

argument; and (3) a table of authorities.⁵ Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.⁶

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. An electronically filed document must be received successfully in its entirety via ACCESS by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice.⁷ Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act, unless extended.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.⁸ If a respondent's weighted-average dumping margin for companies listed above is above *de minimis* in the final results of this review, we will calculate importer-specific assessment rates based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).⁹ If a respondent's weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we will instruct CBP to liquidate the appropriate

entries without regard to antidumping duties in accordance with the *Final Modification for Reviews*.¹⁰ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future deposits of estimated duties, where applicable.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed companies not covered in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the less-than-fair-value (LTFV) investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 11.25 percent, the all-others rate established in the LTFV investigation.¹¹ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate

regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period of review. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

Commerce is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(4).

Dated: April 3, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

The Following Conditions for Participation Will Be Used for the Mission

Applicants must submit a completed and signed mission application and supplemental application materials, including adequate information on their products and/or services, primary market objectives, and goals for participation that is adequate to allow the U.S. Department of Commerce (DOC) to evaluate their application. If the DOC receives an incomplete application, the Department may either: reject the application, request additional information/clarification, or take the lack of information into account when evaluating the application. If the requisite minimum number of participants is not selected for a particular mission by the recruitment deadline, the mission may be cancelled.

Each applicant must also certify that the products and services it seeks to export through the mission are either produced in the United States, or, if not, are marketed under the name of a U.S. firm and have at least fifty-one percent U.S. content by value. In the case of a trade association or organization, the applicant must certify that, for each firm or service provider to be represented by the association/organization, the products and/or services the represented firm or service provider seeks to export are either produced in the United States or, if not, marketed under the name of a U.S. firm and have at least 51 percent U.S. content. Each applicant must certify that one's organization is not majority owned or controlled by a foreign government entity (or foreign government entities).

A trade association/organization applicant must certify to the above for all of the companies it seeks to represent on the mission. In addition, each applicant must:

- Certify that the products and services that it wishes to market through the mission would be in compliance with U.S. export controls and regulations;
- Certify that it has identified any matter pending before any bureau or office in the DOC;

- Certify that it has identified any pending litigation (including any administrative proceedings) to which it is a party that involves the DOC; and

- Sign and submit an agreement that it and its affiliates (1) have not and will not engage in the bribery of foreign officials in connection with a company's/participant's involvement in this mission, and (2) maintain and enforce a policy that prohibits the bribery of foreign officials.

In the case of a trade association/organization, the applicant must certify that each firm or service provider to be represented by the association/organization can make the above certifications.

The Following Selection Criteria Will Be Used for the Mission

Targeted mission participants are U.S. firms, services providers and trade associations/organizations providing or promoting U.S. products and services that have an interest in entering or expanding their business in the mission's destination country. The following criteria will be evaluated in selecting participants:

- Suitability of the applicant's (or in the case of a trade association/organization, represented firm's or service provider's) products or services to these markets;
- The applicant's (or in the case of a trade association/organization, represented firm's or service provider's) potential for business in the markets, including likelihood of exports resulting from the mission; and
- Consistency of the applicant's (or in the case of a trade association/organization, represented firm's or service provider's) goals and objectives with the stated scope of the mission.

Balance of company size and location may also be considered during the review process.

Referrals from a political party or partisan political group or any information, including on the application, containing references to political contributions or other partisan political activities will be excluded from the application and will not be considered during the selection process. The sender will be notified of these exclusions.

Trade Mission Participation Fees

If and when an applicant is selected to participate on a particular mission, a payment to the DOC in the amount of the designated participation fee below is required. Upon notification of acceptance to participate, those selected have 5 business days to submit payment or the acceptance may be revoked.

Participants selected for a trade mission will be expected to pay for the cost of personal expenses, including, but not limited to, international travel, lodging, meals, transportation, communication, and incidentals, unless otherwise noted. Participants will, however, be able to take advantage of U.S. Government (USG) rates for hotel rooms. In the event that a mission is canceled, no personal expenses paid in anticipation of a mission will be reimbursed. However, participation fees for a canceled mission will be reimbursed to the extent they have not already been expended in anticipation of the mission.

If a visa is required to travel on a particular mission, applying for and obtaining such a visa will be the responsibility of the mission participant. Government fees and processing expenses to obtain such a visa are not included in the participation fee. However, the DOC will provide instructions to each participant on the procedures required to obtain business visas.

Trade mission members participate in trade missions and undertake mission-related travel at their own risk. The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The U.S. Government (USG) does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues USG international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/passports/en/alertswarnings.html>. Any question regarding insurance coverage must be resolved by the participant and its insurer of choice. Participants are responsible for determining any travel requirements or restrictions that are in place due to COVID-19.

Definition of Small- and Medium-Sized Enterprise

For purposes of assessing participation fees, an applicant is a small or medium-sized enterprise (SME) if it qualifies as a "small business" under the Small Business Administration's (SBA) size standards (<https://www.sba.gov/document/support-table-size-standards>), which vary by North American Industry Classification System (NAICS) Code. The SBA Size Standards Tool [<https://www.sba.gov/size-standards/>] can help you determine the qualifications that apply to your company.

Important Note About the Covid-19 Pandemic

Travel and in-person activities are contingent upon the safety and health conditions in the United States and the mission countries. Should safety or health conditions not be appropriate for travel and/or in-person activities, the Department will consider postponing the event or offering a virtual program in lieu of an in-person agenda. In the event of a postponement, the Department will notify the public and applicants previously selected to participate in this mission will need to confirm their availability but need not reapply. Should the decision be made to organize a virtual program, the Department will adjust fees, accordingly, prepare an agenda for virtual activities, and notify the previous selected applicants with the option to opt-in to the new virtual program.

