

before further flight, remove from service the RH rear fitting and its bolts.

(iv) For any LH rear fitting that has accumulated less than 13,600 total hours TIS:

(A) If a Major Inspection "G" has not been completed since the LH rear fitting has been installed, remove from service the LH rear bolts during the next Major Inspection "G" inspection; or

(C) Remove from service the LH rear fitting before the fitting accumulates 13,600 total hours TIS.

(2) Thereafter following paragraph (e)(1) of this AD, remove from service any RH rear fitting and its bolts at intervals not to exceed 1,470 hours TIS, remove from service any LH rear fitting at intervals not to exceed 13,600 hours TIS, and remove from service any LH rear bolts during each Major Inspection "G."

(3) During the next Major Inspection "G," remove from service the MGB suspension bar front bolts. Thereafter, remove from service the front bolts during each Major Inspection "G."

A failure to make this report for any given taxable year will result in a rebuttable presumption that the taxpayer has had an inclusion event described in § 1.1400Z2(b)–1(c) during that year. The presumption described in the previous sentence may be rebutted by the taxpayer making the report described in the first sentence of this paragraph (d)(2) or by the taxpayer establishing to the satisfaction of the Commissioner that an inclusion event described in § 1.1400Z2(b)–1(c) did not occur during that taxable year.

To apply the section 1400Z–2 regulations, if applied in a consistent manner for all such taxable years (reliance by a taxpayer on paragraph (j)(2)(ii) of this section, § 1.1400Z2(a)–1(g)(2)(ii), § 1.1400Z2(d)–1(e)(2)(ii), § 1.1400Z2(d)–2(e)(2)(ii), or § 1.1400Z2(f)–1(d)(2)(ii), is disregarded solely for purposes of the consistency requirement under this paragraph (j)(2)(i); or

* * * * *

(b) * * *

(4) * * *

(ii) *Property owned by an eligible entity—(A) Property purchased or constructed.* The value of each property owned by an eligible entity that is acquired by purchase for fair market value or constructed for fair market value is the eligible entity's unadjusted cost basis of the asset under section 1012 or section 1013. Solely for purposes of this paragraph (b)(4)(ii)(A), the acquisition by a QOF of qualified opportunity zone stock or a qualified opportunity zone partnership interest is treated as a purchase of such interest by the QOF.

* * * * *

(d) * * *

(3) * * *

(vi) *Safe harbor for section 1397C requirements other than “sin business” prohibition—(A) Maximum 62-month safe harbor for start-up businesses.* Property described in paragraphs (d)(3)(vi)(B), (C), and (D) of this section may benefit from one or more 31-month periods, for a total of 62 months, in the form of multiple overlapping or a sequential application of the working capital safe harbor if—

(1) Each application independently satisfies all of the requirements in paragraphs (d)(3)(v)(A) through (C) of this section;

(2) The working capital assets from an expiring 31-month period were expended in accordance with the requirements in paragraphs (d)(3)(v)(A) through (C) of this section;

(3) The subsequent infusions of working capital assets form an integral part of the plan covered by the initial working capital safe harbor period; and

(4) Each overlapping or sequential application of the working capital safe harbor includes a substantial amount of working capital assets (which may include debt instruments described in section 1221(a)(4)).

(B) *Safe harbor for gross income derived from the active conduct of business.* Solely for purposes of applying the 50-percent test in section 1397C(b)(2) to the definition of a qualified opportunity zone business in section 1400Z–2(d)(3), if any gross income is derived from property that paragraph (d)(3)(v) of this section treats as a reasonable amount of working

capital, then that gross income is counted toward satisfaction of the 50-percent test.

(C) *Safe harbor for use of intangible property.* Solely for purposes of applying the use requirement in section 1397C(b)(4) to the definition of a qualified opportunity zone business under section 1400Z-2(d)(3), intangible property purchased or licensed by the trade or business, pursuant to the reasonable written plan with a written schedule for the expenditure of the working capital, satisfies the use requirement during any period in which the business is proceeding in a manner that is substantially consistent with paragraphs (d)(3)(v)(A) through (C) of this section.

(D) *Safe harbor for working capital and property on which working capital is being expended—(1) Working capital.* If paragraph (d)(3)(v) of this section treats property of an entity that would otherwise be nonqualified financial property as being a reasonable amount of working capital because of compliance with the three requirements of paragraphs (d)(3)(v)(A) through (C) of this section, the entity satisfies the requirements of section 1400Z-2(d)(2)(D)(i) only during the working capital safe harbor period(s) for which the requirements of paragraphs (d)(3)(v)(A) through (C) of this section are satisfied; however such property is not qualified opportunity zone business property for any purpose.

