DATES: Comment Due Date: October 24, 2006.

ADDRESSES: Interested persons are invited to submit comments regarding this proposed information collection requirement. Comments should refer to the proposal by name and/or OMB Control Number, and should be sent to: Myron Newry, Director, FHIP Support Division, Office of Programs, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 5222, Washington, DC 20410–2000.

(Hearing or speech-impaired individuals may access this number via TTY by calling the toll-free Federal Information Relay Service at: 1–800–877–8339.)

SUPPLEMENTARY INFORMATION: The Department is submitting this proposed information collection requirement to the OMB for review, as required under the Paperwork Reduction Act of 1995 [44 U.S.C. Chapter 35, as amended]. Required forms for applicants were approved under Departmental clearance under the SuperNOFA process. We have included three new quarterly reporting

forms for your review. These forms replace information that had previously been supplied in narrative format.

This notice solicits comments from members of the public and affected agencies concerning the proposed information collection in order to: (1) Evaluate whether the proposed information collection is necessary for the proper performance of the Department's program functions; (2) Evaluate the accuracy of the Department's assessment of the paperwork burden that may result from the proposed information collection; (3) Enhance the quality, utility and clarity of the information which must be collected; and (4) Minimize the burden of the information collection on responders, including the use of appropriate automated collection techniques or other forms of information technology (e.g., electronic transmission of data).

Title of Regulation: 24 CFR Part 125, Fair Housing Initiatives Program.

OMB Control Number, if applicable: 2529–0033.

Description of the need for the information and proposed use: This is a revision of the currently approved information collection for selecting applicants for the Fair Housing Initiatives Program (FHIP) grants that will be part of the Notice of Funding Availability (NOFA). These grants are to fund fair housing enforcement and/or education and outreach activities under the following initiatives: Administrative Enforcement; Private Enforcement, Education and Outreach, and Fair Housing Organizations. Information is also collected to monitor grants and grant funds. Proposed revisions to the currently approved information collection include: changes in the program description from "Fair Housing Initiatives Program Grant Application" to "Fair Housing Initiatives Program Grant Application and Monitoring Reports" and changing the application submission process from paper to electronic via the web. Monitoring reports will continue to be submitted manually in paper format. In the event that monitoring reports become electronic, HUD anticipates changes in the related paperwork reduction process at that time.

Agency form number(s), if applicable: Not applicable since HUD forms and formats were identified in the SuperNOFA General and FHIP Program Sections as well as the automated grant announcement.

Members of affected public: The collection of information involves Qualified Fair Housing Organizations (QFHOs); Fair Housing Organizations

(FHOs); public or private non-profit organizations or institutions and other public or private entities that are working to prevent or eliminate discriminatory housing practices; State and local governments; and Fair Housing Assistance Program Agencies.

Estimation of the total numbers of hours needed to prepare the information collection including the number of respondents, frequency of response, and hours of response: An estimation of 48,444 total hours will be needed to prepare the information collection. The number of respondents is 400 with a frequency response of 1 per annum, and the total hours per respondent is 86.50 hours for application development. The estimated 104 agencies that will receive funding will be required to submit quarterly and final reports, with approximately 60 of those 104 agencies also required to submit quarterly Enforcement Logs and Narrative Reports. The estimated number of respondents is based on the average of the number of submissions for Fiscal Years 2000 to 2006. The number of hours is an average based on grantee estimates of time to review instructions, search existing data sources, prepare required responses to the application, complete the certification, and assemble exhibits.

Status of the proposed information collection: Revision of a currently approved collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: August 10, 2006.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No FR-4743-N-08]

Notice of Planned Little Rock, AR Post-of-Duty Station

AGENCY: Office of the Inspector General, HUD.

ACTION: Notice of planned closing of the Little Rock, Arkansas post-of-duty station.

SUMMARY: This notice advises the public that HUD's Office of the Inspector General (HUD/OIG) plans to close its Little Rock, Arkansas post-of-duty station, and also provides a cost-benefit analysis of the impact of this closure.

FOR FURTHER INFORMATION CONTACT: Bryan Saddler, Counsel to the Inspector General, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 8260, Washington, DC 20410-4500, (202) 708-1613 (this is not a toll free number). A

telecommunications device for hearing-and speech-impaired persons (TTY) is available at 1-800-877-8339 (Federal Information Relay Services).

