BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XF022

Gulf of Mexico Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will hold a meeting of its Mackerel Advisory Panel.

DATES: The meeting will be held Tuesday, November 29, 2016; from 9:30 a.m. to 3 p.m.

ADDRESSES: The meeting will be held at the Gulf Council's Conference Room.

Council address: Gulf of Mexico Fishery Management Council, 2203 N. Lois Avenue, Suite 1100, Tampa, FL 33607; (813) 348-1630 or on their Web site at www.gulfcouncil.org.

FOR FURTHER INFORMATION CONTACT: Ryan Rindone, Fishery Biologist, Gulf of Mexico Fishery Management Council; telephone: (813) 348-1630.

SUPPLEMENTARY INFORMATION: The items of discussion on the agenda are as follows:

Mackerel Advisory Panel Agenda, Tuesday, November 29, 2016, 9:30 a.m.–3 p.m.

- I. Introductions and Adoption of Agenda
- II. Approval of November 30, 2015 Mackerel AP report minutes
- III. Review of CMP Amendment 29 Public Hearing Draft—Gulf King Mackerel Allocation Sharing and Recreational Accountability Measures
 - a. CMP 29 Decision Document
 - b. AP Recommendations
- IV. Other Business
 - a. Discussion of King Mackerel Size Limits
 - b. Discussion of Gulf Southern Zone Handline Trip Limits

Meeting Adjourns
The Agenda is subject to change, and the latest version along with other meeting materials will be posted on the Council's file server. To access the file server, the URL is <https://public.gulfcouncil.org:5001/webman/index.cgi>, or go to the Council's Web site and click on the File Server link in the lower left of the Council Web site (<http://www.gulfcouncil.org>).

The username and password are both "gulfguest". Click on the "Library Folder", then scroll down to "Mackerel AP".

The meeting will be webcast over the internet. A link to the webcast will be available on the Council's Web site, <http://www.gulfcouncil.org>.

Although other non-emergency issues not on the agenda may come before the Advisory Panel for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Actions of the Advisory Panel will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice

that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kathy Pereira (see **ADDRESSES**), at least 5 working days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 2, 2016.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEFENSE SECURITY COOPERATION AGENCY

201 12TH STREET SOUTH, STE 203
ARLINGTON, VA 22202-5408

The Honorable Paul D. Ryan
Speaker of the House
U.S. House of Representatives
Washington, DC 20515

OCT 06 2016

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 16-42, concerning the Department of the Air Force's proposed Letter(s) of Offer and Acceptance to Iraq for defense articles and services estimated to cost \$65.3 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

J. W. Rixey
Vice Admiral, USN
Director

1. Transmittal
2. Policy Justification
3. Sensitivity of Technology
4. Regional Balance (Classified Document Provided Under Separate Cover)

BILLING CODE 5001-06-C

Transmittal No. 16-42

Notice of Proposed Issuance of Letter of
Offer Pursuant to Section 36(b)(1) of the
Arms Export Control Act, as amended

(i) Prospective Purchaser: The
Republic of Iraq

(ii) Total Estimated Value:

Major Defense Equipment*	\$ 0 million
Other	65.3 million
TOTAL	65.3 million

(iii) *Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:*

Non-MDE:

Two (2) Cessna AC-208 aircraft with dual rail Hellfire launcher capability on each wing
Two (2) AN/ALE-47 Electronic Countermeasure Dispensers
Two (2) AAR-60 Missile Launch Warning Systems
Four (4) AN/AAQ-35 (Wescam MX-15D) Electro-Optical Infrared Imaging Systems
Two (2) LAU-131-A Launchers

Additionally, non-MDE includes contractor aircraft modifications, spare parts, publication updates, aircraft ferry, and miscellaneous parts. The total estimated program cost is \$65.3 million

(iv) *Military Department:* Air Force

(v) *Prior Related Cases, if any:* IQ-D-QAH for \$20M signed on 13 Feb 2009 for C/AC-208 CLS, Transmittal 11-23. IQ-D-QAF for \$5M signed 26 Oct 2008 for C/AC-208 CLS, Transmittal 11-23.

