

OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by April 29, 2002.

Public Comment Policy: Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by the law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

MMS Information Collection Clearance Officer: Jo Ann Lauterbach, (202) 208-7744.

Dated: March 5, 2002.

E.P. Danenberger,
Chief, Engineering and Operations Division.

National Park Service

Finding of No Significant Impact (FONSI) for Environmental Assessment on the Mount Vernon Trail Bridge #12 Safety Realignment

AGENCY: National Park Service, Interior.

ACTION: Availability of the FONSI and decision record for the proposed safety improvements to Bridge #12 located approximately ¼ mile north of the southbound Fort Hunt exit of the George Washington Memorial Parkway along the Mount Vernon Trail.

SUMMARY: Pursuant to Council on Environmental Quality regulations and National Park Service policy, the National Park Service announces the availability of the FONSI and decision record for the proposed safety improvements on and around Mount Vernon Trail Bridge #12 within the George Washington Memorial Parkway. The FONSI and decision record identifies Alternative 2 as the preferred Alternative in the "Environmental

Assessment for the Mount Vernon Trail Bridge #12 Safety Realignment." Under this alternative, trail realignment and bridge construction will correct the steep and sharp-curved approaches to the bridge, provide a more sustainable bridge structure, provide for safety on the bridge, and continue to protect natural and cultural resources in and around the bridge. All environmental measures will be taken to minimize impacts to resources during old bridge demolition and new bridge construction.

DATES: The Environmental Assessment, upon which the FONSI determination was made, was available for public comment from May 31-June 29, 2001 and one written comment was received in support of the project.

ADDRESSES: The FONSI and decision record will be available for public inspection Monday through Friday, 8:00 a.m. through 4:00 p.m. at George Washington Memorial Parkway Headquarters, Turkey Run Park, McLean, VA.

SUPPLEMENTARY INFORMATION: The FONSI and decision record completes the Environmental Assessment process.

FOR FURTHER INFORMATION CONTACT: Ms. Ann Brazinski (703) 289-2541.

Rich Foster,
Acting Superintendent, George Washington Memorial Parkway.

National Park Service

Finding of No Significant Impact (FONSI) for the Environmental Assessment for the Glen Echo Park North Arcade Rehabilitation

AGENCY: National Park Service, Interior.

ACTION: Availability of the FONSI and decision record for the proposal to replace the existing deteriorated North Arcade structure and damaged portions of the adjacent arcade structure with a new North Arcade structure in Glen Echo Park.

SUMMARY: Pursuant to Council on Environmental Quality regulations and National Park Service policy, the National Park Service (NPS) announces the availability of the FONSI and decision record for the proposed replacement of the existing deteriorated North Arcade structure and damaged portions of the adjacent arcade structure with a new North Arcade structure in Glen Echo Park, a unit of the George

Washington Memorial Parkway. The FONSI and decision record identifies Alternative B as the preferred Alternative in the "Environmental Assessment for the Glen Echo Park North Arcade Rehabilitation." Under this alternative, the existing North Arcade structure located in Glen Echo Park, Glen Echo, Maryland, would be demolished and a new structure built in the same location. Although the NPS determined that this undertaking will have an "Adverse Effect" upon the North Arcade structure itself, the action overall will have "No Adverse Effect" on the qualities that qualify the Glen Echo Park Historic District for listing on the National Register of Historic Places. In accordance to the Memorandum of Agreement with the Maryland State Historic Preservation Officer signed July 17, 2001, the NPS will mitigate the demolition of historic structures and will design the new structures in a manner complementing the original and respecting the surrounding Historic District.

DATES: The Environmental Assessment, upon which the FONSI was made, was available for public comment from July 2-31, 2001 and no comments were received.

ADDRESSES: The FONSI and decision record will be available for public inspection Monday through Friday, 8:00 a.m. through 4:00 p.m. at George Washington Memorial Parkway Headquarters, Turkey Run Park, McLean, VA.

SUPPLEMENTARY INFORMATION: The FONSI and decision record completes the Environmental Assessment process.

FOR FURTHER INFORMATION CONTACT: Ms. Ann Brazinski (703) 289-2541.

Rich Foster,
Acting Superintendent, George Washington Memorial Parkway.
