Our Preliminary Determination

The Service has made a preliminary determination that the applicant's project, including land clearing, infrastructure building, landscaping, and the proposed mitigation and minimization measures, would individually and cumulatively have a minor effect on the Alabama beach mouse and the human environment. Therefore, we have preliminarily determined that the proposed ESA section 10(a)(1)(B) permit would be a low-effect ITP that individually or cumulatively would have a minor effect on the Alabama beach mouse and may qualify for application of a categorical exclusion pursuant to the Council on Environmental Quality's NEPA regulations, DOI's NEPA regulations, and the DOI Departmental Manual. A low-effect incidental take permit is one that would result in (1) minor or nonsignificant effects on species covered in the HCP; (2) nonsignificant effects on the human environment; and (3) impacts that, when added together with the impacts of other past, present, and reasonable foreseeable actions, would not result in significant cumulative effects to the human environment.

Next Steps

The Service will evaluate the application and the comments received to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take on the species. We will consider the above in determining whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number PER0284585 to David Clampitt.

Authority

The Service provides this notice under section 10(c) of the Endangered Species Act (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.32) and the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1500–1508 and 43 CFR 46).

Additional Program information can be found at: <https://www.bia.gov/service/grants/ttgp>.

SUPPLEMENTARY INFORMATION: This OIED announcement for the forthcoming FY 2024 NATIVE Act Tribal Tourism Cooperative Agreement Notice of Funding Opportunity (NOFO) is intended to give interested applicants time to prepare their applications prior to the opening of the application period. The OIED expects the official NOFO solicitation to run for approximately 90 days on [Grants.gov](https://www.Grants.gov), from June 30, 2023,

through September 29, 2023, to receive applications. Additional information for the FY 2024 NATIVE Act Tribal Tourism Cooperative Agreement NOFO, as well as a link to the final NOFO posting on *Grants.gov*, will be available on OIED's website: Division of Economic Development | Indian Affairs (*bia.gov*).

The OIED will award one Cooperative Agreement for \$2,000,000.00 in annual funding, for a five-year active period of performance. This opportunity supports the implementation of Section 4(d) of the Native American Tourism and Improving Visitor Experience Act (Pub. L. 114–221) (NATIVE Act) in partnership with the Federal government. The Department of the Interior, through Indian Affairs, has been engaged in significant regionally focused Tribal tourism efforts since the inception of the NATIVE Act. The NATIVE Act requires identification of a means for delivering and coordinating Federal technical assistance and resources in collaboration with Federal partners, including the Secretary of the Interior, Secretary of Commerce and other Federal agencies and entities with tourism expertise.

In 2019, the Bureau awarded a multi-year cooperative agreement which focused on strengthening collaboration and coordination of Federal assets and resources to build and promote Tribal travel and tourism capacity on Federal and Tribal lands. The awardee for this new solicitation will build upon past efforts and serve as the facilitator between the Secretary of the Interior, Secretary of Commerce, Federal agencies, Indian tribes, tribal organizations, and Native Hawaiian organizations. The awardee, through a cooperative agreement, will continue to build, enhance and expand Federal tribal tourism inclusive of technical assistance, assets, and other potential resources needed to empower tribes and organizations to participate fully in the tourism industry. In addition, the recipient of this award will support the Federal government-to-government relationships with Tribal governments.

The successful entity or organization will also support a five-zone implementation in Alaska, Hawaii, Southwest, Northwest, and Eastern zones. The five-zone approach may be implemented through sub-awards and partnerships with subject matter experts or consultants that may include, but are not limited to universities and colleges, private consulting firms, and non-academic non-profit entities.

While OIED will not accept applications at this time, interested applicants may submit questions to the

program contacts. No project shall be funded that has comparable activities previously carried out under other Federal assistance programs. It is encouraged that applicants conduct the required registration activities for the System for Award Management (SAM), Unique Entity Identifier (UEI), and the Automated Standard Application for Payment (ASAP).

The required method of submitting proposals during the open solicitation period is through *Grants.gov*. For information on how to apply for grants in *Grants.gov*, see the instructions available at <https://www.grants.gov/help/html/help/Applicants/HowToApplyForGrants.htm>. Proposals must be submitted to *Grants.gov* no later than 5 p.m. EST by the deadline indicated on *Grants.gov*.

Eligible Applicants

Eligible applicants are Indian tribes and Tribal Organizations, as defined in Section 4 of the Indian Self-Determination and Education Assistance Act (ISDEAA) (25 U.S.C. 5304), including Tribal Consortia. Tribal Colleges and Universities are those institutions cited in section 532 of the Equity in Educational Land-Grant Status Act of 1994 (7 U.S.C. 301 note), any other institution that qualifies for funding under the Tribally Controlled Colleges and Universities Assistance Act of 1978 (25 U.S.C. 1801 *et seq.*), and Diné College, authorized in the Navajo Community College Act, Public Law 95–471, title II (25 U.S.C. 640a note). Native Hawaiian organization means a nonprofit organization: (A) that serves the interests of Native Hawaiians; (B) in which Native Hawaiians serve in substantive and policymaking positions, and; (C) that are recognized for having expertise in Native Hawaiian culture and heritage, including tourism.
