CONSUMER PRODUCT SAFETY COMMISSION

Proposed Collection; Comment Request—Notification Requirements for Coal and Woodburning Appliances

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the Consumer Product Safety Commission requests comments on a proposed extension of approval, for a period of three years from the date of approval by the Office of Management and Budget, of information collection requirements in a coal and woodburning appliance rule.

The rule, codified at 16 CFR part 1406, requires manufacturers and importers of certain coal and woodburning appliances to provide safety information to consumers on labels and instructions and an explanation of how certain clearance distances in those labels and instructions were determined. The requirements to provide copies of labels and instructions to the Commission have been in effect since May 16, 1984. For this reason, the information burden imposed by this rule is limited to manufacturers and importers introducing new products or models, or making changes to labels, instructions, or information previously provided to the Commission. The purposes of the reporting requirements in part 1406 are to reduce risks of injuries from fires associated with the installation, operation, and maintenance of the appliances that are subject to the rule, and to assist the Commission in determining the extent to which manufacturers and importers comply with the requirements in part 1406. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than September 9, 2002.

ADDRESSES: Written comments should be captioned “Notification Requirements for Coal and Wood Burning Stoves” and mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, or delivered to that office, room 502, 4330 East-West Highway, Bethesda, Maryland 20814. Written comments may also be sent to the Office of the Secretary by facsimile

at (301) 504–0127 or by e-mail at *cpsc-os@cpsc.gov*.

FOR FURTHER INFORMATION CONTACT: For information about the proposed collection of information call or write Linda L. Glatz, management and program analyst, Office of Planning and Evaluation, Consumer Product Safety Commission, Washington, DC 20207; (301) 504–0416, Ext. 2226.

SUPPLEMENTARY INFORMATION:

A. Estimated Burden

The Commission staff estimates that there may be up to about 5 firms required to annually submit labeling and other information. The staff further estimates that the average number of hours per respondent is three per year, for a total of about 15 hours of annual burden ($5 \times 3 = 15$).

B. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: July 2, 2002.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.
