

NYSE Euronext indicated that more time is needed to complete the implementation of the automated controls required pursuant to Rules 15c3-5(c)(1)(ii) and (c)(2) for orders handled on a manual basis because the floor broker operations of broker-dealers with market access historically have used manual systematic controls for their risk management and regulatory purposes with respect to manual orders, and they will need additional time to complete the development and implementation of automated controls for such manual orders.¹⁷ NYSE Euronext explained that certain Floor Brokers initially believed that their existing combination of automated and manual controls would be sufficient for compliance with Rule 15c3-5,¹⁸ and only recently became aware that the required pre-trade controls under the Rule must be systemic and automated for compliance purposes.¹⁹ NYSE Euronext also explained that additional time would provide the NYSE Euronext with an opportunity to update Floor Broker-related systems and thereby facilitate compliance with the Rule by Floor Brokers.²⁰

III. Discussion

The Commission is temporarily exempting Floor Brokers from the automated controls requirement of Rules 15c3-5(c)(1)(ii)²¹ and (c)(2)²² until November 30, 2011. The Commission believes that providing additional time for such Floor Brokers to complete the development and implementation of automated controls pursuant to Rules 15c3-5(c)(1)(ii) and (c)(2) for orders handled on a manual basis, where manual systematic controls historically were used for risk management and regulatory purposes, is reasonable. In addition, the Commission believes that temporarily exempting Floor Brokers from the automated controls requirement of Rules 15c3-5(c)(1)(ii) and (c)(2) until November 30, 2011, should facilitate the orderly and meaningful implementation of the required automated risk management controls for those Floor Brokers that need more time to be in compliance with the Rule.

For the foregoing reasons, the Commission finds that granting the foregoing temporary exemption is necessary and appropriate in the public

interest, and is consistent with the protection of investors.

IV. Conclusion

It Is Hereby Ordered, pursuant to Rule 15c3-5(f),²³ that the floor broker operations of broker-dealers with market access that handle orders on a manual basis are temporarily exempted from the automated controls requirement of Rules 15c3-5(c)(1)(ii)²⁴ and (c)(2)²⁵ until November 30, 2011.

By the Commission.

Elizabeth M. Murphy,
Secretary.
