

facilities adjacent to Trunkline LNG's existing liquefied natural gas (LNG) terminal located in Calcasieu Parish, Louisiana (Terminal); and (ii) construct and operate certain facility modifications at the Terminal (Liquefaction Project). The Applicants state that the Liquefaction Project includes three liquefaction trains with a design production capacity of 16.45 million metric tons of LNG per annum.

Finally, Trunkline LNG filed an application in Docket No. CP14-122-000 pursuant to sections 3 and 7(b) of the NGA for authorization to: (i) Abandon certain Terminal facilities previously certificated under NGA section 7; (ii) abandon services provided under Trunkline LNG's FERC Gas Tariff and its certificates of public convenience and necessity; (iii) cancel Trunkline LNG's FERC Gas Tariff, including all rate schedules therein; and (iv) convert such certificated facilities and operation under NGA section 3, so that the entirety of Trunkline LNG's facilities and operations are authorized solely under NGA section 3.

All of the applications are on file with the Commission and open to public inspection. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions concerning these applications may be directed to Stephen Veatch, Senior Director of Certificates, Trunkline Gas Company, LLC; Trunkline LNG Export, LLC; Trunkline LNG Company, LLC, 1300 Main Street, Houston, Texas 77002, by telephone at (713) 989-2024, by facsimile at (713) 989-1205, or by email at stephen.veatch@energytransfer.com.

On April 6, 2012, the Commission staff granted Trunkline Gas, Trunkline Export, and Trunkline LNG's request to utilize the Pre-Filing Process and assigned Docket No. PF12-8-000 to staff activities involved in the above referenced projects. Now, as of the filing of the March 25, 2014 application, the Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket Nos. CP14-119-000, CP14-120-000, and CP14-122-000, as noted in the caption of this Notice.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR § 157.9, within 90 days of this Notice, the

Commission staff will issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) for this proposal. The issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive

copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on April 24, 2014.

Dated: April 3, 2014.

Kimberly D. Bose,
Secretary.

Federal Energy Regulatory Commission

[Docket No. CP14-103-000; PF13-3-000]

Notice of Application: Elba Liquefaction Company, L.L.C.; Southern LNG Company, L.L.C.

Take notice that on March 10, 2014, Elba Liquefaction Company, L.L.C. (ELC) and Southern LNG Company, L.L.C. (SLNG), 569 Brookwood Village, Suite 749, Birmingham, AL 35209, filed an application under section 3(a) of the Natural Gas Act requesting authorization to construct and operate its Elba Liquefaction Project,¹ a new natural gas liquefaction and export facility at SLNG's existing liquefied natural gas terminal located on Elba Island, Chatham County, Georgia. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. There is

¹ Elba Express Company, L.L.C. (EEC) filed a companion, Docket No. CP14-115-000, on March 21, 2014 for its EEC Modification Project.

an “eSubscription” link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding the proposed project should be directed to Glenn A. Sheffield, Director—Rates & Regulatory, Elba Express Company, L.L.C., 569 Brookwood Village, Suite 749, Birmingham, AL 35209 or at (205) 325-3813 (phone), or (205) 327-2253 (fax), or glenn_sheffield@kindermorgan.com or Patricia F. Francis, Assistant General Counsel, Elba Express Company, L.L.C., 569 Brookwood Village, Suite 749, Birmingham, AL 35209 or at (205) 325-7696 (phone), or (205) 327-2253 (fax), or patricia_francis@kindermorgan.com.

On March 1, 2013, the Commission staff granted ELC and SLNG’s request to utilize the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket No. PF13-3-000 to staff activities involving the project. Now, as of the filing of this application on March 10, 2014 (CP14-103-000), the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP14-103-000, as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission’s rules (18 CFR 157.9), within 90 days of this Notice, the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission’s public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff’s issuance of the EA for this proposal. The filing of the EA in the Commission’s public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff’s EA.

There are two ways to become involved in the Commission’s review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance

with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission’s rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission’s final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: April 24, 2014.

Dated: April 3, 2014.

Kimberly D. Bose,
Secretary.

Federal Energy Regulatory Commission

[Docket No. HB28-14-1-000]

Notice of Application for Approval of Headwater Benefits Agreement, and Soliciting Comments, Motions To Intervene, and Protests: El Dorado Irrigation District and Sacramento Municipal Utility District

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application:* Headwater Benefits Agreement.
- b. *Docket No.:* HB28-14-1-000.
- c. *Date Filed:* December 30, 2013.
- d. *Applicants:* El Dorado Irrigation District and Sacramento Municipal Utility District.
- e. *Name of Projects:* El Dorado Project No. 184 and Upper American River Project No. 2101 in the American River Basin.
- f. *Location:* The El Dorado Project is located on the South Fork of the American River and its tributaries in El Dorado, Alpine, and Amador counties, California. The Upper American River Project is located on Rubicon River and tributaries, Silver Creek and tributaries, and South Fork of the American River, in El Dorado County, California.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a, *et seq.* (2012); 18 CFR 11.14(a)(1) (2013); and 18 CFR 385.602 (2013).
- h. *Applicants’ Contacts:* Mr. Jacob Eymann, Senior Civil Engineer, El Dorado Irrigation District, 2890 Mosquito Road, Placerville, California 95667, (530) 642-4068, and Mr. David Hansen, Project Manager, Sacramento Municipal Utility District, 6201 S St., Sacramento, CA 95817, (916) 732-6703.
- i. *FERC Contact:* Mr. Jeremy Jessup, (202) 502-6779, Jeremy.Jessup@ferc.gov.
- j. *Deadline for filing comments, motions to intervene, and protests, is 30 days from the issuance date of this notice by the Commission. The Commission strongly encourages electronic filing. Please file comments, motions to intervene, and protests using the Commission’s eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commentors can submit brief comments up to 6,000 characters*
