

“project income,” and may not be used for matching purposes.

It is the policy of this program to reject all requests for *indirect or overhead* costs as well as “in-kind” match contributions. In addition, grant funds must not be used to supplant private or local/state government funds currently spent for committee purposes. Funding requests from existing committees should focus entirely on the costs associated with the expansion efforts. Also, under no circumstances may business or labor officials participating on a labor-management committee be compensated out of grant funds for time spent at committee meetings or time spent in committee training sessions. Applicants generally will not be allowed to claim all or a portion of existing full-time staff as an expense or match contribution. For a more complete discussion of cost allowability, applicants are encouraged to consult the FY2007 FMCS Financial and Administrative Grants Manual, which will be included in the application kit.

G. Application Submission and Review Process

The Application for Federal Assistance (SF-424) form must be signed by *both* a labor and management representative. In lieu of signing the SF-424 form, representatives may type their name, title, and organization on plain bond paper with a signature line signed and dated, in accordance with block 18 of the SF-424 form. The individual listed as contact person in block 6 on the application form will generally be the only person with whom FMCS will communicate during the application review process. Please be sure that person is available once the application has been submitted. Additionally, it is the applicant's responsibility to notify FMCS in writing of any changes (e.g. if the address or contact person has changed).

We will accept applications beginning May 1, 2007, and continue to do so until July 31, 2008, or until all FY2007 grant funds are obligated. Awards will be made by September 30, 2008. Proposals may be accepted at any time between April 1, 2007 and July 31, 2008, but proposals received late in the cycle have a greater risk of not being funded due to unavailability of funds. Once your application has been received and acknowledged by FMCS, no applications or supplementary materials will be accepted thereafter. Applicants are highly advised to contact the FMCS Grants Program prior to committing any resources to the preparation of a proposal.

An original application containing numbered pages, plus three copies, should be addressed to the Federal Mediation and Conciliation Service, Labor-Management Grants Program, 2100 K Street, NW., Washington, DC 20427. FMCS will not consider videotaped submissions or video attachments to submissions. FMCS will confirm receipt of all applications within 10 days thereof.

All eligible applications will be reviewed and scored by a Grant Review Board. The Board(s) will recommend selected applications for rejection or further funding consideration. The Director or his/her designee will finalize the scoring and selection process. All FY2007 grant applicants will be notified of results and all grant awards will be made by September 30, 2008. Applications that fail to adhere to eligibility or other major requirements will be administratively rejected by the Director or his/her designee.

H. Contact

Individuals wishing to apply for funding under this program should contact the Federal Mediation and Conciliation Service as soon as possible to obtain an application kit. Please consult the FMCS Web site (<http://www.fmcs.gov>) to download forms and information. These kits and additional information or clarification can be obtained free of charge by contacting the Federal Mediation and Conciliation Service, Labor-Management Grants Program, 2100 K Street, NW., Washington, DC 20427, Linda Stubbs at (202) 606-8181 (lstubbs@fmcs.gov).

Additionally, we are currently accepting applications for FY2006 grant cycle and will do so until July 31, 2007 or until all FY2006 funding has been obligated. Please consult the FMCS Web site (<http://www.fmcs.gov>) to download forms and information.

SUPPLEMENTARY INFORMATION:

I. Purpose

Section 921 of the Public Health Service Act (42 U.S.C. 299c) established the National Advisory Council for Healthcare Research and Quality. In accordance with its statutory mandate, the Council is to advise the Secretary of the Department of Health and Human Services and the Director, Agency for Healthcare Research and Quality (AHRQ), on matters related to actions of the Agency to enhance the quality, improve the outcomes, reduce the costs of health care services, improve access to such services through scientific research, and to promote improvements in clinical practice and in the organization, financing, and delivery of health care services.

The Council is composed of members of the public appointed by the Secretary and Federal ex-officio members.

II Agenda

On Friday, April 13, the Council meeting will begin at 9 a.m., with the call to order by the Council Chair and approval of previous Council minutes. The Director, AHRQ, will present her

update on AHRQ's current research, programs, and initiatives. The Chair will officially welcome new members to the Council. The official agenda will be available on AHRQ's Web site at www.ahrq.gov no later than April 9, 2007.

Dated: March 26, 2007.

Carolyn M. Clancy,
Director.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-639-5960 and

send comments to Joan F. Karr, CDC Acting Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

Low Back Exposure Assessment Tool for Mining—NEW—National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Federal Mine Safety & Health Act of 1977, Section 501, enables CDC/NIOSH to carry out research relevant to the health and safety of workers in the mining industry. Mining has one of the

highest incidence rates for back pain of any industry, and back injuries are consistently the leading cause of lost work days in the industry. The objective of this project is to develop a self-administered, paper and pencil risk assessment tool for the development of low back disorders specifically directed towards use in the mining industry. Many current methods of assessing the risk of low back disorders do not address stressors that are relatively unique to the mining environment, including the restricted vertical spaces in many coal mines that require workers to adopt stooping or kneeling postures for extended periods of their workday.

The low back exposure assessment tool for mining will assess various occupational exposures associated with development of back disorders in the literature (postural demands, lifting, whole body vibration exposure, individual and psychosocial issues), as well as specific mining stressors and will develop a score that will be used to assess the degree of risk for the job and the individual. The tool will be useful in both prioritizing jobs that need interventions to reduce low back disorder risk, and in evaluating the effectiveness of interventions through tool administration before and after the implementation of an intervention. There will be no cost to the respondents other than their time.

Estimated Annualized Burden Hours:

Respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Surface and Underground Miners	320 miners	1	15/60	80

Dated: March 27, 2007.

Joan F. Karr,

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.
