Mailing address is Defense Science Board, 3140 Defense Pentagon, Washington, DC 20301-3140. Website: <http://www.acq.osd.mil/dsb/>. The most up-to-date changes to the meeting agenda can be found on the website.

SUPPLEMENTARY INFORMATION: Due to circumstances beyond the control of the DFO and the DoD, the DSB was unable to provide public notification required by 41 CFR 102-3.150(a) concerning its October 3, 2024 meeting. Accordingly, the Advisory Committee Management Officer for the DoD, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day notification requirement.

This meeting is being held under the provisions of chapter 10 of title 5, United States Code (U.S.C.) (commonly known as the “Federal Advisory Committee Act” or “FACA”); 5 U.S.C. 552b (commonly known as the “Government in the Sunshine Act”) and 41 CFR 102-3.140 and 102-3.150.

Purpose of the Meeting: The mission of the DSB is to provide independent advice and recommendations on matters relating to the DoD’s scientific and technical enterprise. The objective of the meeting is to obtain, review, and evaluate classified information related to the DSB’s mission. The DSB will meet with DoD Leadership to discuss classified current and future national security challenges and priorities within the DoD and deliberate and vote on findings and recommendations.

Agenda: The meeting will begin on Wednesday, October 3, 2024 at 8:00 a.m. Ms. Betsy Kowalski, DFO, and Dr. Eric Evans, Chair of the DSB, will provide classified opening remarks regarding ongoing studies. Following break, the DSB will deliberate and vote on the classified findings and recommendations of the Permanent Subcommittee on Strategic Options’ Commercial Provision of Navigation Signals for Operational Use study and the National Security Challenges for 2025 and Beyond product. Next, the DSB will deliberate and vote on the classified findings and recommendations of the 2024 Summer Study on Advanced Capabilities for Potential Future Conflict. Following break, the DSB will deliberate and vote on the classified findings and recommendations of the DSB Task Force on Emerging Biotechnologies and National Security. Next, General Eric Smith, Commandant of the Marine Corps, will provide a classified briefing

on his views of current Marine Corps strategy, challenges, and priorities. Finally, the DSB will deliberate and vote on the classified findings and recommendations of the DSB Task Force on 21st Century Industrial Base for National Defense. The meeting will adjourn at 5:00 p.m.

Meeting Accessibility: In accordance with 5 U.S.C. 1009(d) and 41 CFR 102-3.155, the DoD has determined that the DSB meeting will be closed to the public. Specifically, the Under Secretary of Defense for Research and Engineering, in consultation with the DoD Office of the General Counsel, has determined in writing that the meeting will be closed to the public because it will consider matters covered by 5 U.S.C. 552b(c)(1). The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB’s findings and recommendations to the Secretary of Defense and to the Under Secretary of Defense for Research and Engineering.

Written Statements: In accordance with 5 U.S.C. 1009(a)(3) and 41 CFR 102-3.105(j) and 102-3.140, interested persons may submit a written statement for consideration by the DSB at any time regarding its mission or in response to the stated agenda of a planned meeting. Individuals submitting a written statement must submit their statement to the DSB DFO at the email address provided in the **FOR FURTHER INFORMATION CONTACT** section at any point; however, if a written statement is not received at least three calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the DSB until a later date.

SUPPLEMENTARY INFORMATION:

Title: *Associated Form;* and *OMB Number:* Service Academy Gender Relations Survey; OMB Control Number 0704–0623.

Needs and Uses: The legal requirements for the Service Academy Gender Relations (SAGR) surveys can be found in the following:

- 10 United States Code (U.S.C.), Section 4361, as amended by John

Warner National Defense Authorization Act for Fiscal Year 2007, Section 532

- 10 U.S.C., Section 481
- DoD Instruction (DoDI) 6495.02

These legal requirements mandate that the SAGR solicit information relating to sexual assault, sexual harassment, and gender discrimination in the Military Service Academies (MSAs), as well as the climate at the MSAs and social perspectives. MSAs include the U.S. Military Service Academy (USMA), the U.S. Naval Academy (USNA), and U.S. Air Force Academy (USAFA). The requirements state that the assessment cycle consists of surveys and focus groups during alternate years. They also give the Department authority to conduct such surveys under the guidance of the USD(P&R). The U.S. Coast Guard Academy (USCGA), the only Federal Military Academy within the Department of Homeland Security, is not required to participate in the assessments codified by U.S.C. 10. However, USCGA officials requested the Coast Guard be included, beginning in 2008, to evaluate and improve their programs addressing sexual assault and sexual harassment. Similarly, the U.S. Merchant Marine Academy (USMMA), under the Department of Transportation, requested their inclusion beginning in 2012. USCGA and USMMA will continue to participate in the assessments. Surveys of USCGA and USMMA are not covered under this DoD licensure and will not be mentioned further.

