Safety Zones; Recurring Marine Events and Fireworks Displays Within the Fifth Coast Guard District**AGENCY:** Coast Guard, DHS.**ACTION:** Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend the regulations for recurring marine events and fireworks displays that take place within the Fifth Coast Guard District area of responsibility. We invite your comments on this rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before June 1, 2021.

ADDRESSES: You may submit comments identified by docket number USCG–2020–0138 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Captain Maureen Kallgren, Fifth Coast Guard District Office of Waterways Management, U.S. Coast Guard; telephone (757) 398–6250, email Maureen.R.Kallgren@uscg.mil or Mr. Jerry Barnes, Fifth Coast Guard District Office of Waterways Management, U.S. Coast Guard; telephone (757) 398–6230, email Jerry.R.Barnes@uscg.mil.

II. Background, Purpose, and Legal Basis

The Coast Guard regularly updates the regulations for recurring safety zones within the Fifth Coast Guard District at 33 CFR 165.506, and its respective tables. These recurring safety zones are

for fireworks displays that take place either on or over the navigable waters of the Fifth Coast Guard District as defined at 33 CFR 3.25. These regulations were last amended June 13, 2017 (81 FR 81005). The Fifth Coast Guard District is proposing to revise these regulations to update existing events, add new events, and remove events that no longer require additional safety measures. Based on the nature of fireworks and the large number of people attending, the Coast Guard has determined that the events listed in this rule could pose a risk to the public. We are also proposing to revise the text for better clarity and easier readability.

The purpose of this rulemaking is to ensure the safety of persons, vessels, and the navigable waters within close proximity to fireworks displays before, during, and after the scheduled events. Each year, organizations, individuals and government agencies in the Fifth Coast Guard District sponsor fireworks displays in the same general location and time period. Each event uses a floating platform (e.g. barge) or an on-shore site near the shoreline to launch the fireworks. A safety zone is used to limit access to an area within a specified distance surrounding the fireworks launch site to ensure the safety of persons and property. Coast Guard personnel on scene may allow boaters within the safety zone if conditions permit.

The Coast Guard is conducting this rulemaking under authority in 46 U.S.C. 70034 (previously, 33 U.S.C. 1231). The Secretary has delegated ports and waterways authority, with certain reservations not applicable here, to the Commandant via DHS Delegation No. 0170.1(II) (70). The Commandant has further delegated these authorities within the Coast Guard as described in 33 CFR 1.05–1 and 6.04–6.

III. Discussion of Proposed Rule**A. Administrative Changes**

We are proposing several administrative updates, substantive and non-substantive, to the regulatory text. We have reorganized and revised the text to, consolidate related information, improve readability, and reflect revised local policies.

First, the text has been re-organized to reflect the order in which information is needed by the reader—defined terms, applicability of the regulation, when the regulation will be enforced and notification to the public, requirements in place when the regulation is being enforced, warning sign information, postponement or cancellation of an

event, COTP contact information, and finally the tables of events.

As noted above we are proposing to add a definition section up front so that terms utilized later in the regulation are explained to the reader up front. One of the defined terms is “Event Patrol Commander”, or “Event PATCOM”. The Event PATCOM replaces the current regulation’s reference to the “Coast Guard Patrol Commander”; there is no change to the associated definition. Use of an Event PATCOM enables the local Captain of the Port to retain operational control and incorporate risk-based decision making to the event. We are also proposing to amend the regulation to allow for other government agencies to provide safety zone enforcement when working under local agreements which expands the ability to ensure safety of the public by increasing the number of available safety zone enforcement personnel.

We are proposing to consolidate information regarding when the regulation will be enforced and how the Coast Guard will notify the public of enforcement into a new paragraph (c) and placing it near the beginning of the regulation. This information is currently scattered through several paragraphs of the text (paragraphs (a)(2), (b)(2), and (d)). Consolidating this information makes it easier to locate all of the necessary information and how the different requirements relate to each other.

In the paragraph regarding warning-sign requirements the term “fireworks launch site” has been updated to “floating platform”. This revision makes clear that the regulation applies to all floating platforms used to launch fireworks and not just barges.

We have updated the location for Sector Virginia from Norfolk to Portsmouth, VA, where the command center is now located. We have also updated the phone number for Sector North Carolina. Email addresses have been added to the text to aid the public in communicating with the appropriate Sector.

Finally, this rule gives discretionary authority to COTPs and Event PATCOMs to postpone or cancel the fireworks display at any time for the purpose of ensuring the safety of the public.