SUPPLEMENTARY INFORMATION: In 1997, HUD/OIG established a two-person post-of-duty station in Little Rock, Arkansas to give direct support to the Operation Safe Home (OSH) initiative to combat violent and drug related crime in the public and assisted housing in the city and nearby communities.

Nationwide experience since the initiation of OSH in 1994 had proven that the best results/impact could be obtained when an HUD/OIG Special Agent was physically located in the target city. However, in accordance with the requirements of the Fiscal Year 2002 HUD Appropriations Act (Pub. L. 107-73, approved November 26, 2001), HUD/OIG terminated OSH and began redeploying staff to focus on investigations involving single-family fraud and property flipping.

Following the termination of OSH, HUD/OIG staff in Little Rock were deployed to other activities. In January 2006, one of the two Little Rock special agent retired. Later, in July 2006, the sole remaining special agent transferred to another agency, leaving the office with no staff. It has been determined, that backfilling the two special agent positions is not viable due to current hiring and financial constraints.

Section 7(p) of the Department of Housing and Urban Development Act

(42 U.S.C. 3535(p)) provides that a plan for field reorganization, which may involve the closing of any HUD field or regional office may not take effect until 90 days after a cost-benefit analysis of the effect of the plan on the office in question is published in the **Federal Register**. The required cost-benefit analysis should include: (1) An estimate of cost savings anticipated; (2) an estimate of the additional cost which will result from the reorganization; (3) a discussion of the impact on the local economy; and (4) an estimate of the effect of the reorganization on the availability, accessibility, and quality of services provided for recipients of those services.

Legislative history pertaining to section 7(p) indicates that not all reorganizations are subject to the requirements of section 7(p). Congress stated that “[t]his amendment is not intended to [apply] to or restrict the internal operations or organization of the Department (such as the establishment of new or combination of existing organization units within a field office, the duty stationing of employees in various locations to provide on-site service, or the establishment or closing, based on workload, of small, informal offices such as valuation stations).” (See House Conference Report No. 95-1792, October 14, 1978 at 58.) The duty-stations in Little Rock, Arkansas is a single purpose duty station, and it is being closed based on workload rather than a reorganization of HUD/OIG field offices. Although notice of the closing of a duty station is not subject to the requirement of section 7(p), as supported by legislative history, HUD/OIG nevertheless prepared a cost benefit analysis for its own use in determining whether to proceed with the closing. Through this notice, HUD/OIG advises the public of the closing of the Little Rock, Arkansas duty station and provides the cost benefit analysis of the impact of the closure.

Impact of the Closure of the Little Rock, Arkansas Post-of-Duty Station

HUD/OIG considered the costs and benefits of closing the Little Rock, Arkansas post-of-duty station, and is publishing its cost-benefit analysis with this notice. In summary, HUD/OIG has determined that the closures will result in a cost savings, and, as a result of the size and limited function of the office, will cause no appreciable impact on the provision of authorized investigative services/activities in the area.

Cost-Benefit Analysis

A. Cost Savings: The post-of-duty station currently costs approximately \$1,988.00 per month for space rental. Additional associated overhead expenses (e.g., telephone service) are incurred to operate the post-of-duty station. Thus, closing the office will result in annual savings of at least \$25,356.00.

B. Additional Costs: It is anticipated that cost savings partially will be offset by travel costs associated with HUD/OIG staff having to travel to Little Rock, Arkansas for investigative purposes. However, a net savings has been forecast. Moreover, these travel costs would be incurred by HUD/OIG anyway prior to the recruitment of replacement staff for the office to be closed.

C. Impact on Local Economy: No appreciable impact on the local economy is anticipated. The post-of-duty station is co-located with office space leased by other federal agencies, and it is anticipated that the space can easily be re-leased to other tenants.

D. Effect on Availability, Accessibility and Quality of Services Provided to Recipients of Those Services: The establishment of the office was based entirely on the needs of the HUD/OIG to have special agents in closer proximity to OSH activities conducted in the Little Rock, Arkansas area. These activities have been terminated. Further, as was the case prior to the establishment of this office, special agents assigned to other HUD/OIG offices can cost-effectively address fraud investigations in the area.

For the reasons stated in this notice, HUD/OIG intends to proceed to close its Little Rock, Arkansas post-of-duty station at the expiration of the 90-day period from the date of publication of this notice.

Dated: August 16, 2006.

**Kenneth M. Donohue, Sr.,
Inspector General.**
