General Function of the Committee: To provide advice and recommendations to the agency on FDA's regulatory issues.

Date and Time: The meeting will be held on October 22 and 23, 2009, from 8 a.m. to 5 p.m.

Please call the Information Line for up-to-date information on this meeting. A notice in the **Federal Register** about last minute modifications that impact a previously announced advisory committee meeting cannot always be published quickly enough to

provide timely notice. Therefore, you should always check the agency's Web site and call the appropriate advisory committee hot line/phone line to learn about possible modifications before coming to the meeting.

Agenda: On October 22 and 23, 2009, the committee will discuss and make recommendations on public health issues related to the use of digital whole slide imaging systems to replace conventional light microscopy for diagnostic surgical pathology. In the scope of this meeting, digital pathology is defined as converting what can be observed by conventional light microscopy on histologic glass slides into digital whole slide images via digital scanners; viewing these images via a computer monitor to render pathologic diagnosis of the lesion of interest; and digitally archiving and retrieving these images. The committee will not be discussing computer-assisted image analysis or remote real-time microscopy.

FDA intends to make background material available to the public no later than 2 business days before the meeting. If FDA is unable to post the background material on its Web site prior to the meeting, the background material will be made publicly available at the location of the advisory committee meeting, and the background material will be posted on FDA's Web site after the meeting. Background material is available on the FDA Internet under the appropriate date at <http://www.fda.gov/AdvisoryCommittees/Calendar/default.com>. Scroll down to the appropriate advisory committee link.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person on or before October 15, 2009. Oral presentations from the public will be scheduled between approximately 1 p.m. and 2 p.m. each day.