(2) *Tangible property acquired with covered working capital.* If tangible property referred to in paragraph (d)(3)(v)(A) of this section is expected to satisfy the requirements of section 1400Z-2(d)(2)(D)(i) as a result of the planned expenditure of working capital described in paragraph (d)(3)(v)(A), and is purchased, leased, or improved by the trade or business, pursuant to the written plan for the expenditure of the working capital, then the tangible property is treated as qualified opportunity zone business property satisfying the requirements of section 1400Z-2(d)(2)(D)(i), during that and subsequent working capital periods the property is subject to, for purposes of the 70-percent tangible property standard in section 1400Z-2(d)(3).

(vii) *Examples.* The following examples illustrate the rules of paragraphs (d)(3)(v) and (vi) of this section.

(A) *Example 1. General application of working capital safe harbor—(1) Facts.* QOF F creates a domestic C corporation E to open a fast-food restaurant and acquires almost all of the equity of E in exchange for cash. E has a written plan and a 20-month schedule for the use of

this cash to establish the restaurant. Among the planned uses for the cash are identification of favorable locations in the qualified opportunity zone, leasing a building suitable for such a restaurant, outfitting the building with appropriate equipment and furniture (both owned and leased), necessary security deposits, obtaining a franchise and local permits, and the hiring and training of kitchen and wait staff. Not-yet-disbursed amounts were held in assets described in section 1397C(e)(1), and these assets were eventually expended in a manner consistent with the plan and schedule.

(2) *Analysis.* E's use of the cash qualifies for the working capital safe harbor described in paragraph (d)(3)(v) of this section.

(B) *Example 2. Multiple applications of working capital safe harbor—(1) Facts.* QOF G creates a domestic C corporation H to start a new technology company and acquires equity of H in exchange for cash on Date 1. In addition to H's rapid deployment of capital received from other equity investors, H writes a plan with a 30-month schedule for the use of the Date 1 cash. The plan describes use of the cash to research and develop a new technology (Technology), including paying salaries for engineers and other scientists to conduct the research, purchasing, and leasing equipment to be used in research and furnishing office and laboratory space. Approximately 18 months after Date 1, on Date 2, G acquires additional equity in H for cash, and H writes a second plan. This new plan has a 25-month schedule for the development of a new application of existing software (Application), to be marketed to government agencies. Among the planned uses for the cash received on Date 2 are paying development costs, including salaries for software engineers, other employees, and third-party consultants to assist in developing and marketing the new application to the anticipated customers. Not-yet-disbursed amounts that were scheduled for development of the Technology and the Application were held in assets described in section 1397C(e)(1), and these assets were eventually expended in a manner substantially consistent with the plans and schedules for both the Technology and the Application.

(2) *Analysis.* H's use of both the cash received on Date 1 and the cash received on Date 2 qualifies for the working capital safe harbor described in paragraph (d)(3)(v) of this section.

(C) *Example 3. General application of working capital safe harbor—(1) Facts.* In 2019, Taxpayer H realized \$w million of capital gains and within the 180-day period invested \$w million in QOF T,

a qualified opportunity fund. QOF T immediately acquired from partnership P a partnership interest in P, solely in exchange for \$w million of cash. P immediately placed the \$w million in working capital assets, which remained in working capital assets until used. P had written plans to acquire land in a qualified opportunity zone on which it planned to construct a commercial building. Of the \$w million, \$x million was dedicated to the land purchase, \$y million to the construction of the building, and \$z million to ancillary but necessary expenditures for the project. The written plans provided for purchase of the land within a month of receipt of the cash from QOF T and for the remaining \$y and \$z million to be spent within the next 30 months on construction of the building and on the ancillary expenditures. All expenditures were made on schedule, consuming the \$w million. During the taxable years that overlap with the first 31-month period, P had no gross income other than that derived from the amounts held in those working capital assets. Prior to completion of the building, P's only assets were the land it purchased, the unspent amounts in the working capital assets, and P's work in process as the building was constructed.

(2) *Analysis—*P met the three requirements of the safe harbor provided in paragraphs (d)(3)(v)(A) through (C) of this section. P had a written plan to spend the \$w received from QOF T for the acquisition, construction, and/or substantial improvement of tangible property in a qualified opportunity zone, as defined in section 1400Z-1(a). P had a written schedule consistent with the ordinary start-up for a business for the expenditure of the working capital assets. And, finally, P's working capital assets were actually used in a manner that was substantially consistent with its written plan and the ordinary start-up of a business. First, the \$x million, the \$y million, and the \$z million are treated as reasonable in amount for purposes of sections 1397C(b)(2) and 1400Z-2(d)(3)(A)(ii). Second, because P had no other gross income during the 31 months at issue, 100 percent of P's gross income during that time is treated as derived from an active trade or business in the qualified opportunity zone for purposes of satisfying the 50-percent test of section 1397C(b)(2). Third, for purposes of satisfying the requirement of section 1397C(b)(4), during the period of land acquisition and building construction a substantial portion of P's intangible property is treated as being used in the active conduct of a trade or

business in the qualified opportunity zone. Fourth, all of the facts described are consistent with QOF T's interest in P being a qualified opportunity zone partnership interest for purposes of satisfying the 90-percent investment standard in section 1400Z-2(d)(1).

