

certification process for polywrap manufacturers, as follows:]

3.5.5 Polywrap Certification Process for Manufacturers

To ensure that all polywrap manufacturers use the same criteria in meeting the new specifications, the Postal Service developed specification USPS–T–3204, *Test Procedures for Automatable Polywrap Films*. This specification describes exact test procedures and acceptable values for polywrap film characteristics. Independent testing laboratories may certify products for manufacturers who do not have the facilities or experience to conduct each of the test procedures in specification USPS–T–3204. The specification includes a list of laboratories experienced in conducting these tests. Customers may obtain the new test procedures by contacting USPS Engineering (see 608.8.1 for address) or on the USPS RIBBS Web site (<http://ribbs.usps.gov>). Effective February 4, 2007, manufacturers must submit a letter, on their letterhead, indicating the value for each of the specifications in 3.5.1 for each polywrap film, to USPS Mailing Standards (see 608.8.1 for address). Manufacturers are encouraged to submit the certificate of conformance before February 4, 2007. When USPS receives the certificate of conformance, films with values meeting the standards will be listed on <http://ribbs.usps.gov>. Manufacturers should follow this process before submitting the letter certifying compliance with the specifications:

a. Test each film according to procedures listed in USPS–T–3204, *Test Procedures for Automatable Polywrap Films*.

b. Test each surface treatment separately. Manufacturers may test the

thinnest film of one product with identical surface treatment and characteristics. If the thinnest film satisfactorily meets the characteristics after being tested, USPS will list the product as approved for all gauges of that product that also meet the gauge test.

BILLING CODE 7710–12–M

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 051104293–5344–02; I.D. 122806A]

Fisheries of the Northeastern United States; Atlantic Bluefish Fishery; Quota Transfers

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; inseason quota transfer.

SUMMARY: NMFS announces that the Commonwealth of Massachusetts is transferring 20,000 lb (9,072 kg) of commercial bluefish quota to the State of Rhode Island from its 2006 quota. By this action, NMFS adjusts the quotas and announces the revised commercial quota for each state involved.

DATES: Effective December 29, 2006 through December 31, 2006, unless NMFS publishes a superseding document in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Douglas Potts, Fishery Management Specialist, (978) 281–9341, fax (978) 281–9135.

SUPPLEMENTARY INFORMATION:

Regulations governing the Atlantic bluefish fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is apportioned among the coastal states from Florida through Maine. The process to set the annual commercial quota and the percent allocated to each state are described in § 648.160.

Two or more states, under mutual agreement and with the concurrence of the Administrator, Northeast Region, NMFS (Regional Administrator), can transfer or combine bluefish commercial quota under § 648.160(f). The Regional Administrator is required to consider the criteria set forth in § 648.160(f)(1) in the evaluation of requests for quota transfers or combinations.

Massachusetts has agreed to transfer 20,000 lb (9,072 kg) of its 2006 commercial quota to Rhode Island. The Regional Administrator has determined that the criteria set forth in § 648.160(f)(1) have been met for each of these transfers. The revised quotas for calendar year 2006 are: Rhode Island, 622,101 lb (282,180 kg) and Massachusetts, 514,823 lb (233,520 kg).

Classification

This action is taken under 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 28, 2006.

Alan D. Risenhoover,

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
