

IV. Paperwork Reduction Act of 1995

The information collection provisions contained in this guidance have been approved by the Office of Management and Budget (OMB) under OMB control number 0910-0467.

V. Comments

Interested persons may submit to the Dockets Management Branch (address above) written comments regarding this guidance at any time. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The guidance document and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

Dated: June 15, 2001.

Margaret M. Dotzel,

Associate Commissioner for Policy.

BILLING CODE 4160-01-S

**DEPARTMENT OF HOUSING AND
URBAN DEVELOPMENT**

[Docket No. FR-4653-N-09]

**Notice of Proposed Information
Collection for Public Comment: Notice
of Funding Availability and Application
Kit and Reporting Forms for the
Hispanic-Serving Institutions Work
Study Program (HIS-WSP)**

AGENCY: Office of the Assistant
Secretary for Policy Development and
Research, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* August 31, 2001.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name or OMB Control Number and be sent to: Reports Liaison Officer, Office of Policy Development and Research, U.S. Department of Housing and Urban Development, 451 7th Street, SW., Room 8226, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT: Jane Karadbil, Office of University Partnerships—telephone (202) 708-1537. This is not a toll-free number. Copies of the proposed forms and other available documents to be submitted to OMB may be obtained from Ms. Karabil.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction act of 995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected entities concerning the proposed information collection to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's

estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of information to be collected; and (4) minimize the burden of collection of information on those who are to respond; including through the use of appropriate technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of the Proposal: Notice of Funding Availability and Application Kit and Reporting Forms for the Hispanic-Serving Institutions Work Study Program (HSI-WSP).

Description of the need for the information and proposed use: The information is being collected to select grantees in this statutorily-created competitive grant program (if it is ever funded again by the Congress). More importantly, the information is being used to monitor the performance of grantees to ensure that they meet statutory and program goals and requirements.

Members of the affected public: Certain Hispanic-serving institutions of higher education: 40 applicants and 30 grantees.

Estimation of the total number of hours needed to prepare the information collection including the number of respondents, frequency of response, and hours of response: Information pursuant to submitting applications will be submitted once. Information pursuant to grantee monitoring requirements will be submitted once a year.

The following chart details the respondent burden on an annual basis:

	Number of respondents	Total annual responses	Hours per response	Total hours
Application	40	40	40	1,600
Annual Reports	30	30	6	180
Final Reports	30	15	8	120
Recordkeeping	30	15	5	75
Total				2,050

Status of proposed information collection: OMB approved an emergency paperwork clearance for this information collection and assigned it OMB Control No. 2528-0182, expiration date March 31, 2000. The information collection was allowed to expire because Congress stopped funding the program. However, there are ongoing monitoring and reporting responsibilities for the existing grants which will require an information collection control number.

Authority: Sec. 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: June 25, 2001.

Lawrence L. Thompson,

General Deputy, Assistant Secretary for Policy Development and Research.

BILLING CODE 4210-62-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of an Environmental Assessment/Habitat Conservation Plan and Receipt of Application for an Incidental Take Permit for three karst cave invertebrates from a Residential and Commercial Development on approximately 1,000 acres in Bexar County, Texas

SUMMARY: La Cantera Development Company, Ltd. (Applicant) has applied to the U.S. Fish and Wildlife Service (Service) for an incidental take permit pursuant to Section 10(a) of the Endangered Species Act (Act). The Applicant has been assigned permit number TE-044512-0. The requested permit, which is for a period of 30 years, would authorize the incidental take of *Cicurina madla* (Madla's Cave spider), *Rhadine exilis* and *Rhadine infernalis* (no common names). The proposed take would occur as a result of the construction of commercial developments on 1,000 acres in an area bounded by I-10 to the east, Loop 1604 to the south, Babcock Road to the west, and Camp Bullis Road to the north in the City of San Antonio, Bexar County, Texas.

The Service has prepared the Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take application. A determination of jeopardy to the species or a Finding of No Significant Impact (FONSI) will not be made before 60 days from the date of publication of this notice. This notice is provided pursuant to Section 10(c) of the Act and National

Environmental Policy Act regulations (40 CFR 1506.6).

DATES: August 31, 2001.

ADDRESSES: Persons wishing to review the application may obtain a copy by writing to the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103. Persons wishing to review the EA/HCPs may obtain a copy by contacting Christina Longacre, Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, Texas 78758 (512/490-0063). Documents will be available for public inspection by written request, by appointment only, during normal business hours (8:00 am to 4:30 pm), U.S. Fish and Wildlife Service, Austin, Texas. Written data or comments concerning the application and EA/HCP should be submitted to the Field Supervisor, Ecological Field Office, Austin, Texas at the above address. Please refer to permit number TE-044512-0 when submitting comments.

FOR FURTHER INFORMATION CONTACT:

Christina Longacre at the above Austin Ecological Service Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the *Cicurina madla* (Madla's Cave spider), *Rhadine exilis* and *Rhadine infernalis* (no common names). However, the Service, under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Applicant: La Cantera Development Company plans to construct a commercial and residential development on approximately 1,000 acres generally bounded by I-10 to the east, Loop 1604 to the south, Babcock Road to the west, and Camp Bullis Road to the north in the City of San Antonio, Bexar County, Texas. This action will occur on all portions of the property except those designated as necessary to protect on-site karst areas and will impact Caves #1 and #2, which contain the endangered *Rhadine exilis* and *Cicurina madla*, and Cave #3, which contains only *Cicurina*. No take of any other listed endangered species is expected to result from completion of the Proposed Alternative. However, since *Rhadine infernalis* is known from the general area and it has been adequately mitigated for within the proposed preserves, the Applicant will be covered for this species.

The development will eliminate most of the habitat for these species on site, and will cause deterioration of the cave ecosystem by encouraging fire ants,

altering the surface and subsurface moisture and temperature regimes and increasing human impacts. The applicant proposes to compensate for this incidental take of the three listed species by protecting seven karst preserves totaling 181 acres to be protected and managed in perpetuity. The karst preserves include one-acre on-site preserves for La Cantera Caves 1 and 2, and five off-site preserves totaling approximately 179 acres. In addition, undeveloped portions of the property would be monitored and treated for introduced fire ants, use of pesticides and herbicides would be restricted, and use of the premises for businesses that have the potential to contaminate subsurface karst and/or groundwater (i.e., gas stations and dry cleaners) would be prohibited.

Alternatives to this action were rejected because not developing the subject property with federally listed species present was not economically feasible and alteration of the project design would increase the impacts.

Bryan Arroyo,

Acting Regional Director, Region 2, Albuquerque, New Mexico.

BILLING CODE 4510-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[MT-929-01-1420-HE]

Montana: Filing of Plat of Survey

AGENCY: Bureau of Land Management, Montana State Office, Interior.

ACTION: Notice.

SUMMARY: The plat of the following described land is scheduled to be officially filed in the Montana State Office, Billings, Montana, thirty (30) days from the date of this publication.

T. 20 N., R. 58 E., P.M., MT

The plat, representing the dependent resurvey of portions of the south boundary, subdivisional lines and the adjusted original meanders of the right bank of a channel of the Yellowstone River, downstream, through section 34, the subdivision of section 34, and the survey of the present right bank of a channel of the Yellowstone River, downstream, through section 34 and a certain division of accretion line in section 34, Township 20 North, Range 58 East, Principal Meridian, Montana, was officially accepted May 29, 2001.

The survey was requested by the Miles City Field Office and was necessary to identify accretion and
