#### **SUPPLEMENTARY INFORMATION:**

##### **Contents**

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection’s supporting statement and associated materials (see **ADDRESSES**).

##### **CMS-216-94 Organ Procurement Organization/Histocompatibility Laboratory Cost Report**

##### **CMS-10224 Healthcare Common Procedure Coding System (HCPCS)—Level II Code Modification Request Process**

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests

or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

#### **Information Collection**

##### *2. Type of Information Collection*

*Request:* Extension of a currently approved collection; *Title of Information Collection:* Healthcare Common Procedure Coding System (HCPCS)—Level II Code Modification Request Process; *Use:* Each year, in the United States, health care insurers process over 5 billion claims for payment. For Medicare and other health insurance programs to ensure that these claims are processed in an orderly and consistent manner, standardized coding systems are essential. The Healthcare Common Procedure Coding System (HCPCS) Level II Code Set is one of the standard code sets used for this purpose. Level II of the HCPCS, also referred to as alpha-numeric codes, is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulatory services and durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) when used in the home or outpatient setting.

The HCPCS codeset has been maintained and distributed via

modifications of codes, modifiers and descriptions, as a direct result of data received from applicants. The HCPCS codeset maintenance is an ongoing process, as changes are implemented and updated annually; therefore, the process requires continual collection of information from applicants on an annual basis. As new technology evolves and new devices, drugs and supplies are introduced to the market, applicants submit applications to us requesting modifications to the HCPCS Level II codeset. *Form Number:* CMS-10224 (OCN: 0938-1042); *Frequency:* Annually; *Affected Public:* Private sector—Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 300; *Total Annual Responses:* 300 *Total Annual Hours:* 3,300. This project is an evaluation of the implementation and progress of the Community First Choice (CFC) Option. The project is designed to assist us along with the Congress in our understanding of: States' CFC implementation plans, the effectiveness of the CFC Option on individuals receiving home- and community-based attendant care, and States' spending on long-term services and supports.

Researchers will request data from States approved for CFC via a data from and semi-structured interviews. To provide comparative information to the Secretary, researchers will also collect data from States that have decided not to pursue the CFC option. Data will be analyzed and developed into a report to Congress which will evaluate the effectiveness of the CFC option, the program's impact on participants' physical and emotional health, and a comparative analysis of the costs of community-based services and those provided in institutional settings. *Form Number:* CMS-10462 (OCN: 0938-New); *Frequency:* Once; *Affected Public:* Individuals and households, Private sector—Business or other for-profits and Not-for-profit institutions, and State, Local, or Tribal Governments; *Number of Respondents:* 108; *Total Annual Responses:* 126; *Total Annual Hours:* 225.