The tables accompanying this rule have been updated for clarity and to assist the reader.

B. Changes to Table to 33 CFR 165.506

This rule would add 14 new safety zones, revise 29 previously established safety zones, and remove 24 safety zones. Currently there is one table of

events for all of 33 CFR 165.506. We are proposing to break that table into separate tables for each COTP zone. This change will make it easier for the Coast Guard to make changes to the

tables in the future and will hopefully make the tables easier for the public to read as well. We are also proposing to re-format the date entries so that the information is more clearly stated.

New Safety Zones

This rule proposes to add 14 new safety zones. The location and enforcement period for each of the new zones are listed in the below table.

TABLE 1—NEW SAFETY ZONES TO BE ADDED TO 33 CFR 165.506

USCG sector	Location	Regulated area	Enforcement period(s) *
Coast Guard Sector Delaware Bay—COTP Zone.	Delaware Bay, Lewes, DE.	All waters of Delaware Bay off Lewes, DE, within 350 yards of the barge anchored in approximate position 38°47'12" N, 075°07'48" W.	One period, four days.
	Great Egg Harbor Bay, Ocean City, NJ.	The waters of the Great Egg Harbor Bay within a 300-yard radius of the fireworks barge in approximate position latitude 39°17'24" N, longitude 074°34'31" W, adjacent to shoreline of Ocean City, NJ.	One period, one day.
Coast Guard Sector Maryland-National Capital Region—COTP Zone.	Washington Channel, Upper Potomac, Washington, DC.	All navigable waters of the Washington Channel within 200 feet of the fireworks barge which will be located within an area bounded on the south by latitude 38°52'30" N, and bounded on the north by the southern extent of the Francis Case (I-395) Memorial Bridge, located at Washington, DC.	Multiple periods March through December each year.
	Anacostia River, Washington, DC.	All navigable waters of the Anacostia River within 400 feet of the fireworks barge in approximate position latitude 38°52'16.3" N, longitude 077°00'09.7" W, located at Washington, DC.	One period, one day.
	Middle River, Baltimore County, MD.	All navigable waters of the Middle River within 200 yards of the fireworks barge in approximate position latitude 39°18'25" N, longitude 076°24'27" W, located in Baltimore County, MD.	One period, one day.
	Susquehanna River, Havre de Grace, MD.	All navigable waters of the Susquehanna River within 200 yards of the fireworks barge in approximate position latitude 39°32'19" N, longitude 076°04'58.3" W, located at Havre de Grace, MD.	One period, one day.
	Spa Creek, Annapolis, MD.	All navigable waters of Spa Creek within 400 feet of the fireworks barge in approximate position latitude 38°58'32.48" N, longitude 076°28'57.55" W, located at Annapolis, MD.	One period, one day.
	Severn River, Sherwood Forest, MD.	All navigable waters of the Severn River within 150 yards of the fireworks discharge site located at the end of Sherwood Forest Club main pier in approximate position latitude 39°01'54.0" N, longitude 076°32'41.8" W, located at Sherwood Forest, MD.	One period, one day.
	Patapsco River, Middle Branch, Baltimore, MD.	All navigable waters of the Middle Branch of the Patapsco River, within 800 feet of a fireworks barge in the in approximate position latitude 39°15'31.67" N, longitude 076°37'13.95" W, located at Baltimore, MD.	One period, one day.
Coast Guard Sector Virginia—COTP Zone.	Elizabeth River, Town Point Reach, Norfolk, VA.	All waters of Elizabeth River within a 600-foot radius of the fireworks display at approximate position latitude 36 degrees 50'40.99" N, longitude 076 degrees 17'45.48" W near Town Point Park, VA.	One period, one day.
	North Atlantic Ocean, Virginia Beach, VA.	All waters of the North Atlantic Ocean within a 300-yard radius of the center located at approximate position latitude 36°50'29.91" N, longitude 075°58'05.36" W, located off the beach between 10th and 15th streets.	One period, three days.
Coast Guard Sector North Carolina—COTP Zone.	Bath Creek, Bath, NC	All waters on Bath Creek within a 300-yard radius of approximate position 35°28'05" N, 076°48'56" W, Bath, NC.	One period, two days.
	Atlantic Intracoastal Waterway, Surf City, NC.	All waters of the Atlantic Intracoastal Waterway within a 300-yard radius of approximate position latitude 34°25'46" N, longitude 077°33'01" W, in Surf City, NC.	One period, one day.
	Neuse River, New Bern, NC.	All waters within a 300-yard radius of the fireworks launch location at approximate position latitude 35°06'23" N, longitude 077°01'48" W, on the Neuse River, New Bern, NC.	One period, one day.

