[Docket No. FD 36641]

Eastern Maine Railway Company—Acquisition and Operation Exemption—Central Maine & Quebec Railway US Inc., d/b/a Canadian Pacific

Eastern Maine Railway Company (EMR), a Class III common carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire from the current owner and operator, Central Maine & Quebec Railway US Inc., d/b/a Canadian Pacific (CMQR), and to operate approximately 36.57 miles of a main line and approximately nine miles of branch line in Maine.¹ The main line is between milepost 109 (Grindstone, Penobscot County, Me.) and milepost 72.43 (near Brownville in Piscataquis County, Me.). The branch lines consist of: (1) the East Millinocket branch line, from milepost 0.0 to milepost 7.72; and (2) the Millinocket branch line, from milepost 104.65 southward 1.2 miles to the end of the track. EMR will also acquire all other associated yard, spur, siding, and other track along the main line between milepost 109 and milepost 72.43.²

According to the verified notice, EMR will also acquire incidental trackage rights on CMQR between milepost 72.43 (near Brownville) and the connection of CMQR’s track with an EMR rail line in the vicinity of Brownville Junction (milepost 75.07 of CMQR’s Bangor Subdivision), a distance of approximately three miles, including CMQR’s Brownville Junction yard, as well as use of the CMQR main line to the west for one mile (to milepost 1.0 of CMQR’s Moosehead Subdivision). Furthermore, the Maine Northern Railway Company (“MNRC”) currently has overhead trackage rights over the Line. EMR is acquiring the Line subject to these overhead trackage rights. Thus, MNRC’s overhead trackage rights will

¹ This is a republication of the notice of exemption originally served and published in the **Federal Register** on October 21, 2022 (87 FR 64129). This notice contains corrected information.

² The Line refers collectively to the main line, branch lines, and all other associated yard, spur, siding, and other track along the main line.

remain unchanged by EMR's acquisition of the Line.

According to the verified notice, the parties executed an agreement on September 1, 2022, by which EMR will acquire the Line from CMQR.

EMR certifies that the proposed acquisition and operation of the Line does not involve a provision or agreement that may limit future interchange with a third-party connecting carrier. EMR certifies that its projected annual revenues as a result of this transaction will not result in EMR's becoming a Class II or Class I rail carrier, but that its annual revenues after the proposed transaction are expected to exceed \$5 million. Pursuant to 49 CFR 1150.42(e), if a carrier's projected annual revenues will exceed \$5 million, it must, at least 60 days before this exemption is to become effective, post a notice of its intent to undertake the proposed transaction at the workplace of the employees on the affected lines, serve a copy of the notice on the national offices of the labor unions with employees on the affected lines, and certify to the Board that it has done so. Exhibit 4 to EMR's verified notice provides the necessary certification.

The transaction may be consummated on or after on or after November 5, 2022, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than October 28, 2022 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36641, should be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E St. SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on EMR's representative, David E. Benz, Thompson Hine LLP, 1919 M Street NW, Suite 700, Washington, DC 20036.

According to EMR, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: October 25, 2022.

By the Board, Mai T. Dinh, Director, Office of Proceedings.

Aretha Laws-Byrum,
Clearance Clerk.

SURFACE TRANSPORTATION BOARD

[Docket No. EP 526 (Sub-No. 15)]

Notice of Railroad-Shipper Transportation Advisory Council Vacancies

AGENCY: Surface Transportation Board (Board).

ACTION: Notice of vacancies on the Railroad-Shipper Transportation Advisory Council (RSTAC) and solicitation of nominations.

SUMMARY: The Board hereby gives notice of vacancies on RSTAC for one small railroad representative and one small shipper representative. The Board seeks nominations for candidates to fill these vacancies.

DATES: Nominations are due on November 30, 2022.

ADDRESSES: Nominations may be submitted via e-filing on the Board's website at www.stb.gov. Submissions will be posted to the Board's website under Docket No. EP 526 (Sub-No. 15).

FOR FURTHER INFORMATION CONTACT: Gabriel Meyer at (202) 245-0150. Assistance for the hearing impaired is available through the Federal Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: The Board, created in 1996 to take over many of the functions previously performed by the Interstate Commerce Commission, exercises broad authority over transportation by rail carriers, including regulation of railroad rates and service (49 U.S.C. 10701-47, 11101-24), the construction, acquisition, operation, and abandonment of rail lines (49 U.S.C. 10901-07), as well as railroad line sales, consolidations, mergers, and common control arrangements (49 U.S.C. 10902, 11323-27).

The ICC Termination Act of 1995 (ICCTA), enacted on December 29, 1995, established RSTAC to advise the Board's Chair; the Secretary of Transportation; the Committee on Commerce, Science, and Transportation of the Senate; and the Committee on Transportation and Infrastructure of the House of Representatives with respect to rail transportation policy issues RSTAC considers significant. RSTAC focuses on issues of importance to small shippers and small railroads, including car

supply, rates, competition, and procedures for addressing claims. ICCTA instructs RSTAC to endeavor to develop private-sector mechanisms to prevent, or identify and address, obstacles to the most effective and efficient transportation system practicable. The members of RSTAC also prepare an annual report concerning RSTAC's activities. RSTAC is not subject to the Federal Advisory Committee Act.

RSTAC's 15 appointed members consist of representatives of small and large shippers, and small and large railroads. These members are appointed by the Chair. In addition, members of the Board and the Secretary of Transportation serve as ex officio members. Of the 15 appointed members, nine are voting members and are appointed from senior executive officers of organizations engaged in the railroad and rail shipping industries. At least four of the voting members must be representatives of small shippers as determined by the Chair, and at least four of the voting members must be representatives of Class II or III railroads. The remaining six members to be appointed—three representing Class I railroads and three representing large shipper organizations—serve in a nonvoting, advisory capacity, but may participate in RSTAC deliberations.

Meetings of RSTAC are required by statute to be held at least semi-annually. RSTAC typically holds meetings quarterly at the Board's headquarters in Washington, DC, although some meetings are held virtually or in other locations.

The members of RSTAC receive no compensation for their services and are required to provide for the expenses incidental to their service, including travel expenses. Currently, RSTAC members have elected to submit annual dues to pay for RSTAC expenses.

RSTAC members must be citizens of the United States and represent as broadly as practicable the various segments of the railroad and rail shipper industries. They may not be full-time employees of the United States. According to revised guidance issued by the Office of Management and Budget, it is permissible for federally registered lobbyists to serve on advisory committees, such as RSTAC, as long as they do so in a representative capacity, rather than an individual capacity. *See Revised Guidance on Appointment of Lobbyists to Fed. Advisory Comms., Bds., & Comm'ns*, 79 FR 47,482 (Aug. 13, 2014). Members of RSTAC are appointed to serve in a representative capacity.
