

Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S. 216th Street, Des Moines, WA 98198.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 by modifying the Class E airspace, designated as a surface area at Williston Basin International Airport, Williston, ND. This airspace is designed to contain terminal operations. An area to the northeast of the airport is proposed to contain IFR aircraft arriving runway 22 and aircraft departing runway 04.

Additionally, this action proposes to modify the Class E airspace extending upward from 700 feet above the surface. This airspace is designed to contain arriving IFR aircraft descending below 1,500 feet above the surface and departing IFR aircraft until reaching 1,200 feet above the surface. An area northeast and another southwest of the airport is proposed to contain IFR aircraft arriving and departing the airport.

Lastly, the action proposes to update the geographic coordinates in the Class E2 and Class E5 text headers. The coordinates should be updated to lat. 48°15'35" N, long. 103°45'02" W, to match the FAA database.

Class E2 and E5 airspace designations are published in paragraphs 6002, and 6005 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally

current, is non-controversial, and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, is amended as follows:

Paragraph 6002 Class E Airspace Designated as a Surface Area.

* * * * *

AGL ND E2 Williston, ND [Amended]

Williston Basin International Airport, ND (Lat. 48°15'35" N, long. 103°45'02" W)

That airspace extending upward from the surface within a 4.2-mile radius of the airport, and within 2.4 miles each side of the 045° bearing from the airport extending from the 4.2-mile radius to 6.8 miles northeast of the airport, and within 1.3 miles each side of the 135° bearing from the airport extending

from the 4.2-mile radius to 4.7 miles southeast of the airport, and within 1.3 miles each side of the 339° bearing from the airport extending from the 4.2-mile radius to 4.7 miles north of the airport.

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL ND E5 Williston, ND [Amended]

Williston Basin International Airport, ND (Lat. 48°15'35" N, long. 103°45'02" W)

That airspace extending upward from 700 feet above the surface within a 6.7-mile radius of the airport, and within 4.4 miles each side of the 044° bearing from the airport extending from the 6.7-mile radius to 9.8 miles northeast of the airport, and within 2 miles each side of the 053° bearing from the airport extending from the 6.7-mile radius to 12.4 miles northeast of the airport and within 3.3 miles each side of the 133° bearing from the airport extending from the 6.7-mile radius to 11.3 miles southeast of the airport, and within 2.1 miles each side of the 232° bearing from the airport extending from the 6.7-mile radius to 11.8 miles southwest of the airport, and within 3.8 miles each side of the 340° bearing from the airport extending from the 6.7-mile radius to 11 miles north of the airport; and that airspace extending upward from 1,200 feet above the surface within a 41-mile radius of the airport.

Issued in Des Moines, Washington, on April 16, 2021.

B.G. Chew,

Acting Group Manager, Operations Support Group, Western Service Center.

14 CFR Part 71

[Docket No. FAA–2021–0211; Airspace Docket No. 21–ANM–7]

RIN 2120–AA66

Proposed Establishment of Class E airspace; Mountain Home, ID

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to establish Class E domestic en route airspace extending upward from 1,200 feet above the surface at Mountain Home, ID. This airspace would facilitate vectoring of Instrument Flight Rules (IFR) aircraft and it would properly contain IFR aircraft operating on direct routes under the control of Salt Lake City Air Route Traffic Control Center (ARTCC). The FAA is proposing this

action to enhance the safety and management of IFR operations within the National Airspace System (NAS).

DATES: Comments must be received on or before June 7, 2021.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590; telephone: 1-800-647-5527, or (202) 366-9826. You must identify FAA Docket No. FAA-2021-0211; Airspace Docket No. 21-ANM-7, at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>.

FAA Order 7400.11E, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11E at NARA, email fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT:

Matthew Van Der Wal, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198; telephone (206) 231-3695.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it would establish Class E airspace at Mountain Home, ID, to support IFR operations within the NAS.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2021-0211; Airspace Docket No. 21-ANM-7". The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace

Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 by establishing Class E en route domestic airspace extending upward from 1,200 feet above the surface at Mountain Home, ID. This action would provide controlled airspace to facilitate vectoring of IFR aircraft under the control of Salt Lake City ARTCC. The airspace would also ensure proper containment of IFR aircraft operating on direct routes where the current en route structure is insufficient. This action would enhance the safety and management of IFR operations within the NAS.

