SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a revision and extension of a currently approved information collection through the

Environmental Compliance Questionnaire for National Oceanic and Atmospheric Administration Federal Financial Assistance Applicants (Questionnaire). This Questionnaire is used by the National Oceanic and Atmospheric Administration (NOAA) to collect information about proposed activities for the purpose of complying with the National Environmental Policy Act ("NEPA," 42 U.S.C. 4321-4370) and other environmental compliance requirements associated with proposed activities. NEPA requires federal agencies to complete an environmental analysis for all major federal actions, including funding non-federal activities through federal financial assistance awards where federal participation in the funded activity is expected to be significant. The Questionnaire is used in conjunction with NOAA Notices of Funding Opportunity (NOFO).

The NOFO will indicate the specific questions to which an applicant must respond in one of three ways: (1) The applicable questions are inserted directly into the NOFO with reference to the OMB Approval Number (0648-0538) for this form; (2) the NOFO will specify which questions (e.g., 1, 2) an applicant must answer, with the entire OMB-approved Questionnaire attached to the NOFO; or (3) applicants to be recommended for funding will be required to answer relevant questions from the Questionnaire. The federal program officer will determine which questions are relevant to each specific applicant. Answers must be provided before the application can be submitted for final funding approval.

This Questionnaire has been revised to (1) update specific questions to use plain language, and (2) add questions that would be helpful to a wider range of NOAA programs.
