities in a timely manner.

FOR FURTHER INFORMATION CONTACT: Lori Mennitt, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUMMARY: On March 26, 2001 the Chairman of CITA received a petition from Val D'or and Malden Mills alleging that 100 percent polyester yarn of 150 denier/140 filament textured polyester containing one end of 75/70 cationic dyeable polyester intermingled with one end of 75/70 disperse dyeable polyester, for use in knit fabric, classified in subheading 5402.33.60 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner. It requested that the President proclaim that apparel articles of U.S. formed fabrics of such yarns be eligible for preferential treatment under the

CBTPA. Based on currently available information, CITA has determined that U.S. producers have the ability to supply this product in commercial quantities in a timely manner and therefore denies the petition.