The Office of People Analytics (OPA) administers both web-based and paper-and-pen surveys to support the personnel information needs of the USD(P&R). The SAGR survey expands a series of surveys that began in 2004 with the DoD Inspector General's first survey, subsequently transferred to OPA. OPA conducted the SAGR survey at the MSAs in 2005, 2006, 2008, 2010, 2012, 2014, 2016, 2018, 2022, and 2024. The 2020 administration of the survey was postponed due to the COVID–19 pandemic. The first focus group assessment was conducted in 2007, with subsequent focus groups in 2009, 2011, 2013, 2015, 2017, 2019, 2021, and 2023. Information from the SAGR surveys will be used by DoD policy offices, the Military Departments, the MSAs, and Congress for program evaluation and, specifically, to assess and improve policies, programs, practices, and training related to gender relations at the MSAs. OPA will provide reports to DoD policy offices, each Military

Department, the MSAs, the Joint Chiefs of Staff, and Congress.

Affected Public: Individuals or households.

Annual Burden Hours: 5,000.

Number of Respondents: 10,000.

Responses per Respondent: 1.

Annual Responses: 10,000.

Average Burden per Response: 30 minutes.

Frequency: Biennially.

The target population of the SAGR consists of all students at the MSAs: USMA, USNA, and USAFA, including the Preparatory Schools. Excluded are Service Academy Students who are (1) non-citizens and (2) are visiting from another MSA. Students under 18 years of age are also excluded. Working with the MSAs, we estimate the approximate numbers of cadets and midshipmen to be 14,200. The survey will be administered to all cadets/midshipmen (*i.e.*, a census). Based on the 2022 SAGR survey that had an 81% response rate, we estimate a 75% response rate. To achieve sufficient statistical analytical power, we will include a census of the population of interest in the study to achieve sufficient coverage.

Each Academy notifies students about the survey with an electronic message explaining the overall survey process and providing them instructions on how to select a session for administration of the survey. OPA staff is on location during the survey week to brief students and administer the survey in person using a paper survey. Sessions are typically scheduled from 0700 through 1500 and follow the Academy's class periods. Attendance is checked when a student arrives for their session (attendance is only for purposes of following up and not for identifying survey responses by individuals). Academy officials follow up with students who do not appear at their designation session and reschedule accordingly. OPA staff provides an overview briefing on the purpose for the survey. Students are advised they may leave at any time after the briefing if they choose not to complete the survey.

Data will be weighted, using an industry standard process, to reflect each Academy's population as of the time of the survey. Weighting produces survey estimates of population totals, proportions, and means (as well as other statistics) that are representative of their respective populations. OPA creates variance strata so precision measures can be associated with each estimate. We produce precision measures for reporting categories using 95% confidence intervals with the goal of achieving a precision of 5% or less (*e.g.*,

80% (+/- 5%) of cadets/midshipmen are satisfied with their training).

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2024-SCC-0085]

Federal Student Loan Program Deferment Request Forms; Correction

AGENCY: Department of Education (ED), Federal Student Aid (FSA).

ACTION: Correction notice.

SUMMARY: On September 23, 2024, a request for a 30-day public comment period was published in the **Federal Register**. The abstract incorrectly included language about forbearances when the collection request is about deferments. The corrected abstract should read: These forms serve as the means by which borrowers in the William D. Ford Federal Direct Loan (Direct Loan), Federal Family Education Loan (FFEL) and the Federal Perkins Loan (Perkins Loan) Programs may request deferment of repayment on their loans if they meet certain statutory and regulatory criteria. The U.S. Department of Education and other loan holders uses the information collected on these forms to determine whether a borrower meets the eligibility requirements for the specific deferment type being submitted. For greater simplicity and to make it easier to maintain consistency among the various deferment forms, the Department is consolidating all the current deferment forms into a single collection under OMB No. 1845-0011. This collection is merging the six currently approved deferment forms in 1845-0011 with the military deferment form currently approved under 1845-0080 and the cancer treatment deferment form currently approved under 1845-0154. The Department is requesting a revision of the currently approved deferment forms. The proposed changes include the following: Updating the forms by eliminating duplicative and obsolete information; reordering items to present information in a more logical order that is consistent between forms; using "plain language" to present information more clearly and consistently; revising language as necessary to reflect regulatory changes made by the Final Rule published on November 1, 2022. The PRA Coordinator, Strategic Collections and

Clearance, Office of the Chief Data Officer, Office of Planning, Evaluation and Policy Development, hereby issues a correction notice as required by the Paperwork Reduction Act of 1995.

Dated: September 25, 2024.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Office of the Chief Data Officer, Office of Planning, Evaluation and Policy Development.