Revised Safety Zones

We are proposing to revise 29 previously established safety zones. The

chart below includes a description of each change and an explanation why the change is necessary.

Current table to § 165.506 entry	Location	Revision (date and/or coordinates)	Reason for change
(d.) 14	Shallowbag Bay, Manteo, NC	coordinates	The safety zone was increased from a 200-yard radius to a 300-yard radius to account for larger fireworks display.

Safety Zones To Be Removed

This rule proposes to remove 24 safety zones listed in the table to

§ 165.506. The Coast Guard evaluated each of the 24 safety zones and determined that either the event is no longer held at that location or can be

adequately enforced using the navigation safety rules with no negative impact to public safety.

TABLE 3—SAFETY ZONES PROPOSED TO BE REMOVED FROM THE TABLE TO 33 CFR 165.506

Current table to § 165.506 entry	Date(s)	Location	Reason for removal
(a.) 1	July 2nd, 3rd, 4th, or 5th	North Atlantic Ocean, Bethany Beach, DE.	Removing safety zone and deferring to navigation safety regulations does not negatively impact public safety.
(a.) (2)	Labor Day	Indian River Bay, DE	Removing safety zone and deferring to navigation safety regulations does not negatively impact public safety.
(a.) (3)	July 2	North Atlantic Ocean, Rehoboth Beach, DE.	Removing safety zone and deferring to navigation safety regulations does not negatively impact public safety.
(a.) (8)	July 2nd, 3rd, 4th, or 5th August—3rd Sunday.	Great Egg Harbor Inlet, Margate City, NJ.	Removing safety zone and deferring to navigation safety regulations does not negatively impact public safety.

(c.) 22	July 3rd, 4th, or 5th	Urbanna Creek, Urbanna, VA	Event no longer held at this location.

The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and

Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and

Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the short amount of time that vessels will be restricted from certain parts of the waterway and the small size of these areas that are usually positioned away from high vessel traffic zones. Generally vessels would not be precluded from getting underway, or mooring at any piers or marinas currently located in the vicinity of the regulated areas. Advance notifications would also be made to the local maritime community by issuance of Local Notice to Mariners, Broadcast Notice to Mariners via VHF-FM marine channel 16, Marine Safety Information or Security Bulletins so mariners can adjust their plans accordingly. Notifications to the public for most events will typically be made by local newspapers, radio and TV stations. The Coast Guard anticipates that these special local regulated areas and safety zones will only be enforced one to three times per year.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit through a special local regulated area or safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator. These safety zones will not have a significant

economic impact on a substantial number of small entities for the following reasons: The Coast Guard will ensure that small entities are able to operate in the areas where events are occurring to the extent possible while ensuring the safety of the public. The enforcement period will be short in duration and, in many of the areas, vessels can transit safely around the safety zone. Generally permission to enter, remain in, or transit through these regulated areas during the enforcement may be given when deemed safe to do so by the Event PATCOM on scene.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or

more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves implementation of regulations at 33 CFR part 165 that establish safety zones on navigable waters of the United States for fireworks events. These safety zones are enforced for the duration of fireworks display events. The fireworks are generally launched from either a floating platform or shore side location immediately adjacent to navigable waters of the United States. The category of activities includes fireworks launched from floating platforms or at the shoreline that generally rely on the use of navigable waters as a safety buffer. Fireworks displays may introduce potential hazards such as accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. This section of the rule is categorically excluded from further review under paragraph L[60] of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A preliminary Record of Environmental Consideration supporting this determination is available in the docket.

For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

For instructions on locating the docket, see the **ADDRESSES** section of this preamble. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <https://www.regulations.gov> and will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <https://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping

requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard is proposing to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Revise § 165.506 to read as follows:

§ 165.506 Safety Zones; Fireworks Displays in the Fifth Coast Guard District.

(a) *Definitions.* The following definitions apply to this section:

Event Patrol Commander or *Event PATCOM* means a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the respective Coast Guard Sector—COTP to enforce these regulations.

Official patrol means any vessel assigned or approved by the respective Captain of the Port (COTP) with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign, or any state or local law enforcement vessel approved by the COTP in accordance with current local agreements.

(b) *Applicability.* This section applies to the safety zones listed in paragraph (h) of this section.

