

Federal agencies to assess the effects of their regulatory actions not specifically required by law. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

**Taking of Private Property**

This proposed rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

**Civil Justice Reform**

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

**Protection of Children**

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

**Environment**

We considered the environmental impact of this proposed rule and concluded that, under figure 2-1, paragraph (34)(b), of Commandant Instruction M16475.1C, this proposed rule is categorically excluded from further environmental documentation. The proposed rule is excluded under paragraph (34)(b) because it is administrative in nature and has no environmental effect. A "Categorical Exclusion Determination" is available in the docket where indicated under ADDRESSES.

**Loan Guaranty: Title Evidence Requirements and Occupancy Requirements for Conveyance of Properties to VA by Holders; Acceptance of Partial Payments; Indemnification of Default**

**AGENCY:** Department of Veterans Affairs.  
**ACTION:** Proposed rules: withdrawal.

**SUMMARY:** This document withdraws the proposal to amend the loan guaranty regulations that was published in the **Federal Register** on August 6, 1990 (55 FR 31847). We proposed to authorize the Secretary of Veterans Affairs to specify the title documentation required from the holder when VA acquires a property which was financed with a VA-guaranteed loan that has been terminated and to authorize the Secretary of Veterans Affairs to establish a date by which VA must receive such title documentation from the holder. Further, we proposed to require that a property acquired by VA be vacant

when conveyed to VA unless someone properly in possession by virtue of a redemption period occupies it or VA otherwise directs the holder. This document also withdraws the proposal to amend the loan guaranty regulations that was published in the **Federal Register** on March 2, 1994 (59 FR 9944). In the March 2, 1994 document, we proposed to change the regulations by requiring that the mortgage holder provide notice to VA when refusing to accept partial payment on a loan in default and to clarify when a veteran is liable to VA for a loss due to a loan default. We are reconsidering the issues raised in both proposed rules in light of changes that have occurred in the industry since the proposals were promulgated. These issues may be the subject of a future rulemaking proceeding.

**AGENCY:** Environmental Protection Agency (EPA)

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve the New York supplementary submittal for meeting EPA's conditional approval of the New York State Plan for regulating existing Municipal Solid Waste Landfills. The supplemental submittal documents that, except for two landfills, all are in compliance. A Title V permit containing a compliance schedule with all five federally enforceable increments of progress has been provided for one landfill and the other landfill is undergoing an applicability determination. A detailed rationale for the approval is set forth in the direct final rule. If EPA receives no adverse comments, EPA will not take further action on this proposed rule. If EPA receives adverse comments, EPA will withdraw the direct final rule and it will not take effect. EPA will address all public comments in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

## FEDERAL EMERGENCY MANAGEMENT AGENCY

### 44 CFR Part 62

RIN 3067-AD23

### National Flood Insurance Program; Assistance to Private Sector Property Insurers

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Proposed rule.

**SUMMARY:** Based on recent cost information, we (FEMA) propose to adjust the expense allowance under the Financial Assistance/Subsidy Arrangement between the Federal Insurance Administrator and the private sector insurers that sell and service flood insurance.

**DATES:** Comments on this proposed rule should be received on or before June 11, 2001.

**ADDRESSES:** Please submit any written comments to the Rules Docket Clerk, Office of the General Counsel, Federal Emergency Management Agency, 500 C Street, SW., room 840, Washington, DC 20472, (facsimile) 202-646-4536, or (email) [rules@fema.gov](mailto:rules@fema.gov).

**FOR FURTHER INFORMATION CONTACT:** Edward L. Connor, Federal Emergency Management Agency, Federal Insurance Administration, 500 C Street SW., Washington, DC 20472, 202-646-3443, (facsimile) 202-646-3445, (email) [Edward.Connor@fema.gov](mailto:Edward.Connor@fema.gov).

**SUPPLEMENTARY INFORMATION:** Under the Financial Assistance/Subsidy Arrangement between the Federal Insurance Administrator and the private sector insurers that sell and service flood insurance under the Write Your Own (WYO) program, participating insurers are entitled to an expense allowance—a portion of the flood premiums from the policies that the insurers sell. The expense allowance is based on data for the property/casualty industry published, as of March 15 of the prior Arrangement year, in Part III of the Insurance Expense Exhibit in A.M. Best Company's Aggregates and Averages for five property coverages.

Based on our analysis of recent expense information from the companies, we conclude that we should increase the current expense allowance under the Arrangement. We are therefore proposing a change in the expense allowance to reflect this new cost information.

### National Environmental Policy Act (NEPA)

NEPA imposes requirements for considering the environmental impacts of agency decisions. It requires that an agency prepare an Environmental Impact Statement (EIS) for "major federal actions significantly affecting the quality of the human environment." If an action may or may not have a significant impact, the agency must prepare an environmental assessment (EA). If, as a result of this study, the agency makes a Finding of No Significant Impact (FONSI), no further
