AGENCY FOR INTERNATIONAL DEVELOPMENT

Board for International Food and Agricultural Development; One Hundred and Fifty-Eighth Meeting

Notice of Meeting

Pursuant to the Federal Advisory Committee Act, notice is hereby given of the one hundred and fifty-eighth meeting of the Board for International Food and Agricultural Development (BIFAD). The meeting will be held from 8:30 a.m. to 4 p.m. on October 13, 2009 at the Des Moines Marriott Downtown located at 700 Grand Avenue, Des Moines, Iowa. The meeting venue is in the Marriott Hotel's Iowa Ballroom, Salons A, B, and C located on the second floor. "Higher Education: A Critical Partner in Global Agricultural Development" will be the central theme of BIFAD's initiatives and the October meeting.

Dr. Robert Easter, Chairman of BIFAD, will preside over the proceedings. Dr. Easter is Interim Provost and Vice Chancellor for Academic Affairs, University of Illinois at Urbana-Champaign.

With the passing of Dr. Norman Borlaug on September 12, 2009 it is most fitting that Food Security remains the central focus of BIFAD's Agenda for its 158th meeting. The Board, working closely in tandem with USAID, continues to seek ways to enhance and systematize agricultural development oriented university relationships with USAID. Within this context is the recognition that only through broad-

based partnerships and multidisciplinary approaches will the US achieve priority foreign assistance goals in a dramatically changed development world. It is in the spirit of the Title XII mandates and in view of today's development realities, underpinned by complex socio-economic conditions and regional conflicts that BIFAD is leading as a "gateway" to the university community.

In tribute to one of the world's greatest and most humble plant scientists who labored to provide food to those in most need and because he saw food as a moral right the BIFAD will open its 158th meeting with a special tribute in his memory. Likewise the BIFAD will present a special Resolution to honor Dr. Norman E. Borlaug. The special tribute will be presented by Allen C. Christensen, past Board member and Director of the Benson Agricultural and Food Institute.

Fred Cholick, Dean and Director, College of Agriculture, Kansas State University will lead the morning's first technical session. He will present a report on the findings and recommendations coming from the BIFAD sponsored Conference of Deans (COD II). The COD II was held on June 28 and 29, 2009 in Washington, DC. Incorporating the USAID's priority on food security in foreign assistance, "Building a Global Food Security Strategy: The Role of Higher Education in US International Development" served as the COD II's theme. The Board will be moving forward to present the COD II results to the USAID Administrator.

At mid-morning the Board will host a dialogue on university and USAID partnership. Specifically to be addressed will be the BIFAD/USAID Strategic Partnership Memorandum of Understanding which is being developed jointly. Presenting for USAID will be Carol Grigsby, Deputy Director, Office of Development Partners, USAID. Moderating the discussion for the universities will be Jack Payne, Vice President for Extension & Outreach, Iowa State University. The objective of the MOU is to strengthen university and USAID engagement through joint activities centered around, but not limited to, food security.

Reflecting the growing reality that USAID and its partners must now implement development programs in conflict zones the Board has invited a special presentation, "Universities and Possible Role in Counter-Insurgency: New Thinking on Civil-Military Collaboration." This presentation, a follow-on to one delivered at the Board's 157th meeting, (7/29/09) will

focus on Afghanistan and how the Improvised Explosive Device (IED) must also be countered via strategic and long-term development interventions through education and agriculture. Julia Erdley, Science Advisor, Joint Improvised Explosive Device Defeat Organization (JIEDDO), the Pentagon will be presenting. This presentation is scheduled for 11 a.m. right after the morning break.

Concluding the morning session Kerry Bolognese, Vice-President, Association for Public and Land-Grant Universities (APLU) will provide a progress update on the Africa-US Higher Education Initiative. Kerry will discuss the status of the partnership plans, the recent conference in Ghana of awardees, and how the Initiative will result in building the higher education capacity of Sub-Saharan Africa, which will be critical to the regions long-term economic growth.

After an executive luncheon (closed to the public) the Board will re-convene. Scheduled as the afternoon's first session is a panel discussion, "Critical Role of Minority Serving Institutions in Today's Complex Agricultural Development Environment." This discussion is being designed to open a new dialogue and begin exploring effective partnering with USAID. Bill DeLauder, Board member and President Emeritus, Delaware State University will be moderating the panel discussion.