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid:* None

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold:* See Annex attached.

(viii) *Date Report Delivered to Congress:* October 6, 2016

*as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Republic of Iraq—AC-208 Aircraft

The Government of Iraq requests to purchase two (2) Cessna AC-208 aircraft that include: Dual rail LAU-131 Hellfire launcher capability on each wing, AN/ALE-47 electronic countermeasure dispenser, AN/AAR-60 Missile Launch Warning System, AN/AAQ-35 ElectroOptical Infrared Imaging System, contractor aircraft modifications, spare parts, publication updates, aircraft ferry, and miscellaneous parts. The estimated total case value is \$65.3 million.

This proposed sale contributes to the foreign policy and national security of the United States by helping to improve the security of a strategic partner. This proposed sale directly supports Iraq and serves the interests of the people of Iraq and the United States.

Iraq originally purchased three (3) AC-208 and three (3) C-208 aircraft in 2008. The Cessna aircraft are used to support Iraqi military operations against al-Qaeda affiliate and Islamic State of Iraq and the Levant (ISIL) forces. The purchase of two (2) additional aircraft enables the Iraqi Air Force to continue its fight against ISIL. Iraq will have no difficulty absorbing these aircraft into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The principal contractor is Orbital ATK, Falls Church, VA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. or contractor representatives to Iraq.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. All defense articles and services are approved for release by our foreign disclosure office.

Transmittal No. 16-42

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. Cessna AC-208: The Armed Caravan is a specifically modified Cessna C-208 capable of operating in austere environments while providing real-time intelligence, surveillance, and reconnaissance (ISR) and low collateral damage kinetic strike capabilities. It is equipped with an integrated electro-optical and infrared (EO/IR) laser sensor suite which gives it a day/night ISR capability with a laser illuminator, range finder, and designator to allow employment of the AGM-114M missile through a 1760 mil bus interface. The aircraft has two external hard points for weapons and fuel carriage. The Iraq variant will be equipped for use with AGM-114 missiles already in country. Critical components (cockpit and engine) will have aircraft armor able to withstand small arms fire. Hardware and software are UNCLASSIFIED. Technical data and documentation to be provided are UNCLASSIFIED.

2. The proposed configuration includes the AN/ALE-47 Countermeasure Dispenser Set (CMDS), the AN/AAR-60 Missile Approach Warning System, the AN/AAQ-35 MX (Wescam MX-15D) Electro-Optical Infrared Imaging System, and dual rail LAU-131 Hellfire launcher capability on each wing.

3. The AN/ALE-47 CMDS provides an integrated threat-adaptive, computer controlled capability for dispensing chaff, flares, and active radio frequency expendables. The AN/ALE-47 system enhances aircraft survivability in sophisticated threat environments.

4. The threats countered by the CMDS include radar-directed anti-aircraft artillery (AAA), radar command-guided missiles, radar homing guided missiles,

and infrared guided missiles. The U.S. is not providing any threat data. The system is internally mounted and may be operated as a stand-alone system or integrated with other on-board electronic warfare and avionics systems. Expendable routines tailored to the immediate aircraft and threat environment may be dispensed using one of four operational modes. Hardware is UNCLASSIFIED. Software is SECRET. Technical data and documentation provided are UNCLASSIFIED.

5. The AN/AAR-60 Missile Approach Warning System is a passive, true imaging sensor device that is optimized to detect the radiation signature of a threat missile's exhaust plume within the ultra violet solar blind spectral band. Functionally, the architecture detects incoming missile threats and indicates their direction of arrival with the 'maximum' of warning time. Hardware and software are UNCLASSIFIED. Technical data and documentation provided are UNCLASSIFIED.

