

- If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow it to be reproduced.

- Illustrate your concerns with specific examples and suggest alternatives.

- Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

- Make sure to submit your comments by the comment period deadline identified.

H. What specific comments are being sought?

While all comments regarding any aspect of the draft drinking water PAG guidance will be considered, please comment on the following issues specifically:

- Please comment on the appropriateness of the drinking water PAG and the guidance for advance planning.

- Please comment on what implementation challenges might be associated with the two-tiered approach to the water PAG that EPA should consider, and suggest additional guidance that would be helpful.

- Please comment on whether (and if so why) EPA should reconsider using a single-tier drinking water PAG rather than tiered approach proposed in the draft action guide.

- Please suggest additional guidance that would aid pre-incident planning and implementation specific to your community's drinking water systems.

- Please comment on how this guidance should be implemented in emergency response and recovery plans at all levels of government, including considerations for public communications during an emergency.

In the future, calculations and derived response levels will be provided in the Federal Radiological Monitoring and Assessment Center (FRMAC) Assessment Manuals. Emergency planners are referred to FRMAC Monitoring and Sampling Methods to assess surface and drinking water impacts from a radiological emergency. See the Assessment and Monitoring & Sampling folders at <http://www.nv.doe.gov/nationalsecurity/homelandsecurity/frmac/manuals.aspx>. After considering public comments, EPA intends to issue a final PAG Manual, which will supersede the 1992 PAG Manual and the 2013 revised PAG Manual.

Dated: June 3, 2016.

Joel Beauvais,

Deputy Assistant Administrator, Office of Water.
