in average monthly, per-line support. Applicable annual reductions shall be subtracted from the total amount of interim hold-harmless support that a non-rural incumbent local exchange carrier otherwise would be eligible to receive on an ongoing, quarterly basis. The provisions of paragraph (b) of this section shall apply to the total amount of phased-down interim hold-harmless support provided to each non-rural incumbent local exchange carrier.

(1) Interim hold-harmless support for a wire center transferred to a carrier that does not meet the definition of rural telephone company in § 51.5 of this chapter shall be phased down following the transfer over the same time period as the seller's support would have been phased down, by an equal percentage for each year of the phase-down period.

(2) Interim hold-harmless support for a wire center transferred to a carrier that meets the definition of rural telephone company in § 51.5 of this chapter shall remain frozen at the per-line support level as of the sale date.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 000119014-0137-02; I.D. 121200H]

Fisheries of the Northeastern United States; Summer Flounder Fishery; Commercial Quota Harvested for North Carolina

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Commercial quota harvest.

SUMMARY: NMFS announces that the summer flounder commercial quota available to the State of North Carolina has been harvested. Vessels issued a commercial Federal fisheries permit for the summer flounder fishery may not land summer flounder in North Carolina for the remainder of calendar year 2000, unless additional quota becomes available through a transfer. Regulations governing the summer flounder fishery require publication of this notification to advise the State of North Carolina that the quota has been harvested and to advise vessel permit holders and dealer permit holders that no commercial quota is available for landing summer flounder in North Carolina.

DATES: Effective 0001 hours, December 17, 2000, through 2400 hours, December 31, 2000.

FOR FURTHER INFORMATION CONTACT: Paul H. Jones, Fishery Policy Analyst, (978) 281–9273.

SUPPLEMENTARY INFORMATION:

Regulations governing the summer flounder fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is apportioned on a percentage basis among the coastal states from North Carolina through Maine. The process to set the annual commercial quota and the percent allocated to each state is described in § 648.100.

The initial total commercial quota for summer flounder for the 2000 calendar year was set equal to 11,109,214 lb (5,039,055 kg)(65 FR 33486, May 24, 2000). The percent allocated to vessels landing summer flounder in North Carolina is 27.44584 percent, or 3,049,560 lb (1,383,257 kg).

Section 648.101(b) requires the Administrator, Northeast Region, NMFS (Regional Administrator) to monitor state commercial quotas and to determine when a state's commercial quota is harvested. The Regional Administrator is further required to publish a notification in the **Federal Register** advising a state and notifying
Federal vessel and dealer permit holders
that, effective upon a specific date, the
state's commercial quota has been
harvested and no commercial quota is
available for landing summer flounder
in that state. The Regional
Administrator has determined, based
upon dealer reports and other available
information, that the State of North
Carolina has attained its quota for 2000.

The regulations at § 648.4(b) provide that Federal permit holders agree as a condition of the permit not to land summer flounder in any state that the Regional Administrator has determined no longer has commercial quota available. Therefore, effective 0001 hours, December 17, 2000, further landings of summer flounder in North Carolina by vessels holding summer flounder commercial Federal fisheries permits are prohibited for the remainder of the 2000 calendar year, unless additional quota becomes available through a transfer and is announced in the Federal Register. Effective 0001 hours, December 17, 2000, federally permitted dealers are also advised that they may not purchase summer flounder from federally permitted vessels that land in North Carolina for the remainder of the calendar year, or until additional quota becomes available through a transfer.

Classification

This action is required by 50 CFR part 648 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 et seq.

Dated: December 12, 2000.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service. [FR Doc. 00–32136 Filed 12–13–00; 3:26 pm]
