

Plan must also address the needs of individuals with TBI and their families.

State TBI Implementation Grants have been used to help States move toward a statewide system that will assure access to comprehensive and coordinated services for people with TBI. Through implementation grants, States focus on the key priorities identified in their statewide action plans. Since FY 1997, 26 States have received Implementation Grants, which have addressed the following initiatives within the program: (1) Leadership in integrating individuals with TBI and their families into the broader service delivery system; (2) Human resources, personnel, training, and education on TBI issues; (3) Data collection, evaluation, and information management to improve delivery of TBI services; (4) Public information and education regarding TBI issues; (5) and Coordination with other public health and disability community services.

As part of the reauthorization of the TBI program, in the Children's Health Act of 2000, a third grant category has been established—Post Demonstration Grants for States which have successfully completed a TBI Implementation Grant. The purpose of these grants is to continue the systems development efforts begun by an Implementation Grant. These new grants will address issues that will encompass specific State capacity building initiatives to contribute to sustainable change in the system of community services and supports that reflect the best practices in the field of traumatic brain injury.

This Notice announces availability of funds only for TBI Planning Grants and TBI Post Demonstration Grants. No awards will be made through the Notice for TBI Implementation Grants in FY 2001.

Authorization: Public Health Service Act, Title XII, Section 1252, 42 U.S.C. 300d-52, as amended by Public Law 106-310, Section 1304.

Purpose: The purpose of the TBI grant program is to improve access, availability, appropriateness and the acceptability of health and other services for people who have sustained a traumatic brain injury (TBI) and their families, through funding systems change initiatives. State TBI Planning Grants provide funds to assist States in developing infrastructure in the four identified "core capacity" components identified above. State TBI Post Demonstration Grants provide funds for capacity-building initiatives to contribute to sustainable change in their systems of community services and supports that reflect best practices.

Eligibility: For all TBI grants, State governments are the only eligible applicants for funding. It is understood that applications for a TBI Post-Demonstration Grant will come from the State agency designated as the lead for TBI services; the State must have completed a three-year State TBI Implementation Demonstration Grant.

Funding Level/Project Period: Approximately \$525,000 is available in FY 2001 to support seven State TBI State Planning awards, at \$75,000 per award, for project periods of up to two years. Approximately \$700,000 is available in FY 2001 to support seven TBI State Post Demonstration awards, at \$100,000 per award, for a one-year project period. For each award, the State must contribute, in cash or in kind (including plant, equipment and services), not less than \$1 for each \$2 of Federal funds provided under the TBI State Grants. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in the amount of such contributions.

The initial budget period for TBI Planning Grants is expected to be 12 months, with any subsequent budget period being 12 months. Continuation of any TBI project from one budget period to the next is subject to satisfactory performance, availability of funds, and program priorities.

Review Criteria: Applications will be reviewed using criteria covering the following areas:

- (1) State Planning Grants:
 - (a) The strength of the plan to develop a statewide Advisory Board.
 - (b) The adequacy of the State's methodology to develop the four "core capacity" components.
 - (c) The comprehensiveness of the approach to collaboration and partnership.
 - (d) The adequacy of the organizational and management plan.
- (2) Post Demonstration Grants:
 - (a) The capabilities of the designated State lead agency.
 - (b) The adequacy of the involvement of the statewide Advisory Board.
 - (c) The strength of the statewide TBI Action Plan in addressing community services and supports that reflect the best practice in the field of traumatic brain injury.
 - (d) The State's capacity building efforts.

Final criteria used to review and rank applications for this competition are included in the application kit. Applicants should pay strict attention to addressing these criteria, as they are the

basis upon which their applications will be judged.

Executive Order 12372: This program has been determined to be a program which is subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs by appropriate health planning agencies, as implemented by 45 CFR Part 100. Executive Order 12372 allows States the option of setting up a system for reviewing applications from within their States for assistance under certain Federal programs. The application packages to be made available under this notice will contain a listing of States which have chosen to set up such a review system and will provide a single point of contact (SPOC) in the States for review. Applicants (other than federally-recognized Indian tribal governments) should contact their State SPOCs as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. The due date for State process recommendations is 60 days after the application deadline for new and competing awards. The granting agency does not guarantee to "accommodate or explain" for State process recommendations it receives after that date. (See Part 148, Intergovernmental Review of PHS Programs under Executive Order 12372 and 45 CFR Part 100 for a description of the review process and requirements).

BILLING CODE 4160-15-U

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4644-N-23]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Clifford Taffet, room 7266, Department of Housing and Urban Development, 451 Seventh Street, SW, Washington,

DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Clifford Taffet at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: *Army*: Mr. Jeff Holste, Military Programs, U.S. Army Corps of Engineers, Installation Support Center, Planning Branch, Attn: CEMP-IP, 441 G Street, NW, Washington, DC 20314-1000; (202) 761-5737; *DOT*: Mr. Eugene Spruill, Principal, Space Management, SVC-140, Transportation Administrative Service Center, Department of Transportation, 400 7th Street, SW, Room 2310, Washington, DC 20590; (202) 366-4246; *Energy*: Mr. Tom Knox, Department of Energy, Office of Contract & Resource Management, MA-53, Washington, DC 20585; (202) 586-8715; *GSA*: Mr. Brian K.
