

warehouses, for consumption on or after the date of publication of the final determination in the **Federal Register**. For all other companies, we are directing the Customs Service to continue to suspend liquidation of all entries of subject merchandise from Germany that are entered, or withdrawn from warehouses, for consumption on or after December 28, 2001, the date of publication of the *Preliminary Determination* in the **Federal Register**. The Customs Service shall continue to require a cash deposit or posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown below. This suspension-of-liquidation instruction will remain in effect until further notice. The weighted-average dumping margins are as follows:

Exporter/manufacturer	Weighted-average percent margin
SWT	8.09
Salzgitter	35.75
All Others **	8.09

** Pursuant to section 735(c)(5)(A), we have excluded from the calculation of the all-others rate margins which are zero (or *de minimis*) or determined entirely on facts available. Because we determined Salzgitter's margin entirely on facts available, we used SWT's margin as the all-others rate.

ITC Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our determination. As our final determination is affirmative, the ITC will, within 45 days, determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. If the ITC determines that material injury, or threat of material injury, does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing Customs officials to assess antidumping duties on all imports of the subject merchandise entered for consumption on or after the effective date of the suspension of liquidation.

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply

with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

Dated: May 13, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.
