Title: Troubled Asset Relief Program (TARP)—Capital Purchase Program (CPP) Participants Use of Funds Survey.

Abstract: Authorized under the Emergency Economic Stabilization Act (EESA) of 2008 (Pub. L. 110-343), the Department of the Treasury has implemented several aspects of the Troubled Asset Relief Program (TARP). The TARP includes several components including a voluntary Capital Purchase Program (CPP) under which the Department has purchased qualifying capital in U.S. banking organizations. The CPP is an important part of the Department's efforts to restore confidence in our financial system and ensure that credit continues to be available to consumers and businesses. As an essential part of restoring confidence, the Treasury has committed to determining the effectiveness of the CPP. Additionally, American taxpayers are particularly interested in knowing how banks have used the money that Treasury has invested through the CPP. Consequently, the Treasury is seeking responses from banking institutions that have received CPP funds regarding: How the CPP investment has affected the banks' operations, how these institutions have used CPP funds, and how their usage of CPP funds has changed over time.

## SUPPLEMENTARY INFORMATION:

*Titles:* Agent Orange Registry Code Sheet, VA Form 10–9009.

OMB Control Number: 2900–0376. Type of Review: Reinstatement and Extension of a previously approved collection.

Abstract: VA employees obtain demographic data from existing records. The examining physician.

The examining physician, Environmental Health (EH) Coordinator (formerly identified as the Agent Orange coordinator)/or other designated personnel obtain the remainder of the information during the Agent Orange registry physical examination process. The information obtained from the Veteran is entered directly onto an electronic VA Agent Orange Form 10-9009, Agent Orange Registry Worksheet (formerly identified as an Agent Orange Registry Code Sheet), via a secured Web site http://vaww.registries.aac.va.gov by VA personnel and transmitted directly to the Environmental Agents Service (EAS) Agent Orange Registry database located at the Austin Information Technology Center (AITC), Austin, TX. Edits are automatically accomplished at the time of entry. The EAS Registries Web site allows you to edit pretty much all the information that has been entered. Some VA facilities will enter the information into the EAS Registries Web site while the Veteran is sitting in front of them. Other facilities will have the Veteran and the examiner complete the Agent Orange Worksheet on paper form, and then later enter the worksheet data into the EAS Registries Web site. VHA Handbook 1302.01, dated 9/5/06 states: "AOR worksheets and dated follow-up letters must be scanned, or

made electronic, and attached to an appropriately titled CPRS progress note."

The registry provides a mechanism to catalogue prominent symptoms, reproductive health, and diagnoses and to communicate with Agent Orange Veterans. VA keeps Veterans informed on research findings or new compensation policies through periodic newsletters. The voluntary, self-selected nature of this registry makes it valuable for health surveillance; however, it is not designed or intended to be a research tool and therefore, the results cannot be generalized to represent all Agent Orange Veterans. The Federal Register Notice with a 60-day comment period soliciting comments on this collection of information was published on October 6, 2016, Vol. 81, pages 69571-69572.

Affected Public: Individuals or households.

## SUPPLEMENTARY INFORMATION:

Title: Voice of the Veteran (VOV) Customer Satisfaction Continuous Measurement Survey.

OMB Control Number: 2900–0782. Type of Review: Revision of a currently approved collection.

Abstract: In 2008, VBA recognized a need to develop and design an integrated, comprehensive Voice of the Veteran (VOV) Continuous Measurement (CM) program for its lines of business: Compensation Service (CS), Pension Service (PS), Education (EDU) Service, Loan Guaranty (LGY) Service and Vocational Rehabilitation and Employment (VR&E) Service. The VOV CM program provides insight regarding Veterans and beneficiaries interactions with the benefits and services provided by VBA. The VOV CM provides VBA leadership with actionable Veteran feedback on how VBA is performing. These insights help identify opportunities for improvement and measure the impact of improvement initiatives.

VBA conducted a benchmark study in Fiscal Year 2013 (October 2012 through January 2013) in order to validate the survey instruments, identify Key Performance Indicators, and establish performance benchmarks. Findings and recommendations were presented to VBA Leadership and stakeholders within each line of business in April 2013.

Based on interviews conducted, VBA has separated the Veterans experience with VBA into two categories:

- 1. *Access* to a Benefit. This measures the enrollment experience transaction with the beneficiary or Veteran.
- 2. Servicing of a Benefit. This measures the ongoing relationship experiences with the beneficiary or Veteran.
