

Finally, State and local WIC officials in each of the participating States will be interviewed about the expenses of implementing cost containment, the extent to which savings have been used to increase participation, and other impacts on program operations. Interviews with the six State WIC directors will be conducted in person. The director of each selected local agency and other staff with key responsibilities related to cost containment will also be interviewed; these interviews will be conducted by telephone. The information collected from State and local WIC staff is essential for evaluating the effects of cost-containment practices on program participation and costs.

The above-mentioned information collection is needed to complete the Assessment of WIC Cost-Containment Practices mandated by Congress and to equip FNS and State WIC administrators with a comprehensive understanding of the potential impacts of cost containment as they make decisions in the future regarding the implementation of these practices. No existing data source can provide all of the information needed to complete the evaluation. Existing WIC information system databases from the six States will be used to construct the survey sample frames and to obtain demographic data on participants and WIC vendors affected by cost containment. Computer-assisted telephone interviewing will be used to minimize respondent burden and interviewer error in the Survey of WIC Participants. Focus group samples will be drawn from a limited geographic area to minimize travel time and expense for focus group participants. The survey questionnaire and screener and local agency interviews will be kept as simple and respondent-friendly as possible. Responses are voluntary and confidential. Survey and interview data will be combined with other data for statistical purposes and reported only in aggregate or statistical form.

Estimate of Burden: Public reporting burden for this data collection is estimated to vary by the type of respondent. Responses to the Survey of WIC participants are estimated to average 30 minutes. Responses from WIC participants who did not pick up their WIC vouchers are estimated at 5 minutes, on average, for a screening interview and an average of 90 minutes for the focus group session. The Survey of Food Prices will involve an estimated 15 minutes of time from the store cashier for scanning. Responses by local agency WIC staff are estimated to total 60 minutes, on average. The estimates

include time for listening to instructions, gathering data needed, and responding to questionnaire or interview/discussion items.

Respondents: Participants in the local WIC agency staff, and WIC-authorized food store cashiers in six selected States.

Estimated Number of Respondents: 2,052 in total: 1,200 active WIC participants, 600 WIC participants who failed to pick up their vouchers, 72 WIC participants for focus groups, 18 local WIC agency staff, and 162 food store cashiers.

Estimated Total Annual Burden on Respondents: Total of 816.5 hours. Survey of WIC Participants: 600 hours, Screener Survey for Focus Groups: 50 hours, Focus Groups: 108 hours, Local Agency Interview: 18 hours, and Survey of Food Prices and Item Availability: 40.5 hours. Copies of the information to be collected can be obtained from Phil R. Kaufman, Food Markets Branch, Food and Rural Economics Division, Economic Research Service, U.S. Department of Agriculture, 1800 M. St., NW, Room N2118, Washington, D.C. 20036-5801, 202-694-5376.

Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments should be sent to the address stated in the preamble. All responses to this notice will be considered and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: June 22, 2000.

Betsey Kuhn,

Director, Food and Rural Economics Division.

Subsistence Management Regulations for Federal Public Lands in Alaska; Delegations of Authority

AGENCIES: Forest Service, USDA; Fish and Wildlife Service, Interior.

ACTION: Notice of interim delegations of authority.

SUMMARY: Pursuant to the regulatory authority found at 36 CFR 242.10(d)(6) and 50 CFR 100.10(d)(6), the Federal Subsistence Board (Board) announces interim delegations of authority for the 2000 fishing season under the Federal Subsistence Management Program (64 FR 1276). The purpose of these delegations is to be responsive to changing local conditions which require immediate opening or closing of fisheries to provide subsistence opportunities for rural subsistence users or to assure conservation of the subsistence resources.
