Notice of Receipt of Applications for Permit

Endangered Species

The public is invited to comment on the following applications for a permit to conduct certain activities with endangered species. This notice is provided pursuant to Section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, et seq.). Written data, comments, or requests for copies of these complete applications should be submitted to the Director (address below) and must be received within 30 days of the date of this notice. PRT-046351

Applicant: James L. Bevans, Little Rock, AR

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (Damaliscus pygargus dorcas) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

PRT-046346

Applicant: James Lakeman, Cumming, GA

The applicant requests a permit to import the sport-hunted trophy of one male bontebok (Damaliscus pygargus dorcas) culled from a captive herd maintained under the management program of the Republic of South Africa, for the purpose of enhancement of the survival of the species.

PRT-694126

Applicant: National Institutes of Health/ National Cancer Institute, Frederick, MD

The applicant requests re-issuance of their permit to import samples from wild, captive held, and, captive born, species of monkeys (Primates), bears (Ursidae), and cats (Felidae) for the purposes of scientific research. This notification covers activities conducted by the applicant over a five-year period.

PRT-704025

Applicant: H & L Sales, Patio Ranch, San Antonio, TX

The applicant requests renewal of a permit to authorize interstate and foreign commerce, export and cull of excess male barasingha (Cervus duvauceli) from their captive herd for the purpose of enhancement of the survival of the species. This notice covers activities conducted by the applicant for a period of five years. Permittee must apply for renewal annually.

Marine Mammals

The public is invited to comment on the following application for a permit to conduct certain activities with marine mammals. The application was submitted to satisfy requirements of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.) and the regulations governing marine mammals (50 CFR 18).

Written data, comments, or requests for copies of this complete application or requests for a public hearing on this application should be submitted to the Director (address below) and must be received within 30 days of the date of this notice. Anyone requesting a hearing should give specific reasons why a hearing would be appropriate. The holding of such a hearing is at the discretion of the Director.

PRT-043241

Applicant: Sead Dizdarevic, Far Hills, NJ

The applicant requests a permit to import a polar bear (*Ursus maritimus*) sport hunted from the Lancaster Sound polar bear population in Canada for personal use. On June 6, 2001 [66 FR 30476], the permit request was mistakenly published as a sport-hunted bear from the Norwegian Bay population.

The U.S. Fish and Wildlife Service has information collection approval from OMB through March 31, 2004, OMB Control Number 1018–0093. Federal Agencies may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a current valid OMB control number.

Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 30 days of the date of publication of this notice to: U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203,

telephone 703/358–2104 or fax 703/358–2281.

Dated: August 3, 2001.

Notice of Availability of a Draft Recovery Plan for the Pacific Coast Population of the Western Snowy Plover for Review and Comment

AGENCY: U.S. Fish and Wildlife Service,

Interior.

ACTION: Notice of document availability.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces the availability for public review of the Draft Recovery Plan for the Pacific Coast Population of the Western Snowy Plover. This recovery plan covers the threatened Pacific coast population of the western snowy plover (*Charadrius alexandrinus nivosus*). The draft plan includes recovery criteria and measures for the Pacific coast population of the western snowy plover.

DATES: Comments on the draft recovery plan must be received on or before December 12, 2001.

ADDRESSES: Copies of the draft recovery plan are available for inspection, by appointment, during normal business hours at the following location: U.S. Fish and Wildlife Service, Sacramento Fish and Wildlife Office, 2800 Cottage Way, Room W-2605, Sacramento, California (telephone (916) 414-6600); and U.S. Fish and Wildlife Service, Regional Office, Ecological Services, 911 N.E. 11th Avenue, Eastside Federal Complex, Portland Oregon 97232–4181 (telephone (503) 231-6131). Requests for copies of the draft recovery plan and written comments and materials regarding this plan should be addressed to Wayne S. White, Field Supervisor, Ecological Services, at the above Sacramento address.

FOR FURTHER INFORMATION CONTACT:

Carmen Thomas or Ina Pisani, Fish and Wildlife Biologists, at the above Sacramento address.

SUPPLEMENTARY INFORMATION:

Background

Restoring endangered or threatened animals and plants to the point where they are again secure, self-sustaining members of their ecosystems is a
