

textured yarn from China and India.<sup>1</sup> On December 2, 2024, the ITC instituted,<sup>2</sup> and Commerce initiated,<sup>3</sup> the first sunset review of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and countervailable subsidies, and therefore, notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should the *Orders* be revoked.<sup>4</sup>

On June 24, 2025, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>5</sup>

### Scope of the Orders

The merchandise covered by these *Orders*, polyester textured yarn, is synthetic multifilament yarn that is manufactured from polyester (polyethylene terephthalate). Polyester textured yarn is produced through a texturing process, which imparts special properties to the filaments of the yarn, including stretch, bulk, strength, moisture absorption, insulation, and the appearance of a natural fiber. This scope includes all forms of polyester textured yarn, regardless of surface texture or appearance, yarn density and thickness (as measured in denier), number of filaments, number of plies, finish (luster), cross section, color, dye method, texturing method, or packing method (such as spindles, tubes, or beams).

Excluded from the scope of these *Orders* is bulk continuous filament yarn

that: (a) is polyester synthetic multifilament yarn; (b) has denier size ranges of 900 and above; (c) has turns per meter of 40 and above; and (d) has a maximum shrinkage of 2.5 percent.

The merchandise subject to these *Orders* is properly classified under subheadings 5402.33.3000 and 5402.33.6000 of the Harmonized Tariff Schedule of the United States (HTSUS). Merchandise subject to these *Orders* may also enter under HTSUS subheading 5402.52.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

### Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be June 24, 2025. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Orders* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

### Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

### Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act and published in accordance with section 777(i) of the Act, and 19 CFR 351.218(f)(4).

Dated: June 24, 2025.

### Endangered Species; File No. 28678

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; receipt of application.

**SUMMARY:** Notice is hereby given that Mariana Fuentes, Ph.D., Florida State University, 3263 Foley Drive, Tallahassee, FL 32309, has applied in due form for a permit to take green (*Chelonia mydas*), Kemp's ridley (*Lepidochelys kempii*), hawksbill (*Eretmochelys imbricata*), and loggerhead (*Caretta caretta*) sea turtles for purposes of scientific research.

**DATES:** Written comments must be received on or before July 28, 2025.

**ADDRESSES:** The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 28678 from the list of available applications. These documents are also available upon written request via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov).

Written comments on this application should be submitted via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). Please include File No. 28678 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). The request should set forth the specific reasons why a hearing on this application would be appropriate.

**FOR FURTHER INFORMATION CONTACT:** Erin Markin, Ph.D., or Amy Hapeman, (301) 427–8401.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

The applicant proposes to continue research and monitoring to study the

spatiotemporal distribution, composition, foraging patterns, habitat use, movement, species segregation, and threats to sea turtles along the Gulf coast of Florida. Researchers would capture up to 232 green, 10 hawksbill, 115 Kemp's ridley, and 150 loggerhead sea turtles by hand, dip net, or strike net, annually. Researchers would perform the following procedures on sea turtles prior to their release: mark (temporary carapace, flipper tag, and passive integrated transponder tag), biologically sample (blood, scute, and skin), measure, weigh, photograph, and video. A subset of green, Kemp's ridley, and loggerhead sea turtles may receive one instrument attachment at a time. The permit is requested for 10 years.

#### Endangered Species; File No. 29010

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; receipt of application.

**SUMMARY:** Notice is hereby given that the Caribbean Oceanic Restoration and Education Foundation (Responsible Party: Rebecca Gibbel, DVM), has applied in due form for a permit to take pillar coral (*Dendrogyra cylindrus*) for purposes of enhancement.

**DATES:** Written comments must be received on or before July 28, 2025.

**ADDRESSES:** The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 29010 from the list of available applications. These documents are also available upon written request via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov).

Written comments on this application should be submitted via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). Please include File No. 29010 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request

via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). The request should set forth the specific reasons why a hearing on this application would be appropriate.

**FOR FURTHER INFORMATION CONTACT:** Erin Markin, Ph.D. or Amy Hapeman, (301) 427-8401.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The applicant proposes to conduct response activities for pillar coral in the U.S. Virgin Islands (USVI). The objective of this project is to improve the survival of pillar coral by responding to incidents of damage or threats in the wild. Restoration practitioners would collect up to three colonies or parts of colonies annually. Colonies or fragments would be reattached or stabilized in the same location or at new locations within waters of the USVI. The permit is requested for 10 years.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[RTID 0648-XE874]

#### Marine Mammals; File No. 28912

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; issuance of permit.

**SUMMARY:** Notice is hereby given that a permit has been issued to Daniel Costa, Ph.D., University of California at Santa Cruz, 130 McAlister Way, Santa Cruz, CA 95060 to conduct research on California sea lions (*Zalophus californianus*).

**ADDRESSES:** The permit and related documents are available for review upon written request via email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov).

**FOR FURTHER INFORMATION CONTACT:** Sara Young or Shasta McClenahan, Ph.D., (301) 427-8401.

**SUPPLEMENTARY INFORMATION:** On March 18, 2025, notice was published in the

**Federal Register** (90 FR 12525) that a request for a permit to conduct research on California sea lions had been submitted by the above-named applicant. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The permit authorizes research on California sea lions throughout their range to investigate their foraging ecology, habitat use, and health. Research activities include: unmanned aircraft system, vessel and ground surveys for counts, photography, observations, and acoustic playbacks; captures, including sedation, anesthesia, restraint, morphometrics, marking, external instrument attachment, biological sampling, and ultrasound; and collection, import, export, and receipt of pinniped parts. Ten non-target species of non-ESA listed cetaceans and four non-target non-ESA listed species of pinnipeds may be disturbed during these studies. See the application for complete numbers of animals requested by species and procedure, including unintentional mortalities. The permit is valid until May 31, 2035.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.
