SUPPLEMENTARY INFORMATION:

I. Background: The Wage and Hour Division (WHD) of the Department of Labor (Department) administers the Migrant and Seasonal Agricultural Worker Protection Act (MSPA), 29 U.S.C. 1801 *et seq.* MSPA protects migrant and seasonal agricultural workers by establishing employment standards related to wages, housing, transportation, disclosures, and recordkeeping. MSPA also requires farm labor contractors and farm labor contractor employees to register with the Department and to obtain special authorization before housing workers, using a vehicle to transport workers, or driving such vehicles. MSPA requires any person who owns or controls any facility or real property that is used to house migrant agricultural workers to post a copy of the certificate of occupancy at the site of the facility or real property. The certificate attests that a state, local, or federal agency conducted a housing safety and health inspection and verified that the facility or real property meets the applicable safety and health standards. Migrant agricultural workers may not be housed at any facility or real property without such certificate of occupancy. The original certificate must be retained by the person who owns or controls the facility or real property for 3 years and

made available for inspection upon the Department's request. The Department makes optional form WH-520 available for these purposes. Form WH-520 is both an information gathering form and a certificate of occupancy that WHD issues when it is the federal agency conducting the safety and health inspection.

II. Review Focus: The Department is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Enhance the quality, utility, and clarity of the information to be collected;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

III. Current Actions: The Department seeks an approval for the extension of this information collection that requires any person owning or controlling any facility or real property to be occupied by migrant agricultural workers to obtain a certificate of occupancy.

SUPPLEMENTARY INFORMATION:

I. Background

The Wage and Hour Division (WHD) of the Department of Labor (DOL) administers the Employee Polygraph Protection Act of 1988 (EPPA), 29 U.S.C. 2001 *et seq.* The EPPA prohibits most private employers from using any lie detector tests either for pre-employment screening or during employment. The Act contains an exemption applicable to federal, state, and local government employers. The EPPA also contains several limited exemptions authorizing polygraph tests under certain conditions, including testing (1) by the federal government of experts, consultants, or employees of Federal contractors engaged in national security intelligence or counterintelligence functions; (2) of employees the employer reasonably suspects of involvement in a workplace incident resulting in economic loss or injury to the employer's business; (3) of some prospective employees of private armored cars, security alarm and security guard firms; and (4) of some current and prospective employees of certain firms authorized to manufacture, distribute, or dispense controlled substances. WHD may assess civil money penalties against employers who violate any EPPA provision. This amount increases annually due to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015.