Class E6 airspace designations are published in paragraph 6006 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F,

“Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 172

[Docket No. FDA–2021–F–0366]

General Mills, Inc.; Filing of Food Additive Petition

AGENCY: Food and Drug Administration, Department of Health and Human Services (HHS).

ACTION: Notification of petition.

SUMMARY: The Food and Drug Administration (FDA or we) is announcing that we have filed a petition, submitted by General Mills, Inc., proposing that the food additive regulations be amended to provide for the safe use of vitamin D₃ as a nutrient supplement in yogurt at a level higher than is currently permitted.

DATES: The food additive petition was filed on February 3, 2021.

ADDRESSES: For access to the docket to read background documents or comments received, go to <https://www.regulations.gov> and insert the docket number found in brackets in the heading of this document into the “Search” box and follow the prompts, and/or go to the Dockets Management Staff, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT: Marissa Santos, Center for Food Safety and Applied Nutrition, Food and Drug Administration, 5001 Campus Dr., College Park, MD 20740, 240–402–8160.

SUPPLEMENTARY INFORMATION: Under section 409(b)(5) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 348(b)(5)), we are giving notice that we have filed a food additive petition (FAP 1A4827), submitted on behalf of General Mills, Inc. by Exponent, 1150 Connecticut Ave. NW, Suite 1100, Washington, DC 20036. The petition proposes to amend the food additive regulations in § 172.380 (21 CFR 172.380) *Vitamin D₃* to provide for the safe use of vitamin D₃ as a nutrient supplement in yogurt at a level higher than what is currently permitted.

The petitioner has claimed that this action is categorically excluded under 21 CFR 25.32(k) because the substance is intended to remain in food through ingestion by consumers and is not intended to replace macronutrients in food. In addition, the petitioner has stated that, to their knowledge, no extraordinary circumstances exist that would warrant at least an environmental assessment (see 21 CFR 25.21). If FDA

determines a categorical exclusion applies, neither an environmental assessment nor an environmental impact statement is required. If FDA determines a categorical exclusion does not apply, we will request an environmental assessment and make it available for public inspection.

Dated: April 16, 2021.

Lauren K. Roth,

Acting Principal Associate Commissioner for Policy.

BILLING CODE 4164–01–P

POSTAL SERVICE

39 CFR Part 121

Service Standards for Market-Dominant Mail Products

AGENCY: Postal Service™.

ACTION: Proposed rule.

SUMMARY: The Postal Service seeks public comment on proposed revisions to the service standards for market-dominant mail products. The Postal Service proposes to apply a two-day service standard to intra-Sectional Center Facility (SCF) First-Class Mail where the SCF is both the origin and destination Processing & Distribution Center or Facility (P&DC/F), and to intra-SCF and inter-SCF First-Class Mail if the combined drive time between the origin P&DC/F, destination Area Distribution Center (ADC), and destination SCF is 3 hours or less. For inter-SCF First-Class Mail within the 48 contiguous states (which include, for purposes of these standards, the District of Columbia) where the combined drive time between the origin P&DC/F, destination ADC, and destination SCF is more than 3 hours, but does not exceed 20 hours, the Postal Service proposes a three-day service standard; the same standard would apply for intra-SCF First-Class Mail if the combined drive time exceeds 3 hours and the SCF is not the origin P&DC/F. The Postal Service proposes a four-day service standard for inter-SCF First-Class Mail within the 48 contiguous states where the combined drive time between the origin P&DC/F, destination ADC, and destination SCF is more than 20 hours, but does not exceed 41 hours; and for certain First-Class Mail originating from and/or destined to certain portions of the non-contiguous states and territories. A five-day service standard would apply in the 48 contiguous states if the combined drive time between the origin P&DC/F, destination ADC, and destination SCF exceeds 41 hours, and also for other
