Natural Resources Conservation Service

Sixmile-St. Charles Watershed, Pueblo County, Colorado

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of a Finding of No Significant Impact.

SUMMARY: Pursuant to Section 102(2) (C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR part 1500); and the Natural Resources Conservation Service Regulations (7 CFR part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Sixmile-St. Charles Watershed Project, Pueblo County, Colorado.

FOR FURTHER INFORMATION CONTACT: Allen Green, State Conservationist, Natural Resources Conservation Service, 655 Parfet St., Lakewood, Colorado, 80215-5517, telephone (970) 544-2810.

SUPPLEMENTARY INFORMATION: The environmental assessment of this Federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Allen Green, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project purpose is to reduce nitrates, selenium, sediment and other pollutant loading to the Arkansas River due to ineffective irrigation water utilization. The planned works of improvement include on-farm underground irrigation pipelines, on-farm concrete irrigation ditches, and structures for water control. These enduring practices are accompanied by facilitating management practices such as Irrigation Water Management and Nutrient Management.

The Notice of a Finding of No Significant Impact (FNSI) has been forwarded to the Environmental Protection Agency and to various Federal, State and local agencies and interested parties. A limited number of copies of the FNSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Allen Green.

No administration action on implementation of the proposal will be

taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under NO. 10904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials).

Dated: January 24, 2002.

Dennis Alexander,

Assistant State Conservationist.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-423-810]

Notice of Amended Preliminary Determination of Sales at Not Less Than Fair Value and Postponement of Final Determination: Structural Steel Beams From Luxembourg

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of amended preliminary determination of sales at not less than fair value.

EFFECTIVE DATE: January 31, 2002.

FOR FURTHER INFORMATION CONTACT:

David J. Goldberger or Margarita Panayi, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4136 or (202) 482-0049, respectively.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce's ("Department's") regulations are references to 19 CFR part 351 (April 2001).

Amended Preliminary Determination

We are amending the preliminary determination of sales at less than fair value for structural steel beams from Luxembourg to reflect the correction of ministerial errors made in the margin calculations in that determination. Correcting these errors results in an amended preliminary determination that sales were made at not less than fair value. We are publishing this amendment to the preliminary determination pursuant to 19 CFR 351.224(e).

Case History

On December 19, 2001, the Department preliminarily determined that structural steel beams from Luxembourg are being, or are likely to be, sold in the United States at less than fair value (63 FR 67223; December 28, 2001).

On January 2, 2002, we disclosed our calculations for the preliminary determination to counsel for ProfilARBED, S.A. ("ProfilARBED") and to counsel for petitioners.

On January 7, 2002, we received a submission, timely filed pursuant to 19 CFR 351.224(c)(2), from ProfilARBED alleging ministerial errors in the Department's preliminary determination. In its submission, ProfilARBED requested that these errors be corrected and an amended preliminary determination be issued reflecting these changes. We did not receive ministerial error allegations from the petitioners.

Amendment of Preliminary Determination

The Department's regulations provide that the Department will correct any significant ministerial error by amending the preliminary determination. See 19 CFR 351.224(e). A significant ministerial error is an error the correction of which, either singly or in combination with other errors: (1) Would result in a change of at least five absolute percentage points in, but not less than 25 percent of, the weighted-average dumping margin calculated in the original (erroneous) preliminary determination; or (2) would result in a difference between a weighted-average dumping margin of zero (or *de minimis*) and a weighted-average dumping margin of greater than *de minimis*, or vice versa. See 19 CFR 351.224(g).

After analyzing ProfilARBED's submission, we have determined that ministerial errors were made in the margin calculation for ProfilARBED in the preliminary determination. Specifically, (1) We inadvertently included imputed inventory carrying expenses in the calculation of the constructed export price (CEP) profit rate; (2) we inadvertently allocated CEP profit to indirect selling expenses and inventory carrying expenses incurred abroad; (3) we inadvertently deducted from CEP indirect selling expenses and inventory carrying expenses incurred abroad; (4) we did not apply an adjustment to the calculation of the variable cost of manufacturing in the third country market as discussed in the December 19, 2001, memorandum from the Office of Accounting; and (5) we inadvertently omitted billing adjustments from the calculation of the net third country market price used for normal value. See Memorandum to Louis Apple from The Team, dated January 16, 2002, for further discussion of ProfilARBED's ministerial errors allegations and the Department's analysis.

Pursuant to 19 CFR 351.224(g)(2), the ministerial errors acknowledged above for ProfilARBED are significant because the correction of the ministerial errors results in a difference between a weighted-average dumping margin of greater than *de minimis* and a weighted-average dumping margin of *de minimis*. Therefore, we have recalculated the margin for ProfilARBED. The Department hereby amends its preliminary determination with respect to ProfilARBED to correct these errors. In addition, as ProfilARBED is the sole respondent in this investigation, this preliminary determination is negative. Accordingly, we are terminating