(3) *Analysis if P had purchased an existing building.* The conclusions would also apply if P's plans had been to buy and substantially improve a pre-existing commercial building. In addition, the fact that P's basis in the building has not yet doubled would not cause the building to fail to satisfy section 1400Z-2(d)(2)(D)(i)(III).

(D) *Example 4. Multiple applications of working capital safe harbor to tangible property—(1) Facts.* QOF A forms a domestic C corporation B to develop a large mixed-use real estate development that will consist of commercial and residential real property, owning almost all of the equity of B in exchange for cash. To raise additional working capital for the mixed-use real estate development, B also will borrow cash under a new revolving credit agreement with an unrelated lender. B has a master written plan for the completion of the commercial and residential real property over a 55-month period. The plan provides that the commercial real property will be completed over a 30 month schedule and subsequently, the residential real property will be completed over a 25 month schedule. The plan further provides that a portion of the commercial real property is unable to be used in a trade or business after the completion of the commercial real property since that portion of the commercial real property will be unusable during the residential construction phase. Pursuant to B's original master plan for the completion of the real estate development, QOF A acquires additional equity in B for cash after the completion of the commercial development phase, and B commences use of those working capital assets for residential development phase.

(2) *Analysis.* B's use of the cash for the commercial and residential phase qualified for the working capital safe harbor described in paragraph (d)(3)(v) of this section. In addition, all of B's commercial real property developed pursuant to B's original master plan is treated as qualified opportunity zone business property under paragraph (d)(3)(vi)(D) of this section.

(6) * * *

(i) For purposes of the 90-percent qualified opportunity zone business holding period requirements set forth in

sections 1400Z-2(d)(2)(B)(i)(III), 1400Z-2(d)(2)(C)(iii), and 1400Z-2(d)(2)(D)(i)(III), if a trade or business causes the QOF to fail the 90-percent investment standard on a semiannual testing date, the QOF may treat the stock or partnership interest in that trade or business as qualified opportunity zone property for that semiannual testing date provided the trade or business corrects the failure within 6 months of the date on which the stock or partnership interest lost its qualification.

(iii) Each QOF is permitted only one correction for a trade or business pursuant to this paragraph (d)(6). If the entity, at the end of the additional six-month cure period, fails to qualify as a qualified opportunity zone business, then the QOF becomes subject to the penalty under section 1400Z-2(f)(1) for each month the entity failed to qualify as a qualified opportunity zone business beginning with the first month following the last month that the QOF met the 90-percent investment standard.

(2) *Prior periods.* With respect to the portion of a taxpayer's first taxable year ending after December 21, 2017, and for taxable years beginning after December 21, 2017, and on or before March 13, 2020, a taxpayer may choose either—
(i) To apply the section 1400Z-2 regulations, if applied in a consistent manner for all such taxable years (reliance by a taxpayer on paragraph (e)(2)(ii) of this section, § 1.1400Z2(a)-1(g)(2)(ii), § 1.1400Z2(b)-1(j)(2)(ii), § 1.1400Z2(d)-2(e)(2)(ii), or § 1.1400Z2(f)-1(d)(2)(ii), is disregarded solely for purposes of the consistency requirement under this paragraph (e)(2)(i)); or

■ **Par. 7.** Section 1.1400Z2(d)-2 is amended by revising paragraphs (d)(4)(i) and (ii), (e)(2) introductory text, and (e)(2)(i) to read as follows:

§ 1.1400Z2(d)-2 Qualified opportunity zone business property.

(d) * * *
(4) * * *
(i) *Qualified tangible property.* Tangible property used in a trade or business of an eligible entity satisfies the *substantially all* requirement of paragraph (d)(1) of this section if and only if the tangible property is qualified tangible property. Qualified tangible property is tangible property that satisfies the requirements of paragraph (d)(4)(ii), (iii) (subject to the limitation in paragraph (d)(4)(iv) of this section), or (v) of this section.

(ii) *70-percent use test.* Tangible property held by a trade or business is qualified tangible property to the extent, based on the number of days between two consecutive semiannual testing dates, not less than 70 percent of the total utilization of the tangible property by the trade or business occurs at a location within the geographic borders of a qualified opportunity zone (that is, the 70-percent use test).

