In addition, the Department notes that Micron affirmatively supports revocation of the order in this sunset review. Given that the Department no longer finds that revocation of the order would be likely to lead to the continuation of dumping, pursuant to section 751(d)(2) of the Act and section 351.222(i)(1) of the *Sunset Regulations*, the Department hereby revokes the order on DRAMs from Korea.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department's regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This five-year ("sunset") review and notice are in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

#### *Effective Date of Revocation*

Pursuant to section 751(c)(6)(A)(iv) of the Act, the Department will instruct the United States to terminate the suspension of liquidation of the merchandise subject to this order entered, or withdrawn from warehouse, on or after January 1, 2000.
