

management measures for surfclams and ocean quahogs; and, develop quota specifications and associated management measures for Council consideration and action. The Ecosystem and Ocean Planning Committee will meet to review and discuss NMFS' Report to Congress [State of Science to Support an Ecosystem Approach to Regional Fishery Management—MSA Section 406(f)]; receive an update on status of proposed LNG facilities in the Mid-Atlantic Council's jurisdiction off New Jersey/New York; and, receive an overview of NMFS' role and responsibilities regarding non-fishery uses of the ocean. An evening scoping session for Sea Turtle Conservation and Recovery in Relation to the Atlantic Trawl Fisheries will be held. On Wednesday, June 10, the Council will convene to conduct its regular Business Session, receive Organizational, Council Liaison, Executive Director Reports, and receive a report on the status of MAFMC's FMPs. A presentation will be provided by NMFS officials on Sea Turtle Strategy and Potential Impacts on Mid-Atlantic Fisheries. The Council will review alternatives associated with the proposed management measures and select preferred alternatives for Amendment 11 to the Squid, Mackerel, and Butterfish FMP. The Council will also review and adopt the Public Hearing Document (PHD) and associated Draft Environmental Impact Statement (DEIS) regarding Amendment 11. The Council will review the Monkfish Advisory Panel, Oversight Committee, and the SSC recommendations, and identify measures to be developed and considered in the DEIS for Amendment 5 to the Monkfish FMP. The Council will review the SMB Committee's recommendations for 2010 quota specifications and associated management measures, and develop and adopt 2010 quota specifications and associated management measures for Atlantic mackerel, squids, and butterfish. The Council will review the Surfclam and Ocean Quahog Committee's recommendations for 2010 quota specifications (year 3 of the existing 2008–10 multi-year quota specifications) and associated management measures, and, as appropriate, adopt any changes to the 2010 quota specifications. On Thursday June 11, the Executive Committee will meet to review highlights of the May 2009 Council Coordination Committee (CCC) meeting, review and discuss proposed rules for Marine Protected Areas (MPA) designations and Council operations Statement of Operating

Practices and Procedures (SOPP), and consider scheduling a one-day meeting to address ACL/AM options. The ACL/AM Committee will review comments received during the current scoping period, and discuss possible additions, deletions, or modifications to description of alternatives to be considered in the Omnibus Amendment based on comments received. The Council will then receive a presentation by a New England Council official regarding its Essential Fish Habitat (EFH) Omnibus Amendment and potential impact on Mid-Atlantic Fisheries. The Council will receive a presentation by Rutgers University Scientists regarding "Developing Ecological Indicators for Spatial Fisheries Management" and a presentation by a NMFS' official regarding its Marine Debris Program. The Council will then hear Committee Reports and conduct any continuing and new business.

Although non-emergency issues not contained in this agenda may come before the Council for discussion, these issues may not be the subject of formal Council action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address such emergencies.
