AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of proposed withdrawal.

The PLO withdrew 277.05 acres of public lands from settlement, sale, location, or entry under the general land laws, including the United States mining laws, but not the mineral leasing laws, subject to valid existing rights for a period of 20 years, to protect cultural and recreational resources in the historic town of Rhyolite located in Nye, County Nevada. This notice advises the public of an opportunity to comment on the proposed 20-year withdrawal extension and to request a public meeting.

DATES: Comments and requests for a public meeting regarding the withdrawal extension application must be received on or before March 20, 2023.

When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.
5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.
6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his or her designated public contact as they become available for review and comment.
7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to, (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director will furnish revised contracts to all parties who requested the contract in response to the initial public notice.
