

Type of Request: Extension of a currently approved collection.

Burden: 3 hours annually.

Number of Respondents: 15 responses per year.

Avg. Hours Per Response: The USPTO estimates that a federally- or state-recognized Native American tribe will require an average of 10 to 12 minutes (0.17 to 0.20 hours) to complete a request to record an official insignia, including gathering the information, preparing the appropriate documents, and submitting the completed request.

Needs and Uses: The Trademark Law Treaty Implementation Act (Pub. L. 105-330, section 302, 112 Stat. 3071 (1998)) required the USPTO to study issues surrounding the protection of the official insignia of federally- and state-recognized Native American tribes under trademark law. At the direction of Congress, the USPTO created a database containing the official insignia of recognized Native American tribes. The insignia database serves as a reference for examining attorneys when determining the registrability of a mark that may be similar to the official insignia of a Native American tribe. The entry of an official insignia into the database does not confer any rights to the tribe that submitted the insignia, and entry is not the legal equivalent of registering the insignia as a trademark under 15 U.S.C. 1051 *et seq.* This information collection is used by the USPTO to enter an official insignia submitted by a federally- or state-recognized Native American tribe into the database. There are no forms associated with this collection.

Affected Public: Tribal governments.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: David Rostker, (202) 395-3897.
