Planning Criteria

Planning criteria have been developed to ensure that the plan amendment is tailored to the issues identified and ensure that unnecessary data collection and analysis would be avoided. These criteria may change in response to public comment and coordination with state and local governments or other Federal agencies. The criteria developed for the North Douglas County Plan Amendment are described below. The plan amendment will address the following decisions in the North Douglas County Planning Area:

1. Identify specific parcels of public lands for potential disposal through exchange, or under the R&PP Act to private entities.

2. Identify specific parcels of public lands for potential transfer to the Washoe Tribe or to another Federal

agency for management on behalf of the Tribe.

3. Adopt criteria for BLM acquisition of private lands or interests in lands within Douglas County.

4. Approximately 430 acres of BLM managed public lands located in North Douglas County will be affected by the decisions regarding land disposal through exchange, R&PP Act or transfer to the Tribe or other Federal agency for management on behalf of the Tribe.

5. A significant cultural resource site important to the Washoe Tribe exists on these lands and will require inventory, delineation, management and protection.

6. Criteria for BLM acquisition of lands or interests in lands will focus on the acquisition of conservation easements in the Carson River Flood Plain in order to protect agricultural lands and the associated open space values, wildlife habitat, and flood plain functions. Approximately 25,000 of private lands in the flood plain are expected to be threatened by development in the future.

7. Additional acquisition criteria will be developed or adopted for sensitive lands elsewhere in Douglas County.

8. No lands will be transferred out of or into Federal ownership as a direct result of this plan amendment. Specific exchange proposals or leases under the R&PP will be considered and analyzed case by case after the joint County Specific Plan and BLM Resource Management Plan Amendment are completed.