6. The AN/AAQ-35 MX (Wescam MX-15D) is a gyro-stabilized, multi-spectral, multi field of view electro-optical infrared imaging system. The system provides surveillance laser illumination and laser designation through use of an externally mounted turret sensor and internally mounted master control. Sensor video imagery is displayed in the aircraft real time and may be recorded for subsequent ground analysis. Hardware is UNCLASSIFIED. Technical data and documentation provided are UNCLASSIFIED.

7. The LAU-131 launcher is tube shaped, 59.8 inches in length, and 10.125 inches in diameter. It weighs 65 pounds and is capable of carrying seven rockets (2.75 inch or 70mm). Hardware is UNCLASSIFIED. Technical data and documentation provided are UNCLASSIFIED.

8. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

9. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification. Moreover, the benefits to be derived from this sale, as outlined in the Policy Justification, outweigh the potential damage that could result if the sensitive technology were revealed to unauthorized persons.

10. All defense articles and services listed in this transmittal are authorized for release and export to the Government of Iraq.

BILLING CODE 5001-06-P

DEPARTMENT OF EDUCATION

[Docket No. ED-2016-ICCD-0123]

Agency Information Collection Activities; Comment Request; Application for the Rural Education Achievement Program (REAP)

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before January 6, 2017.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2016-ICCD-0123. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 2E-349, Washington, DC 20202-4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Eric Schulz, 202-260-7349.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize

the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Application for the Rural Education Achievement Program (REAP).

OMB Control Number: 1810-0646.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 6,049.

Total Estimated Number of Annual Burden Hours: 20,683.

Abstract: This data collection is pursuant to the Secretary's authority under Part B of Title V of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA, Public Law 114-95) to award funds under two grant programs designed to address the unique needs of rural school districts—the Small, Rural School Achievement (SRSA) program (ESSA Section 5211) and the Rural and Low-Income School (RLIS) program (ESSA Section 5221). For both grant programs, the Department awards funds based on a calculation of the allocation each eligible LEA should receive according to formulas prescribed in the statute. This data collection package consists of two forms and related documents that are used to accomplish the grant award process: (1) Form 1 is a spreadsheet used by SEAs to submit information to identify RLIS- and SRSA-eligible LEAs and to allocate funds based on the appropriate formula, and (2) Form 2 is an application form for SRSA-eligible LEAs to apply for funding. The REAP Eligibility Spreadsheet (Form 1) has been modified from the previously-approved collection under OMB #1810-0646, to exclude data that is no longer

needed because of improvements in processes, and to include data that is now required due to changes in the new statute.

The main thrust of this revision involves the SRSA Application Package (Form 2). The REAP program office seeks to replace the existing G5 document with the Standard Form (SF) 424 (OMB #4040-0004), available through GRANTS.gov. The move to GRANTS.gov is necessary because beginning with the FY 2017 grant award cycle, all SRSA-eligible LEAs will submit an annual application in order to receive SRSA grant funds. In addition, this revision removes Standard Form-LLL Disclosure of Lobbying activities, which no longer applies to SRSA applicants, and adds the General Education Provisions Act (GEPA) Section 427 requirements, which do apply.

Dated: November 2, 2016.

Tomakie Washington,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2889-004]

San Bernardino Valley Municipal Water District; Notice of Effectiveness of Surrender

On April 17, 1981, the Commission issued a Notice of Approval by Operation of Law granting an exemption from licensing to the San Bernardino Valley Municipal Water District (exemptee) for the proposed Lytle Creek and Foothills Pipeline Project, FERC No. 2889. The unconstructed project would be located on Lytle Creek, in San Bernardino County, California.

On March 30, 2016, the exemptee filed a petition with the Commission to surrender the exemption. The exemptee has been unable to construct the project due to changes in water availability and pricing tariffs.

Accordingly, the Commission accepts the exemptee's surrender of its exemption from licensing, effective 30 days from the date of this notice, at the close of business on Friday, November 25, 2016. No license, exemption, or preliminary permit applications for the project site may be filed until Monday, November 28, 2016.
