6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

7. Executive Order 12372

Applications submitted in response to the FY 2000 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

As required by the FACA, RAC members appointed to the RAC must be balanced and representative of the various interests concerned with the management of the public lands. These include three categories:

Category One—Holders of federal grazing permits and representatives of energy and mineral development, timber industry, transportation or rights-of-way, off-highway vehicle use, and commercial recreation;

Category Three—Holders of State, county or local elected office, employees of a State agency responsible for management of natural resources, academicians involved in natural sciences, representatives of Indian tribes, and the public-at-large.

Individuals may nominate themselves or others. Nominees must be residents of the State or States in which the RAC has jurisdiction. Nominees will be evaluated based on their education, training, and experience and their knowledge of the geographical area of the RAC. Nominees should have demonstrated a commitment to collaborative resource decisionmaking. All nominations must be accompanied by letters of reference from represented interests or organizations, a completed background information nomination form, as well as any other information that speaks to the nominee's qualifications.
