Please reference RIN 3135–AA35 in your correspondence.</p> <p>SUPPLEMENTARY INFORMATION:</p> <p>1. Background</p> <p>On August 28, 2020, the National Endowment for the Arts (NEA) published an interim final rule governing the issuance of guidance documents entitled “Processes and Procedures for Issuing Guidance Documents” (85 FR 53186). The rule implemented the directives set forth in Executive Order (E.O.) 13891 of October 9, 2019 (Promoting the Rule of Law Through Improved Agency Guidance Documents).</p> <p>E.O. 13992 of January 20, 2021 (Revocation of Certain Executive Orders Concerning Federal Regulation), revokes E.O. 13891 and directs the heads of agencies to promptly take steps to rescind any orders, rules, regulations, guidelines, or policies, or portions thereof implementing or enforcing E.O. 13891, as appropriate and consistent with applicable law, including the</p>				
<p>Administrative Procedure Act, 5 U.S.C. 551 <i>et seq.</i> In accordance with E.O. 13992, the NEA is issuing this rule, which rescinds the rule published at 85 FR 53186.</p> <p>2. Compliance</p> <p><i>Administrative Procedure Act</i></p> <p>This rule incorporates requirements of E.O. 13992 and the NEA’s existing internal policy and procedures into the CFR. Therefore, in accordance with 5 U.S.C. 553, there is good cause for this rule of Agency organization, procedure, or practice, to be enacted without notice and comment. See 5 U.S.C. 553(b)(A).</p> <p><i>Executive Order 12866</i></p> <p>This rule is an internal rule of agency procedure and is not a significant regulatory action under Executive Order 12866.</p> <p><i>Regulatory Flexibility Act</i></p> <p>As required by the Regulatory Flexibility Act of 1980 (5 U.S.C. 605 (b)), the NEA certifies that this rule, if adopted, will not have a significant economic impact on a substantial number of small entities.</p> <p><i>Unfunded Mandates</i></p> <p>For purposes of Title II of the Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1531–1538, as well as Executive Order 12875, this regulatory action does not contain any Federal mandate that may result in increased expenditures in either Federal, state, local, or tribal governments in the aggregate, or impose an annual burden exceeding \$100 million on the private sector.</p> <p><i>Paperwork Reduction Act</i></p> <p>The rule does not contain any information collection requirement subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 <i>et seq.</i>).</p> <p><i>Executive Order 13132, Federalism</i></p> <p>Executive Order 13132, Federalism, prohibits an agency from publishing any rule that has federalism implications if the rule imposes substantial direct compliance costs on state and local governments and is not required by statute, or the rule preempts state law,</p>				
<p>unless the agency meets the consultation and funding requirements of section 6 of the Executive order. This rule does not have any federalism implications, as described above.</p> <p><i>Congressional Review Act</i></p> <p>This action pertains to agency management, personnel, and organization and does not substantially affect the rights or obligations of nonagency parties and, accordingly, is not a “rule” as that term is used by the Congressional Review Act (Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA)). Therefore, the reporting requirement of 5 U.S.C. 801 does not apply. However, for each final guidance document issued pursuant to these regulations and adopted by the NEA, it will submit appropriate reports to Congress and the Government Accountability Office (GAO) and comply with the procedures specified by 5 U.S.C. 801.</p> <p>List of Subjects in 45 CFR Part 1157</p> <p>Administrative practice and procedure.</p> <p>PART 1157—[REMOVED AND RESERVED]</p> <p>■ For reasons set forth in the preamble, and under the authority of 20 U.S.C. 959, the NEA removes and reserves 45 CFR part 1157.</p> <p>Dated: October 19, 2021.</p> <p>Meghan Jugder, <i>Support Services Specialist, Office of Administrative Services & Contracts, National Endowment for the Arts.</i></p>

Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it

received final OMB approval on October 4, 2021, for the information collection requirement contained in the Commission's new rule in 47 CFR part 90.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The OMB Control Number is 3060–1293.

The foregoing is required by the Paperwork Reduction Act of 1995, Public Law 10413, October 1, 1995, and 44 U.S.C. 3507.

The total annual reporting burdens and costs for the respondents are as follows:

Needs and Uses: On November 20, 2020, the Federal Communications Commission released a First Report and Order, Further Notice of Proposed Rulemaking (FNPRM), and Order of Proposed Modification, *Use of the 5.850–5.925 GHz Band*, ET Docket No. 19–138. Among other things, the Commission repurposed 45 megahertz of the 5.850–5.925 GHz band (the 5.9 GHz band), specifically the spectrum from 5.850–5.895 GHz, to allow for the

expansion of unlicensed operations into the sub-band. At the same time, the Commission recognized that the 5.9 GHz band plays an important role in supporting intelligent transportation system (ITS) operations, and therefore continued to dedicate 30 megahertz of the 5.9 GHz band, specifically the sub-band from 5.895–5.925 GHz, for use by the ITS radio service. In addition, to promote the most efficient and effective use of the remaining ITS spectrum, the Commission will require ITS operations in the 5.895–5.925 GHz sub-band to transition from the current technology, Dedicated Short-Range Communications (DSRC), to the emerging Cellular Vehicle-to-Everything (C–V2X)-based technology by the end of a transition period to be decided following action on the FNPRM (86 FR 23323, May 3, 2021).

The provisions in 47 CFR 90.372 require DSRC licensees to notify the Commission that they have ceased operations in the 5.850–5.895 GHz sub-band.

Federal Communications Commission.

Katura Jackson,

Federal Register Liaison Officer.