U.S. Industry Program (USIP) at the International Atomic Energy Agency (IAEA) General Conference in Vienna, Austria, September 24–27, 2023

Summary

The U.S. Department of Commerce's (DOC) International Trade Administration (ITA), with participation from the U.S. Departments of Energy and State, is organizing its annual U.S. Industry Program at the International Atomic Energy Agency (IAEA) General Conference, to be held September 24–27, 2023, in Vienna, Austria. The IAEA General Conference is the premier global meeting of civil nuclear policymakers and typically attracts senior officials and industry representatives from all 175 Member States. The U.S. Industry Program is part of the DOC's Civil Nuclear Trade Initiative, a U.S. Government (USG) effort to help U.S. civil nuclear companies identify and capitalize on commercial civil nuclear opportunities around the world. The purpose of the program is to demonstrate high level USG support for the U.S. nuclear industry to promote its services and technologies to an international audience, including senior energy policymakers from current and emerging markets as well as IAEA staff.

Representatives of U.S. companies from across the U.S. civil nuclear supply chain are eligible to participate. In addition, organizations providing related services to the industry, such as universities, research institutions, and U.S. civil nuclear trade associations, are

eligible for participation. The mission will help U.S. participants gain market insights, make industry contacts, solidify business strategies, and identify or advance specific projects with the goal of increasing U.S. civil nuclear exports to a wide variety of countries interested in nuclear energy. A senior DOC official will lead the U.S. industry delegation.

The schedule includes meetings with foreign delegations and discussions with senior USG officials on important civil nuclear topics including regulatory, technology and standards, liability, public acceptance, export controls, financing, infrastructure development, and R&D cooperation. Past U.S. Industry Programs have included participation by the U.S. Secretary of Energy, the Chairman of the U.S. Nuclear Regulatory Commission (NRC) and senior USG officials from the Departments of Commerce, Energy, State, the Export-Import Bank of the United States and the National Security Council.

There are significant opportunities for U.S. businesses in the global civil nuclear energy market. With 56 reactors currently under construction in 15 countries and 160 nuclear plant projects planned in 27 countries over the next 8–10 years, this translates to a market demand for equipment and services totaling \$500–740 billion over the next ten years.

Participation Requirements

All parties interested in participating in the trade mission must complete and submit an application package for consideration by the DOC. All applicants will be evaluated on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. A minimum of 15 and maximum of 30 companies and/or trade associations and/or U.S. academic and research institutions will be selected to participate in the mission from the applicant pool. The first ten accepted applicants will be permitted to send two representatives per organization (if desired). After the first ten accepted applicants, additional representatives will be permitted only if space is available. Participating companies may send more than two participants if space permits. The DOC will evaluate applications and inform applicants of selection decisions three weeks after publication in the **Federal Register** and on a rolling basis thereafter until the maximum number of participants has been selected.

Fees and Expenses

After a company or organization has been selected to participate on the mission, a payment to the DOC in the form of a participation fee is required. The fee covers ITA support to register U.S. industry participants for the IAEA General Conference. Expenses for travel, lodging, meals, and incidentals will be the responsibility of each mission participant. Interpreter and driver services can be arranged for additional cost. Participants will be able to take advantage of discounted rates for hotel rooms.

- The fee to participate in the event is \$5,472 for a large company and \$5,141 for a small or medium-sized company (SME),¹ a trade association, or a U.S. university or research institution. The fee for each additional

¹ For purposes of assessing participation fees, an applicant is a small or medium-sized enterprise (SME) if it qualifies under the Small Business Administration's (SBA) size standards (<https://www.sba.gov/document/support-table-size-standards>), which vary by North American Industry Classification System (NAICS) Code. The SBA Size Standards Tool [<https://www.sba.gov/size-standards/>] can help you determine the qualifications that apply to your company.

representative (large company, trade association, university/research institution, or SME) is \$2,000.

If and when an applicant is selected to participate on a particular mission, a payment to the DOC in the amount of the designated participation fee below is required. Upon notification of acceptance to participate, those selected have 5 business days to submit payment or the acceptance may be revoked.

Participants selected for a trade mission will be expected to pay for the cost of personal expenses, including, but not limited to, international travel, lodging, meals, transportation, communication, and incidentals, unless otherwise noted. Participants will, however, be able to take advantage of USG rates for hotel rooms. In the event that a mission is cancelled, no personal expenses paid in anticipation of a mission will be reimbursed. However, participation fees for a cancelled mission will be reimbursed to the extent they have not already been expended in anticipation of the mission.

If a visa is required to travel on a particular mission, applying for and obtaining such a visa will be the responsibility of the mission participant. Government fees and processing expenses to obtain such a visa are not included in the participation fee. However, the DOC will provide instructions to each participant on the procedures required to obtain business visas.

Trade mission members participate in trade missions and undertake mission-related travel at their own risk. The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The U.S. Government does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues U.S. Government international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/passports/en/alertswarnings.html>. Any questions regarding insurance coverage must be resolved by the participant and its insurer of choice.

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the DOC trade mission calendar (<http://export.gov/trademissions>), and notices by industry trade associations and other multiplier groups. Recruitment for the mission will begin immediately and conclude no later than July 21, 2023. The DOC will evaluate applications and

inform applicants of selection decisions on a rolling basis until the maximum number of participants has been selected. Applications received after July 21, 2023, will be considered only if space and scheduling constraints permit.
