

related activities, and the Miscellaneous Factor for mail processing-related activities. *Id.*

To be more consistent with the current Cost and Revenue Analysis (CRA) methodology, Proposal Fourteen seeks to update several Special Services cost models by adding the appropriate Waiting Time Adjustment Factor and Miscellaneous Factors. *Id.* These cost models include Caller Service, Certificate of Mailing, Correction of Mailing List, Signature Confirmation, Periodicals Applications, P.O. Box Key and Lock, Restricted Delivery, and Zip Coding of Mailing List. *Id.* at 19–20. The Postal Service submitted updated cost models in files “Proposal14NonPublic.xls,” filed under seal, and “Proposal14Public.zip.” *Id.* at 20.

The Postal Service illustrates the impact that Proposal Fourteen would have had on the unit costs reported in the FY 2010 ACR in a table on page 20 of the Petition. It includes an unredacted version of the table in Excel workbook “Proposal14Impact.xls,” filed under seal. *Id.*

Proposal Fifteen: proposed changes in cost models related to Return Receipt service. The purpose of Proposal Fifteen is to correct and improve the cost models related to Return Receipt service, which are filed as a library reference in the FY 2010 ACR.⁷ The Postal Service states that several Return Receipt options are available to customers: The traditional Return Receipt (PS Form 3811), electronic Return Receipt (eRR), Return Receipt for Merchandise, and Return Receipt after Mailing. Petition at 21. It explains that the original cost study and models for Return Receipt service were developed in 1976 and updated in Docket Nos. MC96–3, R2000–1, and R2001–1. *Id.*

The Postal Service notes that the studies are being updated again because some of the steps in the model are no longer performed, and some inadvertent errors appear in the current models. *Id.* It asserts that Proposal Fifteen will better align the Return Receipt service cost models with current operations and correct errors in those models. *Id.*

Specifically, to be consistent with current CRA methodology, the Postal Service proposes to add Waiting Time and Miscellaneous (window overhead) factors to the window activities cost estimation for Return Receipt (PS Form 3811), eRR, and Return Receipt after

Mailing.⁸ It seeks to add an overhead factor to the delivery activities for Return Receipt (PS Form 3811) and remove printing costs from the eRR model that were erroneously included in the original model. *Id.* at 23.

Proposal Fifteen would also incorporate the Return Receipt (PS Form 3811) material costs into the model for Return Receipt for Merchandise. *Id.* The Postal Service explains that these costs were excluded from the original model. *Id.* It asserts that the overall costs of Return Receipt for Merchandise decrease in the revised model because the time to collect the signature is lower than that in the original model. *Id.* The Postal Service illustrates the impact that Proposal Fifteen would have had on the unit costs reported in the FY 2010 ACR in a table on page 24 of the Petition.

The Petition and spreadsheets illustrating Proposals Nine through Fifteen are available for review on the Commission’s Web site, <http://www.prc.gov>. The Postal Service filed certain materials under seal.⁹

National Oil and Hazardous Substances Pollution Contingency Plan National Priorities List: Deletion of the Martin-Marietta/Sodyeco Superfund Site

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule, reopening of comment period.

SUMMARY: The Environmental Protection Agency (EPA) Region 4 issued a Notice of Intent to Delete the Martin-Marietta/Sodyeco Superfund Site from the National Priorities List (NPL) on September 30, 2011, (76 FR 60777). The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or Superfund) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). EPA, with the concurrence of the State of North Carolina, through the Department of Environment and Natural Resources (DENR), has determined that all appropriate response actions under CERCLA, other than operation, maintenance, and five-year reviews, have been completed.

The rationale for deleting the Martin-Marietta/Sodyeco Superfund Site has not changed. The **Federal Register** notice for the proposed deletion (76 FR 60777) discusses this rationale in detail.

DATES: Comments concerning the proposed deletion may be submitted to EPA on or before December 19, 2011.

ADDRESSES: Submit your comments, identified by Docket ID no. EPA–R04–SFUND–2011–0749, by one of the following methods:

Instructions: Direct your comments to Docket ID no. EPA-R04-SFUND-2011-0749. EPA's policy is that all comments received will be included in the docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless a comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or email. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through <http://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any electronic files you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Atlantic Coastal Fisheries Cooperative Management Act Provisions; American Lobster Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes new Federal American lobster regulations that would limit entry into the lobster trap fishery in Lobster Conservation Management Area 1 (Federal inshore waters-Gulf of Maine). Upon qualification, permit holders would be allowed to fish in Area 1 with up to 800 lobster traps. The proposed limited entry program

responds to the recommendations for Federal action in the Atlantic States Marine Fisheries Commission's (Commission) Interstate Fishery Management Plan for American Lobster.

DATES: We must receive your comments no later than 5 p.m. eastern standard time on January 3, 2012.

You may submit comments on this document, identified by NOAA-NMFS-2011-0234, by any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal <http://www.regulations.gov>.
