September 21, 2001.

Take notice that on August 22, 2001, Dominion Transmission, Inc. (DTI), filed with the Federal Energy Regulatory Commission (Commission) a letter notice stating that the in-service date of the Capstone facilities will be on or before November 1, 2001.

On the date that DTI places the Capstone Project facilities into service, or sixty days after the date of the filing of its letter notice with the FERC, whichever is later, DTI is prepared to place its increased fuel increment into effect, provided that the Settlement has become effective on that date.

DTI states that it has served the letter notice upon all parties of record in the above captioned proceedings.