* * * * *

(e) * * *

(2) *Prior periods.* With respect to the portion of a taxpayer's first taxable year ending after December 21, 2017, and for taxable years beginning after December 21, 2017, and on or before March 13, 2020, a taxpayer may choose either—

(i) To apply the section 1400Z-2 regulations, if applied in a consistent manner for all such taxable years (reliance by a taxpayer on paragraph (e)(2)(ii) of this section, § 1.1400Z2(a)-1(g)(2)(ii), § 1.1400Z2(b)-1(j)(2)(ii), § 1.1400Z2(d)-1(e)(2)(ii), or § 1.1400Z2(f)-1(d)(2)(ii), is disregarded solely for purposes of the consistency requirement under this paragraph (e)(2)(i)); or

* * * * *

■ **Par. 9.** Section 1.1400Z2(f)-1 is amended:

■ **a.** In paragraph (b)(2), by removing the language “up to” and adding in its place “not more than”;

■ **b.** By revising paragraph (c)(3)(iii);

■ **c.** In the first sentence of paragraph (c)(3)(v)(B), by adding a comma after “hog and pig farming” and removing the word “is” and adding in its place “comprise”; and

■ **d.** By revising paragraphs (d)(2) introductory text and (d)(2)(i).

The revisions read as follows:

§ 1.1400Z2(f)-1 Administrative rules—penalties, anti-abuse, etc.

* * * * *

(c) * * *

(3) * * *

(iii) *Example 3—(A) Facts.* Entity C is a QOF that meets the requirements of section 1400Z-2(d)(1). Entity C owns qualified opportunity zone stock in a domestic corporation described in section 1400Z-2(d)(2)(B) (Corporation C), which operates a qualified opportunity zone business. Entity C also owns Corporation D stock, which is not qualified opportunity zone stock, which stock is less than 10% of the assets of Entity C. Under section 1400Z-2(e)(2), these stock holdings cause Entity C to be related to both Corporation C and Corporation D. On date 1, under section 1400Z-2(e)(2), Individual S is not a related person with respect to Entity C,

Corporation C, or Corporation D. On that date, Individual S sells tangible property to Corporation C (Asset 1) for use in Corporation C's qualified opportunity zone business and sells a second asset to Corporation D (Asset 2). Both items sold were capital assets (as defined in section 1221), and had an adjusted basis of \$0. As a result, Individual S realizes gain of \$100 from the sale to Corporation C and \$75 from the sale to Corporation D. At the time of the sale Individual S has a plan or intent to invest \$175 in Entity C and to make deferral elections under section 1400Z-2(a)(1) with respect to the gain from the two sales. On date 2, for \$175 Individual S acquired an eligible interest in Entity C, an acquisition that causes Individual S to become a related person with respect to Entity C within the meaning of section 1400Z-2(e)(2). *Analysis.* Under paragraph (c)(1) of this section, Individual S's \$175 gain is not an eligible gain and cannot be the subject of a deferral election under section 1400Z-2(a)(1). The gain fails to satisfy § 1.1400Z2a-1(b)(11)(i)(C) because of Individual S's plan to acquire sufficient equity in Entity C to become related to Corporations C and D. Moreover, for the same reason, the tangible property that Corporation C purchased from Individual S fails to satisfy the requirement that a purchase of qualified opportunity zone business property must be from an unrelated person. *See* sections 1400Z-2(d)(2)(D)(i)(I) and 179(d)(2)(A).

(B) *Circular movement of consideration.* The facts are the same as in paragraph (c)(3)(iii)(A) of this section (this Example 3), except that Entity C contributes the \$100 and \$75 (received from Individual S) to Corporations C and D, respectively, as part of a plan that includes each transaction described in paragraph (c)(3)(iii)(A) (collectively, the transaction series). Under the step transaction doctrine and circular cash flow principles, this circular movement of consideration is disregarded for Federal income tax purposes, including for purposes of section 1400Z-2 and the section 1400Z-2 regulations. Therefore, the transaction series is treated for Federal income tax purposes as a contribution by Individual S of Assets 1 and 2 to Entity C in exchange for an eligible interest in Entity C, followed by a contribution by Entity C of Assets 1 and 2 to Corporations C and D, respectively. This result also would obtain if Individual S were not related to Entity C immediately following Individual S's acquisition of its eligible interest from Entity C. *See* Rev. Rul. 83-

142, 1983-2 C.B. 68; Rev. Rul. 78-397, 1978-2 C.B. 150.

(i) To apply the section 1400Z-2 regulations, if applied in a consistent manner for all such taxable years (reliance by a taxpayer on paragraph (d)(2)(ii) of this section, § 1.1400Z2(a)-1(g)(2)(ii), § 1.1400Z2(b)-1(j)(2)(ii), § 1.1400Z2(d)-1(e)(2)(ii), or § 1.1400Z2(d)-2(e)(2)(ii), is disregarded for purposes of the consistency requirement under this paragraph (d)(2)(i)); or