Following the MSI panel Alice Pell, Professor and Provost, College of Agriculture, Cornell University, will present an update on how land-grant universities can contribute to USAID's agricultural development strategy in Afghanistan. In recent months BIFAD has been coordinating efforts with USAID's Asia Near East Bureau (ANE). Under BIFAD's lead a special symposium was held (8/19/09) discuss how land-grant universities can contribute to development in Afghanistan, including the Administration's intent to emphasize joint programming, and country level Afghan-first ownership. Experts from nine universities with Afghanistan experience met with representatives from USAID/Washington and Pakistan, the Department of State, USDA (CSREES & FAS) and NGOs.

Concluding the afternoon session the Board will hear an update and BIFAD's comments on USAID's FY 2008 Title XII Report to Congress. John Becker, Senior Policy Advisor, BIFAD Secretariat, Office of Development Partners, USAID will present the report. Also to be discussed will be the Office of Development Partners management plans to open up an early dialog with BIFAD, the universities and

Congressional staff as the report is being developed.

The Board meeting is open to the public. The Board welcomes open dialogue to promote greater focus on critical issues facing USAID, the role of universities in development, and applications of U.S. scientific, technical and institutional capabilities to international agriculture. **Note on Public Comments:** Due to time constraints public comments to the Board will be limited to two (2) minutes to accommodate as many as possible. It is preferred to have comments submitted to the Board in writing. Two periods for public comment will be provided during the Board meeting—just before lunch and adjournment.

Those wishing to attend the meeting or obtain additional information about BIFAD should contact Dr. Ronald S. Senykoff, Executive Director and Designated Federal Officer for BIFAD. Write him in care of the U.S. Agency for International Development, Ronald Reagan Building, Office of Development Partners, 1300 Pennsylvania Avenue, NW., Room 6.7–153, Washington, DC 20523–2110 or telephone him at (202) 712–0218 or fax (202) 216–3124.

Ronald S. Senykoff,

Executive Director and USAID Designated Federal Officer for BIFAD, Office of Development Partners, U.S. Agency for International Development.

BILLING CODE 6116–01–P

DEPARTMENT OF COMMERCE

Environmental Technologies Trade Advisory Committee (ETTAC)

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The Environmental Technologies Trade Advisory Committee (ETTAC) will hold a plenary meeting on October 29, 2009 at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, in Room 3407. The ETTAC will discuss environmental goods and services trade liberalization efforts in the World Trade Organization, United Nations climate negotiations in Copenhagen, and other administrative items. This is the first time this ETTAC will meet since its re-chartering in September 2009. The meeting is open to the public and time will be permitted for public comment.

Written comments concerning ETTAC affairs are welcome anytime before or

after the meeting. Minutes will be available within 30 days of this meeting.

The ETTAC is mandated by Public Law 103–392. It was created to advise the U.S. government on environmental trade policies and programs, and to help it to focus its resources on increasing the exports of the U.S. environmental industry. ETTAC operates as an advisory committee to the Secretary of Commerce and the Trade Promotion Coordinating Committee (TPCC). ETTAC was originally chartered in May of 1994. It was most recently re-chartered until September 2010.

DATES: October 29, 2009.

Time: 9 a.m. to 3 p.m.

ADDRESSES: For further information phone Ellen Bohon, Office of Energy and Environmental Technologies Industries (OEEI), International Trade Administration, U.S. Department of Commerce at (202) 482–0359 or via e-mail at: Ellen.bohon@mail.doc.gov. This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to OEEI at (202) 482–5225.

Cheryl McQueen,

Acting Director, Office of Energy and Environmental Industries, U.S. Department of Commerce.

BILLING CODE 3510–DR–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Northeast Region Dealer Purchase Reports

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before December 21, 2009.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW.,

Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Peter Burns, (978) 281–9144 or reporting.ne@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Federally-permitted dealers, and any individual acting in the capacity of a dealer, must submit to the Regional Administrator or to the official designee a detailed report of all fish purchased or received for a commercial purpose, other than solely for transport on land by one of the available electronic reporting mechanisms approved by National Marine Fisheries Service (NMFS). The information obtained is used by economists, biologists, and managers in the management of the fisheries. The data collection parameters are consistent with the current requirements for Federal dealers under the authority of the Magnuson-Stevens Fishery Conservation and Management Act. NOAA is seeking to renew Paperwork Reduction Act approval for these requirements.

II. Method of Collection

Dealers submit purchasing information through an electronic process by either one of two NMFS supplied programs or through a NMFS approved mechanism.

III. Data

OMB Control Number: 0648–0229.

Form Number: NOAA Forms 88–30 is no longer being used. Federally permitted dealers submit fishery information through electronic processes.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations; individuals or households.

Estimated Number of Respondents: 781.

Estimated Time per Response: 4 minutes per fishing trip.

Estimated Total Annual Burden Hours: 2,722.

Estimated Total Annual Cost to Public: \$460,200.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the