(c) *Enforcement periods and COTP notification to the public.* The COTP for the area where an event will be held will annually notify the public of each enforcement of a safety zone in paragraph (h) of this section by all appropriate means to affect the widest publicity among the affected public, including by Local Notices to Mariners and by Broadcast Notice to Mariners over VHF–FM marine band radio. The announcement will contain the details of the fireworks display, including the date(s) and time(s) of the enforcement period of the regulation with respect to that safety zone and the affected geographical area. Broadcasts may be made for these events beginning 24 to 48 hours before the event is scheduled to begin. The enforcement period(s) for each safety zone in paragraph (h) of this section is subject to change, but the duration of enforcement will remain the same, or nearly the same, total amount of time as stated in its table. An event may be conducted on the day following the date listed in paragraph (h) of this section in the case of inclement weather. Unless the COTP notifies the public otherwise, the safety zones in paragraph (h) of this section will be

enforced from 5:30 p.m. on the date listed in paragraph (h) to 1 a.m. the date following the last date listed in paragraph (h) for an event.

(d) *Regulations.* (1) The general regulations contained in 33 CFR 165.23 apply.

(2) Vessels may not enter, remain in, or transit through the safety zones during enforcement unless authorized to do so by the COTP or the Event PATCOM.

(3) The Coast Guard may assign an official patrol to each fireworks display listed in paragraph (h) of this section. For each fireworks display assigned a patrol, a Coast Guard Event Patrol Commander (Event PATCOM) will be assigned to oversee the patrol. All persons and vessels must comply with the instructions of the Coast Guard COTP, Event PATCOM, or the official patrol. Upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light or other means, the operator of a vessel must proceed as directed.

(e) *Warning signs.* (1) The pyrotechnic operator, or the agent of a professional pyrotechnics company, contracted by an event sponsor to conduct the fireworks display must ensure that a warning sign is affixed to the port and starboard side of the floating platform and visible each day the safety zone will be enforced. For a shore-based launch site, the pyrotechnic operator must ensure a warning sign is visible 3 feet above the ground level, on a post immediately adjacent to the shoreline, facing the water each day the safety zone will be enforced.

(2) The warning sign in paragraph (e)(1) of this section will be labeled “FIREWORKS—DANGER—STAY AWAY”. The sign must be: Diamond shaped, sized 4 feet by 4 feet, have a white background, and have a 3-inch orange retro-reflective border. The word “DANGER” must be in 10-inch black block letters centered on the sign. The words “FIREWORKS” and “STAY AWAY” must be in 6-inch black block letters placed above and below the word “DANGER”.

(f) *Postponement or cancellation.* The COTP or Event PATCOM may order the postponement or cancellation of a fireworks display at any time if, in their sole discretion, it is determined that the display cannot be conducted in a safe manner.

(g) *Contact information.* The public should contact the Coast Guard COTP for the area in which the event is occurring if they have questions about these safety zones. Contact information is listed below. For a description of the geographical area of each Coast Guard

National Priorities List for Uncontrolled Hazardous Waste Sites; Partial Withdrawal of Proposed Rules

AGENCY: Environmental Protection Agency.

ACTION: Proposed rules; partial withdrawal.

SUMMARY: The Environmental Protection Agency (EPA) is partially withdrawing

three previous proposed rules which proposed to add five sites to the Superfund National Priorities List (NPL). The NPL is the list of sites of national priority among the known releases or threatened releases of hazardous substances, pollutants, or contaminants throughout the United States and its territories. The NPL is intended primarily to guide the EPA in determining which sites warrant further investigation.

DATES: The proposed rules to add these five sites to the NPL previously published at 58 FR 27507 (May 10, 1993), 65 FR 30489 (May 11, 2000) and 65 FR 75215 (December 1, 2000) are partially withdrawn effective April 30, 2021.

SUPPLEMENTARY INFORMATION: EPA proposes sites be placed on the NPL via a proposed rulemaking published in the **Federal Register**. Following a public comment period, most sites are added to the NPL. However, there exists a small subset of sites that have been proposed to the NPL but never added. These sites remain proposed until a decision is made to either withdraw the proposal or add the site to the NPL.

By withdrawing proposals to list sites where listing is no longer appropriate, EPA can reduce the backlog of proposed sites and focus essential resources elsewhere. Once cleanup goals are attained or the determination is made that the site does not pose a significant threat to human health or the environment, it is not necessary to continue the listing process; thus,
