

House of Representatives Committee on Public Works and Transportation, adopted May 13, 1993. In response to the study resolution and a State request following the devastating coastal storm of December 1992, the USACE performed a Reconnaissance Study and issued a Reconnaissance Report in September 1995 that demonstrated potential Federal interest and the need for a more detailed feasibility study.

Project Need: The Long Island northern shoreline has historically experienced coastal erosion and related storm damage, most recently from the two storms of September 1996 and October 1996, and also from previous storms including the Christmas Eve 1994 storm, the March 1993 Blizzard of the Century, the December 1992 northeaster, Hurricane Danielle of September 1992 and the Halloween Storm of 1991. These storms caused evacuations in several north shore communities as well as damage from flooding and loss of structures from erosion. The December 1992 storm alone inundated hundreds of residential and business properties and caused damages estimated at \$12,000,000. Approximately 300 families were evacuated and several sections of Bayville Avenue were impassable for days. The loss of beachfront in some areas now leaves the site increasingly vulnerable to severe damages even from moderate storms.

DEIS Scope: The intended DEIS will evaluate the potential environmental and cultural impacts associated with the purposed hurricane and storm damage reduction alternatives for the Village of Bayville, NY.

Public Involvement: The USACE intends to schedule an interagency meeting and public scoping meeting in spring/summer 2002 to discuss the scope of the DEIS and data gaps. The public scoping meeting place, date, and time will be advertised in advanced in local newspapers, and meeting announcement letters will be sent to interested parties. A scoping document will be made available at least one month before scheduled public scoping meeting date at the following locations:

- (1) Bayville Free Library, 34 School Street, Nayville, NY 11709.
- (2) Oyster Bay-East Norwich Public Library, 89 E. Main St., Oyster Bay, NY 11771.

The public will have an opportunity to provide written and oral comments at the public scoping meeting. Written comments may also be submitted via mail and should be directed to Ms. Megan B. Grubb at the address listed above under **FOR FURTHER INFORMATION CONTACT** heading. The USACE plans to

issue the DEIS in Spring 2003. The USACE will announce availability of the draft in the **Federal Register** and other media, and will provide the public, organization, and agencies with the opportunity to submit comments, which will be addressed in the Final Environmental Impact Statement.

Luz D. Ortiz,

Army Federal Register Liaison Officer.

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Public Scoping Meeting for Va Shly'ay Akimel Salt River Restoration Project, Maricopa County, Arizona (Revised Date)

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of meeting.

SUMMARY: The Los Angeles District intends to prepare an Environmental Impact Statement (EIS) to support the proposed study for the Salt River Pima-Maricopa Indian Community and the City of Mesa. A notice of "Intent to Prepare a Draft Environmental Impact Statement for Va Shly'ay Akimel Salt River Restoration Project, Maricopa County, Arizona" was previously published in the **Federal Register** (66 FR 55644, November 2, 2001). In that notice the Corps indicated that a public scoping meeting would be held some time in November 2001. Because of logistical considerations, the meeting was not held at that time. This notice provides information on the rescheduled meeting.

ADDRESSES: Commander, U.S. Army Corps of Engineers, Attn: Stephen Dibble, CESPL-PD-RN, Los Angeles District, Ecosystem Planning Section, P.O. Box 532711, Los Angeles, CA 90053-2325.

DATES: January 24, 2002, 6:00 PM, Scottsdale, AZ 85256.

FOR FURTHER INFORMATION CONTACT: Mr. Stephen Dibble, Environmental Manager, at (213) 452-3849. He can also be reached by e-mail at ddibble@spl.usace.army.mil.

SUPPLEMENTARY INFORMATION:

1. **Scoping Process:** The Corps will conduct a scoping meeting prior to preparing the Environmental Impact Statement to aid in determining the significant environmental issues associated with the proposed action. The public, as well as Federal, State,

and local agencies are encouraged to participate in the scoping process by submitting data, information, and comments identifying relevant environmental and socioeconomic issues to be addressed in the environmental analysis. Useful information includes other environmental studies, published and unpublished data, alternatives that should be addressed in the analysis, and potential mitigation measures associated with the proposed action.

A public scoping meeting will be held in conjunction with the local sponsor to discuss the project scope and invite public participation in developing alternatives for the project. Individuals and agencies may offer information or data relevant to the environmental or socioeconomic impacts by attending the public scoping meeting, or by mailing the information to the above address.

2. **Public Scoping Meeting:** A public scoping meeting will be held on January 24, 2002 at 6:00 PM.

Location: Salt River Pima Maricopa Indian Community, Multi-purpose Building, 1880 N Longmore, Scottsdale, AZ 85256.

Luz D. Ortiz,

Army Federal Register Liaison Officer.
